Southern Writers Appraisals In Our Time:

Southern Writers Rinaldo C. Simonini, 1969 **A Certain Slant of Light: Regionalism and the Form of Southern and Midwestern Fiction**, *Law and Letters in American Culture* Robert A. Ferguson, 1984 The role of religion in early American literature has been endlessly studied the role of the law has been virtually ignored Robert A Ferguson's book seeks to correct this imbalance With the Revolution Ferguson demonstrates the lawyer replaced the clergyman as the dominant intellectual force in the new nation Lawyers wrote the first important plays novels and poems as gentlemen of letters they controlled many of the journals and literary societies and their education in the law led to a controlling aesthetic that shaped both the civic and the imaginative literature of the early republic An awareness of this aesthetic enables us to see works as diverse as Jefferson's Notes on the State of Virginia and Irving's burlesque History of New York as unified texts products of the legal mind of the time The Declaration of Independence the Constitution and the great political orations were written by lawyers and so too were the literary works of Trumbull Tyler Brackenridge Charles Brockden Brown William Cullen Bryant Richard Henry Dana Jr and a dozen other important writers To recover the original meaning and context of these writings is to gain new understanding of a whole era of American culture The nexus of law and letters persisted for more than a half century Ferguson explores a range of factors that contributed to its gradual dissolution the yielding of neoclassicism to romanticism the changing role of the writer the shift in the lawyer's stance from generalist to specialist and from ideological spokesman to tactician of compromise the onslaught of Jacksonian democracy and the problems of a country torn by sectional strife At the same time he demonstrates continuities with the American Renaissance And in Abraham Lincoln he sees a memorable late flowering of the earlier tradition **How Celtic Culture Invented Southern Literature** Cantrell, James P., Examines Southern writers in a Celtic context This debut book of literary criticism challenges the common perception that the culture of white Southerners springs from English or Anglo Norman roots Mr Cantrell presents persuasive historical and literary evidence that it was the South's Celtic or Scots Irish settlers who had the biggest influence on Southern culture and that their vibrant spirit is still felt today It discusses the work of William Gilmore Simms Ellen Glasgow the Agrarians William Faulkner Margaret Mitchell Flannery O'Connor Pat Conroy and James Everett Kibler

Southern Women Novelists and the Civil War Sharon Talley, 2014-04-09 During and after the Civil War southern women played a critical role in shaping the South's evolving collective memory by penning journals and diaries historical accounts memoirs and literary interpretations of the war While a few of these writings most notably Mary Chesnut's diaries and Margaret Mitchell's novel *Gone with the Wind* have been studied in depth by numerous scholars until now there has been no comprehensive examination of Civil War novels by southern women In this welcome study Sharon Talley explores works by fifteen such writers illuminating the role that southern women played in fashioning cultural identity in the region Beginning with Augusta Jane Evans's *Macaria* and Sallie Rochester Ford's *Raids and Romance of Morgan and His Men* which

were published as the war still raged Talley offers a chronological consideration of the novels with informative introductions for each time period She examines Reconstruction works by Marion Harland Mary Ann Cruse and Rebecca Harding Davis novels of the Redeemed South and the turn of the century by Mary Noailles Murfree Ellen Glasgow and Mary Johnston and narratives by Evelyn Scott Margaret Mitchell and Caroline Gordon from the Modern period that spanned the two World Wars Analysis of Margaret Walker's *Jubilee* 1966 the first critically acclaimed Civil War novel by an African American woman of the South as well as other post World War II works by Kaye Gibbons Josephine Humphreys and Alice Randall offers a fitting conclusion to Talley's study by addressing the inaccuracies in the romantic myth of the Old South that *Gone with the Wind* most famously engraved on the nation's consciousness Informed by feminist poststructural and cultural studies theory Talley's close readings of these various novels ultimately refute the notion of a monolithic interpretation of the Civil War presenting instead unique and diverse approaches to balancing fact and fiction in the long period of artistic production concerning this singular traumatic event in American history Sharon Talley professor of English at Texas A M University Corpus Christi is the author of *Ambrose Bierce and the Dance of Death* and *Student Companion to Herman Melville* Her articles have appeared in *American Imago* *Journal of Men's Studies* and *Nineteenth Century Prose*

