Strategic Management: A Competitive Advantage Approach, Concepts and Cases Dr. Rakesh D, Dr. Iyanda Ismail A., Ms. Sudha Ravishankar, Dr. Mahesh Singh, 2022-11-02 Strategic management is the management of an organization's resources to achieve its goals and objectives Strategic management involves setting objectives analysing the competitive environment analysing the internal organization evaluating strategies and ensuring that management rolls out the strategies across the organization This book helps in Key Takeaways Companies universities non profits and other organizations can use strategic management as a way to make goals and meet objectives Flexible companies may find it easier to make changes to their structure and plans while inflexible companies may chafe at a changing environment A strategic manager may oversee strategic management plans and devise ways for organizations to meet their benchmark goals Strategic management is divided into several schools of thought A prescriptive approach to strategic management outlines how strategies should be developed while a descriptive approach focuses on how strategies should be put into practice These schools differ on whether strategies are developed through an analytic process in which all threats and opportunities are accounted for or are more like general guiding principles to be applied Business culture the skills and competencies of employees and organizational structure all important factors that influence how an organization can achieve its stated objectives Inflexible companies may find it difficult to succeed in a changing business environment Creating a barrier between the development of strategies and their implementation can make it difficult for managers to determine whether objectives have been efficiently met While an organization's upper management is ultimately responsible for its strategy the strategies are often sparked by actions and ideas from lower level managers and employees An organization may have several employees devoted to strategy rather than relying solely on the Chief Executive Officer CEO for guidance This book even help the companies to find ways to be more competitive is the purpose of strategic management To that end putting strategic management plans into practice is the most important aspect of the planning itself Plans in practice involve identifying benchmarks realigning resources financial and human and putting leadership resources in place to oversee the creation sale and deployment of products and services In business strategic management is important because it allows a company to analyze areas for operational improvement In many cases they can follow either an analytical process which identifies potential threats and opportunities or simply follow general guidelines Given the structure of the organization a company may choose to follow either a prescriptive or descriptive approach to strategic management Under a prescriptive model strategies are outlined for development and execution By contrast a descriptive approach describes how a

company can develop these strategies *Strategic Management (Text and Cases)* Gupta C.B., Gives chapter outline to indicate the topics covered in each chapter Provides diagrams and tables to illustrate the text Includes examples from Indian organisations Incorporates chapter end summary for quick recapitulation Gives test questions culled from MBA M Com and BBA examinations Includes case studies at the end of every chapter This textbook is designed for the students of MBA and M Com Besides it will also be useful to the students of MHROD MIB and MBE Students of postgraduate diploma in global business operations chartered accountancy and BBA will also find this book useful Global Marketing Management Gustavo Morales,2018-07-02 Global Marketing is invaluable text for M Com and MBA students studying international or global marketing Today many companies have trouble deciding whether using a truly global marketing strategy is right for them There is a slight trend back toward localization due to new efficiencies of customization made possible by technology the Internet and new manufacturing processes e Mass Customization e has now taken the place of e Mass Production e In today s world the customer does not always respond to a e one size fits all approach Global marketing is also a field of study in general business management to provide valuable products solutions and services to customers locally nationally internationally and worldwide Global Marketing Management equips students with knowledge and skills to enable them to make key management decisions and understand how organisations may be navigated through the increasingly dynamic and challenging global trading environment Global marketing management is of great importance to a company that is looking to offer its product in an international market This book will give a high level overview of the planning and organization marketing leaders must address when considering a new country to sell its product in **Strategic Management** A. Naga, In today s world change is the only constant factor In the last few decades there has been a radical change in how organizations function To survive in this highly volatile environment companies need a long term strategic vision and thinking In light of this strategic management has become a significant topic and is taught as the core subject in MBA PGDM programmes in Indian universities and business schools This is a book written in the context of the Indian business environment but with a global orientation It is comprehensive and contemporary in its approach Strategic Management: Competitiveness and Globalisation Dallas Hanson,Michael A. Hitt,R. Duane Ireland,Robert E. Hoskisson,2016-09-29 With an emphasis on global advantage the text offers a comprehensive examination of regional and international issues to provide a complete accurate and up to date explanation of the strategic management process New coverage on environmental concerns and emerging technologies as well as examples and cases from Australia New Zealand and Asia Pacific serve to engage students while updated international content demonstrates how strategic management is used in the global economy The text takes a resource based approach which requires the examining of a firm s unique bundling of its internal resources This text is appropriate for upper level undergrad usually third year post grad in Masters courses *Global Compensation* Luis Gomez-Mejia,Steve Werner,2008-08-06 Part of Routledge s Global HRM series this unique new text gives an in depth

and detailed analysis of the key themes and emerging topics faced by global enterprises when dealing with compensation issues today
