Strategic Survey International Institute for Strategic Studies, 1979 **Strategic Survey**, 1991 **Strategic Survey, 1990-91** Intl Institute for Strategic Studies, Iiss, 1991-01-01 The Iraqi Aggression Against Kuwait Wolfgang F. Danspeckgruber, Charles Tripp, 2019-07-11 The war for the liberation of Kuwait following the Iraqi invasion in 1990 rekindled the international community's geopolitical interest in the Gulf and helped define a new regional order This book analyzes the political strategic and economic dimensions of the second Gulf War with particular focus on military aspects An international roster of experts treats issues of strategy weapons technology arms transfers and the impact on the Arab state system Of special interest is the exploration of the implications of the war for Japan Germany Russia and Europe *Rogue States and Nuclear Outlaws* Michael Klare, 2025-09-23 In this incisive examination of our national security policy Michael Klare suggests that the Pentagon in effect established a new class of enemies when the Cold War came to an unpredictable and hostile states in Asia Africa and Latin America Klare argues that the containment of these rising Third World powers Iraq Iran Libya and North Korea especially became the centerpiece of American military policy and the justification for near Cold War levels of military spending **The Military and the State in Central Asia** Erica Marat, 2009-10-16 The military played a pivotal role in the political development state functions foreign policy and the daily lives of the people in the Central Asian states from the early twentieth century until the present This book is the first major in depth study of the military institutions in Central Asian states It examines their hidden story the different stages of their development from the early twentieth century until the present and the influence they had on the state and society It effectively combines history sociology of the military and political science and provides deeper insights into how recently formed states function By concentrating extensively on the military this book is an important and a timely contribution to a wide range of disciplines including Central Asian studies and post colonial state and nation building studies **Allies Divided** Robert D. Blackwill, Michael Stürmer, 1997 Many Transatlantic security concerns in the coming decades will originate not in Europe but in the Greater Middle East which encompasses the area from the Maghreb to the Caspian basin This volume juxtaposes essays from U S and European scholars on selected areas and issues the Arab Israeli peace process the Persian Gulf Turkey and the Caspian Basin the proliferation of weapons of mass destruction and military force projection Each author considers American and European strategies toward a particular issue and makes suggestions for future policy collaboration between the countries on both sides of the Atlantic The Role of European Naval Forces after the Cold War Gert de Nooy, 2024-01-15 The purpose of this book is to describe and analyse the instrumental role European naval forces might play in developing and sustaining a future foreign and security policy for the community of European states First Europe's rapidly changing security environment is analysed with a keen eye for the possible development of a European grand strategy foreign and security policy for the near and longer term future Derived from this analysis the present context and possible future directions are established for a

common European maritime strategy Next the theoretical challenges and the practical solutions are discussed vis vis the primary tasks and capabilities of European naval forces the execution of naval operations including the provision of seapower in defence of strategic European interests Then the issue of good governance at sea is addressed The requirement for naval involvement in policing the seas and a concept for a European approach to good governance at sea are discussed In conclusion the relevance of the United Nations Convention on the Law of the Sea UNCLOS is scrutinized Special attention is paid to the potential for a joint European UNCLOS initiative and its associated instruments The individual chapters are contributed by leading experts in the field of international and maritime security affairs This book will be of interest to European policy makers naval planners officers under training in naval and defence academies and maritime institutes and students in international relations and maritime law

Understanding the Volatile and Dangerous Middle East Steven Carol, 2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you re a student educator bureaucrat or politician you ll find insights based on facts in *Understanding the Volatile and Dangerous Middle East*

Human Security and Non-Citizens Alice Edwards, Carla Ferstman, 2010-01-14 The past decades have seen enormous changes in our perceptions of security the causes of insecurity and the measures adopted to address them Threats of terrorism and the impacts of globalisation and mass migration have shaped our identities politics and world views This volume of essays analyses these shifts in thinking and in particular critically engages with the concept of human security from legal international relations and human rights perspectives Contributors consider the special circumstances of non citizens such as refugees migrants and displaced and stateless persons and assess whether conceptually and practically human security helps to address the multiple challenges they face

