

SOUTHWEST VIRGINIA'S RAILROAD

*Modernization and the Sectional Crisis
in the Civil War Era*

KENNETH W. NOE

Southwest Virginias Railroad Modernization And The Sectional Crisis

William C. Davis,James I. Robertson

Southwest Virginias Railroad Modernization And The Sectional Crisis:

Southwest Virginia's Railroad Kenneth W. Noe, 2003-09-02 A close study of one region of Appalachia that experienced economic vitality and strong sectionalism before the Civil War This book examines the construction of the Virginia and Tennessee Railroad through southwest Virginia in the 1850s before the Civil War began The building and operation of the railroad reoriented the economy of the region toward staple crops and slave labor Thus during the secession crisis southwest Virginia broke with northwestern Virginia and embraced the Confederacy Ironically however it was the railroad that brought waves of Union raiders to the area during the war

The Civil War in Appalachia Kenneth W. Noe, 2004-02 During the Battle of Perryville fought in Kentucky in October 1862 participants experienced an unusual phenomenon known as an acoustic shadow this peculiar combination of wind and terrain muffled the sounds of the fighting in such a manner that nearby soldiers were unaware that the battle was even taking place As the editors of this pioneering collection of essays observe a figurative acoustic shadow has long fallen on the study of the Civil War in Appalachia Regional stereotypes cursory generalizations and a neglect of geographic context have too often replaced detailed analysis and innovative interpretation Recent historiography has begun to present a fuller view of the war as it unfolded in the mountain counties of Alabama Georgia Kentucky Maryland the Carolinas Tennessee Virginia and West Virginia The goals of this volume the editors state are to provide a useful introduction to the social history of Appalachia s Civil War illustrating both the strengths and weaknesses of current historiography to sum up where we have been and suggest where we need to go and to point out the need to integrate Appalachian scholarship with studies of the Civil War and vice versa Among the topics covered are the experiences of blacks in Appalachia the war as it affected women the breakdown of community changing gender roles disaffection and desertion guerrilla warfare perceptions of mountain life and the early stirrings of industrialization These essays demonstrate the rich variety of Appalachian sentiments and attitudes toward the war dismantling familiar myths such as the view of Appalachia as a unionist monolith Following the conflict from the secession crisis to the postwar period these essays taken together provide what the editors call the closest thing historians have to a comprehensive history of the Southern Mountains at war

Virginia at War, 1864 William C. Davis, James I. Robertson, 2009-09-25 The fourth collection of essays in this Civil War series serves to remind us that there is much for us to discover beyond Virginia s battlefields H Net Reviews The fourth book in the Virginia at War series casts a special light on vital home front matters in Virginia during 1864 Following a year in which only one major battle was fought on Virginia soil 1864 brought military campaigning to the Old Dominion For the first time during the Civil War the majority of Virginia s forces fought inside the state s borders Yet soldiers were a distinct minority among the Virginians affected by the war In Virginia at War 1864 scholars explore various aspects of the civilian experience in Virginia including transportation and communication wartime literature politics and the press higher education patriotic celebrations and early efforts at reconstruction in Union occupied Virginia The volume focuses on the effects of war

on the civilian infrastructure as well as efforts to maintain the Confederacy As in previous volumes Virginia at War 1864 concludes with an annotated excerpt from the Diary of a Southern Refugee During the War by Richmond s Judith Brockenbrough McGuire The most fully rounded account of Virginia s wartime experience Charles P Roland author of Reflections on Lee A Historian s Assessment This book covers some interesting areas of lesser known history of Virginia during the Civil War The Oklahoman Appalachians and Race John C. Inscoe,2001-12-01 African Americans have had a profound impact on the economy culture and social landscape of southern Appalachia but only after a surge of study in the last two decades have their contributions been recognized by white culture Appalachians and Race brings together 18 essays on the black experience in the mountain South in the nineteenth century These essays provide a broad and diverse sampling of the best work on race relations in this region The contributors consider a variety of topics black migration into and out of the region educational and religious missions directed at African Americans the musical influences of interracial contacts the political activism of blacks during reconstruction and beyond the racial attitudes of white highlanders and much more Drawing from the particulars of southern mountain experiences this collection brings together important studies of the dynamics of race not only within the region but throughout the South and the nation over the course of the turbulent nineteenth century *The Railroads of the Confederacy* Robert C. Black III,2018-08-25 Originally published by UNC Press in 1952 The Railroads of the Confederacy tells the story of the first use of railroads on a major scale in a major war Robert Black presents a complex and fascinating tale with the railroads of the American South playing the part of tragic hero in the Civil War at first vigorous though immature then overloaded driven unmercifully starved for iron and eventually worn out struggling on to inevitable destruction in the wake of Sherman s army carrying the Confederacy down with them With maps of all the Confederate railroads and contemporary photographs and facsimiles of such documents as railroad tickets timetables and soldiers passes the book will captivate railroad enthusiasts as well as readers interested in the Civil War

