Promoting Inclusion in Education Abroad Nick J. Gozik, Heather Barclay Hamir, 2023-07-03 Co published with While education abroad including studying volunteering researching and interning abroad is increasingly emphasized as a critical factor in preparing undergraduates for a globally interconnected world diversifying the pool of participants in such activities has proven challenging Framed within the concept of inclusive excellence with the objective of promoting diversity inclusion and equity in higher education as foundational to educational excellence the contributors present research and practices that have been proven successful in improving participation among groups of students traditionally underrepresented in education abroad Broader participation in education abroad programming has been a perennial concern at numerous higher education institutions in the U S having prompted countless discussions in professional organizations and across campuses among faculty staff and students Many have come to

recognize that overseas opportunities are no longer a luxury and instead are a necessity for job seekers entering a more diverse globally interconnected workplace The volume offers a combination of research based chapters and case studies from leading experts on the barriers that disproportionately impact specific groups of students including students with disabilities first generation college students undocumented students racial and ethnic minorities science technology engineering and mathematics STEM majors and males The authors illuminate the issues which may inhibit education abroad participation from individual to institutional and present strategies reflecting a broad range of institutional contexts resources and needs While there has been significant discussion and action to promote broader inclusion in education abroad this is the first volume focusing on research and practice to achieve these ends and is intended as a critical resource for practitioners and scholars alike

Psychology for Inclusive Education Peter Hick, Ruth Kershner, Peter Farrell, 2009 What can psychology offer inclusive education Traditionally special education has looked to psychology for many of its theoretical resources and practical strategies While those seeking to promote more inclusive education have tended to see psychology and psychologists as part of the problem by providing a rationale for segregation However in practice many psychologists today are developing inclusive ways of working and are paying attention to psychological theories that underpin inclusive education Psychology for Inclusive Education reframes the contribution of psychology in terms of its relevance to inclusion and will show how psychological theories of learning and human development are compatible with inclusive education Part 1 explores psychological theories relevant to understanding inclusive education and Part 2 looks at how psychology can contribute to promoting more inclusive education in practice Chapters cover how psychologists can collaborate with teachers for inclusive solutions Vygotsky's theories of learning and their significance for inclusion the challenge of developing pedagogies for inclusion sociocultural understandings of learning in inclusive classrooms the role of emotion in learning and inclusion cooperative learning and inclusion the challenges and tensions of inclusion and high standards for schools the practice of dynamic assessment as an inclusive alternative to IQ social justice and inclusive psychology Bringing together a highly distinguished list of international contributors from the UK USA and South Africa and including practising educational psychologists this book will link theory to practice in schools and classrooms International in focus and at the very cutting edge of the field this is essential reading for all those interested in the development of inclusive education
