Fisher, Steven P. Lab, 2010-02-02 Victimology and crime prevention are growing interrelated areas cutting across several disciplines Victimology examines victims of all sorts of criminal activity from domestic abuse to street violence to victims in the workplace who lose jobs and pensions due to malfeasance by corporate executives Crime prevention is an important companion to victimology because it offers insight and techniques to prevent situations that lead to crime and attempts to offer ideas and means for mitigating or minimizing the potential for victimization In many ways the two fields have developed along parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and more The Encyclopedia of Victimology and Crime Prevention provides a comprehensive reference work bringing together such dispersed knowledge as it outlines and discusses the status of victims within the criminal justice system and topics of deterring and preventing victimization in the first place and responding to victims needs Two volumes containing approximately 375 signed entries provide users with the most authoritative and comprehensive reference resource available on victimology and crime prevention both in terms of breadth and depth of coverage In addition to standard entries leading scholars in the field have contributed Anchor Essays that in broad strokes provide starting points for investigating the more salient victimology and crime prevention topics A representative sampling of general topic areas covered includes interpersonal and domestic violence child maltreatment and elder abuse street violence hate crimes and terrorism treatment of victims by the media courts police and politicians community response to crime victims physical design for crime prevention victims of nonviolent crimes deterrence and prevention helping and counseling crime victims international and comparative perspectives and more      *Community Policing* Victor E. Kappeler, Larry K. Gaines, 2009 This text is about community policing revolutionary movement a philosophy and an organizational strategy that expands the traditional police mandate It broadens the focus of fighting crime to include solving community problems urging police to form a partnership with the people in the community so average citizens can contribute to the police process in exchange for their support and participation Profiles feature community policing programs in various cities and problem solving case studies cover topics such as drugs gangs homelessness mental illness and robbery      *Social Media Strategy in Policing* Babak Akhgar, Petra Saskia Bayerl, George Leventakis, 2019-10-11 This book addresses conceptual and practical issues pertinent to the creation and realization of social media strategies within law enforcement agencies The book provides readers with practical methods frameworks and structures for understanding social media discourses within the operational remit of police forces and first responders in communities and areas of concern This title bridging the gap in social media

and policing literature explores and explains the role social media can play as a communication investigation and direct engagement tool It is authored by a rich mix of global contributors from across the landscape of academia policing and experts in government policy and private industry Presents an applied look into social media strategies within law enforcement Explores the latest developments in social media as it relates to community policing and cultural intelligence Includes contributions and case studies from global leaders in academia industry and government     *The Collaboration Toolkit for Law Enforcement* Michael S. McCampbell, 2011-11-03 Law enforcement alone cannot implement and advance community policing Community leaders researchers and police officials recognize the need for a strong well articulated role for community members in community policing efforts They know that the police cannot substantially impact crime by themselves so they advocate for the community to act as a full partner in preventing and responding to problems Community involvement and collaboration is an integral part of any long term problem solving strategy At the most basic level the community provides law enforcement agencies with invaluable information on both the problems that concern them and the nature of those problems The Collaboration Toolkit for Law Enforcement Effective Strategies to Partner with the Community is designed to help law enforcement initiate partnerships within their communities to collaborate on solving crime problems at the neighborhood level The goal of this toolkit is to help law enforcement agencies accomplish the following objectives strengthen partnerships between them and the community enhance the community s role as a partner in crime reduction efforts identify and address social issues that diminish the quality of life and threaten public safety in communities and link those in need to services and resources that currently exist in the community
