Ministering to Today's Adults Kenneth O. Gangel,2006-02-01 Adult ministry poses a unique challenge to churches today a challenge that many of us fail to meet adequately The tragic result is an exodus of the best and brightest from our pews not because these people have changed their theology or abandoned God They just don't find much at church that seems immediately relevant or compelling For nearly fifty years Kenneth O Gangel has been teaching church leaders how to do adult ministry right In this volume he has distilled his insights into an easy to grasp and apply analysis of what it takes to capture the attention and guarantee the participation of adults in your church including Specific advice based on ages genders and circumstances peculiar to certain ministries Proven cutting edge curriculum models that can revitalize your church's adult instruction Contemporary solutions to the most common problems we encounter in ministering to today's adults Whether they know it or not even those who are lagging in church attendance and distancing themselves from other believers still need the time proven heaven given blessings only the church can offer them As you read this book Gangel will give you fresh ideas about how to draw these drifters back into the fold The

Creative Bible Teaching Lawrence O. Richards, Gary J. Bredfeldt, 1998-03-01 Are you a bridge builder Communicating the Scriptures is much like building a bridge However instead of ravines or rivers the teacher must span both cultural boundaries and great gulfs of time between the present and the past of Moses David Jesus and Paul This bridge must reach even further The student must be able to cross both into the past and into his own future God s Word is living and active sharper than any double edged sword Hebrews 4 12 It is contemporary relevant But it is the teacher who has the task of helping the student to see its vast treasures This is no easy task but it can be done through creative Bible teaching Together Richards and Bredfeldt have written a book on bridge building that reveals the following five step process by which Christian educators can construct a bridge across time geography and culture Step I Studying the Bible Develop an understanding of the nature role study and interpretation of the Bible Get the help you need in preparing biblically accurate lesson plans Step II Focusing the Message Learn how to teach for student learning Be guided in the process of translating learning theory into lesson preparation Step III Structuring the Lesson Develop a lesson plan using the HOOK BOOK LOOK TOOK structure Step IV Teaching the Class Learn about the five key principles of teacher effectiveness Discover how these principles can lead to a more dynamic and satisfying teaching experience within various age groups Step V Evaluating the Results Evaluate your own effectiveness by assessing the outcome of your teaching

The variety and complexity of its traditions make African American religion one of the most difficult topics in religious studies to teach to undergraduates. The sheer scope of the material to be covered is daunting to instructors many of whom are not experts in African American religious traditions but are called upon to include material on African American religion in courses on American Religious History or the History of Christianity. Also the unfamiliarity of the subject matter to the vast majority of students makes it difficult to achieve any depth in the brief time allotted in the survey courses where it is usually first encountered. The essays in this volume will supply functional innovative ways to teach African American religious traditions in a variety of settings Library of Congress Subject Headings Library of Congress.
