Smart,2006-05-11 Published annually since 1985 the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic The Handbook focuses on twelve general areas that encompass the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world *The SAGE Handbook for Research in Education* Clifton F. Conrad,Ronald C. Serlin,2011-06-10 This handbook provides an up to date advanced analysis of all relevant issues involved in educational research The expert contributors represent diverse fields within and outside education as well as quantitative qualitative and mixed method approaches to research Hispanic-Serving Institutions Anne-Marie Nunez,Sylvia Hurtado,Emily Calderón Galdeano,2015-02-11 Despite the increasing numbers of Hispanic Serving Institutions HSIs and their importance in serving students who have historically been underserved in higher education limited research has addressed the meaning of the growth of these institutions and its implications for higher education Hispanic Serving Institutions fills a critical gap in understanding the organizational behavior of institutions that serve large numbers of low income first generation and Latina o students Leading scholars on HSIs contribute chapters to this volume exploring a wide array of topics data sources conceptual frameworks and methodologies to examine HSIs institutional environments and organizational behavior This cutting edge volume explores how institutions can better serve their students and illustrates HSIs changing organizational dynamics potentials and contributions to American higher education Retaining African Americans in Higher Education Lee Jones,2023-07-21 Retention of African Americans on campus is a burning issue for the black community and a moral and financial one for predominantly white institutions of higher education This book offers fresh insights and new strategies developed by fifteen scholars concerned by the new climate in which affirmative action is being challenged and eliminated This is the first book devoted specifically to retention of African Americans in higher education and is unique in addressing the distinct but inter related concerns of all three affected constituencies students faculty and administrators Each is considered in a separate section The student section shifts attention from to paraphrase McNairy fixing the student to focussing on higher education s need to examine and where appropriate revise policies curriculum support services and campus climate Responding to the new agenda shaped by the opponents of affirmative action but rejecting the defensive x percent solutions espoused by its proponents this book puts forward new solutions that

will provoke debate Section II begins with a survey of the literature on African American administrators and presents a Delphi study of twelve administrators to provide an understanding of pathways and barriers to success The contributors then consider the importance of developing community support and creating alliances the role of mentoring and the setting of clear expectations between the individual and the institution Starting with the recognition that African Americans represent less than five percent of full time faculty the chapters in the final section examine the effects of the dismantling of affirmative action the consequences of faculty salaries trailing more lucrative non academic employment the declining enrollment of students of color the politics of promotion and tenure and issues of identity and culture The book concludes by stressing the roles that parents faculty and administrators must play to empower African American students to take responsibility for their own academic performance This is a compelling controversial and constructive contribution to an issue of national importance

Higher Education in the United States James J. F. Forest, Kevin Kinser, 2002-06-21 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing remedial education to growing numbers of students who are unprepared for postsecondary education *Higher Education in the United States* provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis

Recognizing and Serving Low-Income Students in Higher Education Adrianna Kezar, 2010-09-13 This contributed volume uncovers the biases that prevent post secondary institutions from serving low income students and offers guidance for adopting policies and practices to help these students thrive

The Role of Leaders and Actors in Academy-Business Partnerships: Issues of Risk, Trust, Power, Ethics, and Cooperation Clevenger, Morgan R., Kretovics, Mark, Watts, Jessica Shepard, 2024-09-17 In academic business partnerships many challenges plague both sides of the equation From navigating complex power dynamics to ensuring ethical conduct managing risk and fostering trust these collaborations often seem to walk a tightrope without a safety net The critical actors involved such as university leaders corporate executives and government policymakers often struggle to strike the delicate balance required for success It is a world where mishaps are as common as best practices and the potential for growth and innovation remains untapped due to these hurdles *The Role of Leaders and Actors in Academy*

Business Partnerships Issues of Risk Trust Power Ethics and Cooperation emerge as the guiding light in this labyrinthine journey This book does not just highlight the issues it presents concrete solutions By offering a comprehensive exploration of the roles and responsibilities of key players from university presidents to corporate executives it equips readers with the knowledge and tools needed to navigate the intricate dynamics of these partnerships successfully With real world examples of best practices and the cautionary tales of the dark side of leadership this book empowers academic scholars and corporate leaders alike to make informed decisions and forge collaborations that truly benefit both sides
