Business Policy and Strategic Management Elisha Stephens & Brice Martin, 2019-08-28 The knowledge of business policy and techniques of strategic management is the need of the hour to prospective business managers. The present competitive environment has brought several drastic changes in policy making and strategic management. Hence there is necessity of theoretical understanding about the business policy as well as strategic management. Businesses need to implement sound strategies to succeed. Those strategies form part of an overall management and business policy that guides the business in connecting with customers generating profits and managing resources. The related concepts of strategic management and business policy are keys to help small business owners manage their responsibilities and set clear objectives. Sometimes a combination of motives drives the management's strategy. In any case strategic