The Quest for Relevant Air Power Christian F. Anrig, 2011 With a foreword by Air Vice Marshal Tony Mason Cover *The Psychology of Strategic Terrorism* Ben Sheppard, 2009 This new volume explores terrorism and strategic terror examining how the public responds to terrorist attacks and what authorities can do in such situations The book uses a unique interdisciplinary approach which combines the behavioural sciences and international relations in order to further the understanding of the terror generated by strategic terror The work examines five contemporary case studies of the psychological and behavioural effects of

strategic terror from either terrorist attacks or aerial bombardment It also looks at how risk communication and public health strategies can amplify or reduce psychological and behavioural responses and considers whether behavioural effects translate into political effects and what governments can do to relieve this Ultimately the study argues that the public is not prone to panic but can change their behaviours to reduce their perceived risk of being exposed to a terrorist attack This book will be of much interest to students of terrorism studies homeland security social psychology and politics in general

Turkey's New Geopolitics Graham Fuller,2019-03-22 With the astonishing transformations in the geopolitics of the world since the collapse of the Soviet Union Turkey has been profoundly affected by the changes on its periphery For the first time since the beginning of the century a Turkic world has blossomed giving Turkey potential new foreign policy clout from the Balkans across the Caucasus a *Strategic Perspectives for Southern Africa in the 1990s* Xavier Carim,1993

Peacemaking, Peacekeeping and Coalition Warfare Fariborz L. Mokhtari,1994 *Gunboat Diplomacy 1919-1991* James Cable,2016-07-27 James Cable s book has deservedly remained the classic work Geoffrey Till *International Relations* a classic work in the modern literature on naval power This third edition is to be welcomed not only because it increases the book s availability but because Cable s revisions highlight the increased relevance of the topic Michael Pugh *Journal of Strategic Studies* When *Gunboat Diplomacy* was first published in 1971 it broke new ground with its study of how in peacetime and in the twentieth century governments used their naval forces in international disputes Now fully revised and brought up to date after the collapse of the Soviet empire and the end of the cold war this third edition of a book that was already a modern classic has a foreword by Admiral of the Fleet Sir Julian Oswald **The Diplomatic Record 1991-1992** Hans

Binnendijk,Mary Locke,Alan Wm Wolff,Flora Lewis,2019-07-11 This volume reveals to readers the impact of recent events on diplomacy a year or so into the post Cold War world describing disintegration in the East integration in the West new relations with old allies changes in the Third World and multilateral diplomacy *Perspectives on Structural Realism* A.

Hanami,2003-11-28 Realism remains a predominant and most debated theoretical approach in International Relations research Whether considered a scientific and accurate reflection of world politics or as reactionary and a distortion of realities and possibilities both realism and its structural variant continue to be a source of fruitful research whether within the program or in its rejection The Realism approach itself is not uniform whether in relation to its implications or methodologies Here leading scholars provide important perspectives on the insights and directions of Realist research in some of its most interesting variants From rational choice to case studies from theory to practice the contributors explore both classic tenets of Realism as the balance of power and such apparent inconsistencies as foolish policies **Conflict and**

Change in Cuba Enrique A. Baloyra,James A. Morris,1993 The thirteen original essays in this volume explore the dynamics of continuity conflict and change in Cuba Analyzed here are the historical trends and patterns of conflict in Cuba compared to contradictions that inevitably arise in any political system *Israel's Armed Forces in Comparative Perspective* Stuart A.

Cohen,2010-01-21 This edited book constitutes the first detailed attempt at a comparative international analysis of the transformations that are currently affecting the composition of the Israel Defense Forces IDF and their place in Israeli society Focusing primarily on deviations from the traditional norm of universal military service the book compares the emergence of a new type of citizen army in Israel with the formats that have in recent decades become evident in other western democracies In addition these essays correct the conventional tendency to concentrate almost exclusively on the influences stimulating military institutional change in the West and thereby to overlook the equally important factors that retard its momentum By contrast this volume deliberately highlights the brakes as well as the accelerators in current processes thereby presenting a far more faithful picture of their complexity This book will be of much interest to students of Israeli politics military studies Middle Eastern politics security studies and IR in general Stuart Cohen is a senior research associate of the BESA Begin Sadat Center for Strategic Studies and also teaches political studies at Bar Ilan University Israel His most recent book is Israel and its Army From Cohesion to Confusion Routledge 2008