Middle Tennessee Society Transformed, 1860-1870 Stephen V. Ash,2006 Originally published in 1988 Middle Tennessee Society Transformed marks a significant advance in the social history of the American Civil War an approach exemplified and extended in Ash s later work and that of other leading Civil War scholars For the new edition Ash has written a preface that takes into account the advance of Civil War historiography since the book s original appearance This preface cites subsequent studies focusing not only on race and class but also on women and gender relations the significance of partisan politics in shaping the course of secession in Tennessee and other upper South states the economic forces at work the influence of republican ideology and the investigation of the degree to which slaves were active agents in their own emancipation **Slaves for Hire** John J. Zaborney,2012-10-12 In Slaves for Hire John J Zaborney overturns long standing beliefs about slave labor in the antebellum South Previously scholars viewed slave hiring as an aberration a modified form of slavery involving primarily urban male slaves that worked to the laborer s advantage and weakened slavery s institutional

integrity In the first in depth examination of slave hiring in Virginia Zaborney suggests that this endemic practice bolstered the institution of slavery in the decades leading up to the Civil War all but assuring Virginia s secession from the Union to protect slavery Moving beyond previous analyses Zaborney examines slave hiring in rural and agricultural settings along with the renting of women children and elderly slaves His research reveals that like non hired out slaves these other workers experiences varied in accordance with sex location occupation economic climate and crop prices as well as owners and renters convictions and financial circumstances Hired slaves in Virginia faced a full range of oppression from nearly full autonomy to harsh exploitation Whites of all economic occupational gender ethnic and age groups including slave owners and non slave owners rented slaves regularly Additionally male owners and hirers often transported slaves to those who worked them and acted as agents for white women who wished to hire out their slaves Ultimately widespread white mastery of hired slaves allowed owners with superfluous slaves to offer them for rent locally rather than selling them to the Lower South establishing the practice as an integral feature of Virginia slavery

Accidental Gamblers Sarthak Gaurav, Thiagu Ranganathan, 2023-08-24 Vidarbha a major cotton growing region in central India has been the epicentre of a protracted agrarian crisis Chronic indebtedness and farmers suicides continue unabated despite decades of state intervention Going beyond the contemporary discourse that finds fault in neoliberal policies and integration with global markets this fascinating book tells the story of how nineteenth century accidents particularly in the form of colonial policies and the American Civil War ushered in institutional transformations that shaped the region s cotton economy By drawing insights from their longitudinal study in villages of the region spanning 12 years Gaurav and Ranganathan present the gambles that farmers are part of The novelty of combining a long view of history and evidence based on primary field research results in a book that underscores the importance of investigating roots of agrarian crisis and paying attention to adjustments of farm households at a crucial juncture in India s economic transformation

Virginia at War, 1861 William C. Davis, James I. Robertson, 2005-11-11 The first volume in this comprehensive history of Virginia during the Civil War examines the early phases of secession struggle and conflict Several Southern states preceded Virginia in seceding from the Union but until Virginia joined them in April 1861 the Confederacy lacked cohesion Richmond was immediately named the capital of the fledgling nation By the end of spring Virginia had become the primary political and military theater of the Civil War The first in a series of five volumes examining Virginia s years as a Confederate state *Virginia at War 1861* vividly portrays the process of secession the early phases of conflict and the struggles of ordinary Virginians to weather the brutal storms of war Essays by eight noted Civil War scholars provide a comprehensive view of Virginians experiences during the first year of the War Between the States In addition to recounting the military events taking place in Virginia in 1861 this collection examines a civilian population braced for war but divided on crucial questions an economy pressed to cope with the demands of combat and a culture that strained to reconcile its proud heritage with its uncertain future In exacting detail *Virginia at War 1861*

examines the earliest challenges of the Civil War the changes war wrought and the ways in which Virginians withstood and adapted to this profound irrevocable upheaval **Old Dominion, New Commonwealth** Ronald L. Heinemann, John G. Kolp, Anthony S. Parent Jr., William G. Shade, 2008-05-02 On the morning of 26 April 1607 three small ships carrying 143 Englishmen arrived off the Virginia coast of North America having spent four months at sea All hoped for financial success and perhaps a little adventure as it turned out their tiny settlement eventually would evolve from colony into a prominent state in an entirely new nation So begins Old Dominion New Commonwealth A History of Virginia 1607 2007 and the remarkable story behind the founding not only of the state of Virginia but of our nation With this book the historians Ronald L. Heinemann John G. Kolp Anthony S. Parent Jr. and William G. Shade collaborate to provide a comprehensive accessible one volume history of Virginia the first of its kind since the 1970s In seventeen narrative chapters the authors tackle the four centuries of Virginia's history from Jamestown through the present emphasizing the major themes that play throughout Virginia history change and continuity a conservative political order race and slavery economic development and social divisions and how they relate to national events Including helpful bibliographical listings at the end of each chapter as well as a general listing of useful sources and Websites the book is truly a treasure trove for any student scholar or general interest reader looking to find out more about the history of Virginia and our nation Timed to coincide with the 2007 quadricentennial Old Dominion New Commonwealth will stand as a classic for years to come

Southwest Virginias Railroad Modernization And The Sectional Crisis Book Review: Unveiling the Power of Words