Unwelcome Voices Paul C. Jones, 2005 The literature of the antebellum South has often been described in literary histories as little more than glorified propaganda for the aristocratic slave owning class While this might pertain to the region's historical romances that feature a dashing resolute hero committed to upholding the dearly held institutions of slave holding society and that relegate women and African Americans to roles as meek supporters or loyal comic sideshows this view does not describe all of the South's literature from this period In *Unwelcome Voices* Subversive Fiction in the Antebellum South Paul C Jones argues that there was a subversive group of voices that dared challenge cherished southern traditions and raised questions about the issues facing the South in the years leading up to the Civil War including slavery democracy and women's rights Jones examines the work of five southern writers from that era James Heath Frederick Douglass Edgar Allan Poe John Pendleton Kennedy and E D E N Southworth Each author was subversive in different ways Heath featured a progressive hero who ignored the aristocratic assumptions of the South Douglass presented a rebellious slave hero and made the slave owning class his villains Poe used horror to highlight the South's hidden anxieties Kennedy challenged the romantic visions of the South by opposing them with realistic depictions of the region and Southworth employed abolitionist rhetoric to undermine traditionalist discourse Jones clearly shows that the fiction of these writers diverged sharply from the South's dominant literary formula *Unwelcome Voices* represents a major turning point in the study of the literature of the antebellum South It recognizes those authors who produced the counterweight to the writing meant to prop up the region's elite class and slaveholding way of life *Unwelcome Voices* will be a welcome and needed addition to the libraries of anyone interested in Southern history or the literature of the antebellum period

Elizabeth Spencer's Complicated Cartographies C. Seltzer, 2009-07-20 This book

subjects the works of Elizabeth Spencer critically acclaimed but canonically marginalized to a study that reveals their interaction with the southern canon as they question its boundaries and remap the long established landscapes of southern identity

Nationalism and the Color Line in George W. Cable, Mark Twain, and William Faulkner Barbara Ladd, 1997-01-01 Nationalism and the Color Line in George W Cable Mark Twain and William Faulkner is a strikingly original study of works by three postbellum novelists with strong ties to the Deep South and Mississippi Valley In it Barbara Ladd argues that writers like Cable Twain and Faulkner cannot be read exclusively within the context of a nationalistically defined American literature but must also be understood in light of the cultural legacy that French and Spanish colonialism bestowed on the Deep South and the Mississippi River Valley specifically with respect to the very different ways these colonialist cultures conceptualized race color and nationality Ladd probes the work of these writers for discontinuities for moments of narrative incoherence from which she charts the ideological winds that blew through the United States in the nineteenth and early twentieth centuries In Cable s *The Grandissimes* written at the beginning of the Redemption era the discontinuities are strategic whispers to the reader about the reality of racial division and violence that lay beneath the white reconciliation romance Twain s *Pudd nhead Wilson* and *Those Extraordinary Twins* also inscribes racial discord although with the added dimension of experimentation with form And in *Absalom Absalom* and *Light in August* narrative incoherence becomes central as Faulkner explores the impact of radical racism on the ways that whiteness was constructed in the early twentieth century Neither race nor nation Ladd shows is stable in the work of these writers but is always contested and shifting Ladd s book raises provocative questions about the relationships between race region and nationalism in literary study With its innovative approach and rich New Historicist method it is an important contribution to scholarship in several fields

The Absurd Hero in American Fiction David D. Galloway, 2014-06-30 When *The Absurd Hero in American Fiction* was first released in 1966 Granville Hicks praised it in a lead article for the *Saturday Review* as a sensitive and definitive study of a new trend in postwar American literature In the years that followed David Galloway s analysis of the writings of John Updike William Styron Saul Bellow and J D Salinger became a standard critical work an indispensable tool for readers concerned with contemporary American literature The *New York Times* described the book as a seminal study of the modern literary imagination David Galloway himself an established novelist later extensively revised *The Absurd Hero* to include

authoritative discussions of more than a dozen novels which had appeared since the first revised edition was released in 1970. Among them are John Updike's *Couples*, *Rabbit Redux* and *The Coup*; William Styron's *The Confessions of Nat Turner* and *Sophie's Choice*; and Saul Bellow's *Mr Sammler's Planet* and Humboldt's *Gift*. Through detailed analyses of these works Galloway demonstrates the continuing relevance of his own provocative concept of the absurd hero and provides important insights into the literary achievements of four of America's most influential postwar novelists.
