Assessment and Decision Making for Sustainable Transport European Conference of Ministers of Transport,2004-03-10 This report makes recommendations for good practice bringing the results of economic appraisals and environmental assessments before decision makers in the transport sector on the basis of reviews of recent experience in infrastructure planning and policy development in seven countries Appraisal and Valuation Pierluigi Morano,Alessandra Oppio,Paolo Rosato,Leopoldo Sdino,Francesco Tajani,2020-08-10 This book features a selection of the best papers presented at two recent conferences organized by the SIEV Italian Society of Appraisal and Valuation Taking into account the current need for evaluative skills in order to make effective and sustainable investments it highlights the multidisciplinary role of valuation which opens the door for interactions with other sectors scientific and professional fields The book collects twenty two papers divided into three parts Territory selecting which decision support models to apply in complex contexts enhancement of public and private assets evaluating the effects produced by territorial investments valuation approaches to properties risk assessment and strategies for monitoring energy consumption and soil sealing OECD Multi-level Governance Studies Making the Most of Public Investment in the Eastern Slovak Republic OECD,2016-04-01 The Slovak Republic has undergone significant change in the past decade While growth has been impressive compared to OECD countries overall but benefits have not accrued equally across the country This study provides recommendations to make the most of public investment in the Slovak Republic **Managing Teacher Appraisal and Performance** Carol Cardno,David Middlewood,2002-11-01 The biggest single issue currently facing school managers is how they should appraise their staff and what the implications of the process are This edited collection brings together the latest thinking on the subject from both the UK and overseas and places it directly in the context of school management Issues discussed include the role of appraisal in school leadership and the role of appraisal in developing teachers The importance of this combined with the lack of published material on the subject make this book an essential purchase for all headteachers heads of department INSET co ordinators and postgraduate educational management students **OECD Multi-level Governance Studies Investing Together Working Effectively across Levels of Government** OECD,2013-12-05 Almost two thirds of public investment is undertaken by sub national governments and major projects often involve multiple government levels This report dissects the relationships different government actors form vertically across levels and horizontally across both sectors and jurisdictions Urban Renaissance Berlin: Towards an Integrated Strategy for Social Cohesion and Economic Development OECD,2003-06-06 This study of Berlin after German unification examines and makes proposals for distressed areas where there is a need for targeted regeneration measures **Shaping Regional Futures** Valeria Lingua,Verena Balz,2019-10-22 This book discusses the role of regional design and visioning in the formation of regional territorial governance to offer a better understanding of 1 how a recognition of spatial dynamics and the visualization of spatial futures informs and is

informed by planning frameworks and 2 how such design processes inform co operation and collaboration on planning in metropolitan regions It gathers theoretical reflections on these topics and illustrates them by means of practical experiences in several European countries Innovatively associating ideas with knowledge it appeals to anyone with an interest in planning experiments in a post regulative era It aims at an increased understanding of how practices engaged with the imagination of possible futures support the creation of institutional capacity for strategic spatial planning at regional scales **Climate Change and Political Strategy** Hugh Compston,2013-09-13 Although the science of climate change is well established and there are well known policy instruments that could significantly reduce greenhouse gas GHG emissions without prohibitive economic costs political obstacles to more determined action remain despite heightened concern among mainstream politicians and the public This book analyses the political dynamics of climate policy in affluent democracies from a number of different theoretical angles in order to improve our understanding of which political strategies would be likely to enable national governments to make deep cuts in GHG emissions while avoiding significant political damage The authors argue that different conceptual and logical theories highlight different features of political situations Describing the politics of climate policy in this way will result in different conceptual logical views of this phenomenon And to some extent the inferences drawn from such differing views about the nature of political obstacles to more vigorous action on climate change and the best ways of overcoming them will also be different Singly and together these analyses reveal a more detailed nuanced view of the political options open to activist governments This book was previously published as a special issue of Environmental Politics **Sustainability Appraisal** Barry Dalal-Clayton,Barry Sadler,2014-03-26 Sustainability Appraisal is a sourcebook of the state of the art of this rapidly emerging and diversifying area It draws on a wealth of international experiences and approaches to illustrate the status and scope of Sustainability Appraisal Assessment SA This comprehensive guide highlights how SA can be used to analyse and integrate the key environmental social and economic pillars of sustainability into decision making at all levels from policy to project to investment by government business and industry or international organizations Distilling both published and unpublished materials and with contributions from a range of leading experts organizations and agencies this book will be of significant value to professionals everywhere who are in need of a solid reference guide to what constitutes SA practice and more importantly how and when it can be applied Employment Policies and Multilevel Governance Roger Blanpain,Brian Langille,2009-04-29 In Europe work has long been a symbol of full citizenship and today work is a fundamental goal of European social policy However although every person has the right to work it is becoming clearer all the time that unemployment is not due merely to a lack of encouragement to exercise this right but at least in part to some deeper defects in the implementation of effective employment policies As a contribution to defining the nature of these problems this important collection of essays targets the phenomena of multilevel governance both vertical European national regional local and horizontal administrative institutions trade unions business representatives NGOs showing with

detailed analysis and data how coordination or conflict between the various levels advances or fails to advance the goals of employment policy Regarding the EU five EU Member States are examined plus for comparative analysis the parallel Canadian federal model with the authors addressing such concrete issues as the impact of globalisation and Europeanisation on employment policies distribution of tasks in the Open Method of Coordination OMC involvement of private and economic agents the increasing significance of international political agents flexicurity as an employment strategy the difficulty of integrating the excluded coordination with education and fiscal policies social inclusion from the point of view of international human rights and gender mainstreaming as a weakening of the EU guarantee of gender equality The essays originated in a research meeting held at the Instituto Internacional de Sociolog a Jur dica at O ati Spain in June of 2007 Some of the contributors all employment law experts discuss problematic aspects of the European Employment Strategy EES and its influence on the decentralization of employment policies and related elements of social protection Other authors concentrate on built in multilevel problems resulting from existing constitutional and administrative structures while a third group focuses on substantive approaches to employment policies within individual member states The Bulletin contains updated versions of all papers In this book the degree of administrative legal political and cultural intricacy involved in a serious engagement with multilevel governance of employment on the European model is put on full view As a deeply informed analysis of how the idea of multilevel governance has played out within the political and administrative reality of Member States the book will prove of enormous value to labour and employment law professionals anywhere as the problems identified here have a global reach **The Routledge Companion to Accounting Information Systems** Erik Strauss,Martin Quinn,2017-12-22 Information technology has permeated all walks of life in the past two decades Accounting is no exception Be it financial accounting management accounting or audit information technology and systems have simplified daily tasks and routine work simplified reporting and changed how accounting is done The Routledge Companion to Accounting Information Systems provides a prestige reference work which offers students and researchers an introduction to current and emerging scholarship in the discipline Contributions from an international cast of authors provides a balanced view of both the technical underpinnings and organisational consequences of accounting information systems With a focus on the business consequences of technology this unique reference book will be a vital resource for students and researchers involved in accounting and information management The Role of Leadership in Human Resource Management Shuming ZHAO,Mingwei Liu,Meng Xi,Cherrie Jiuhua Zhu,Hong Liu,2024-08-30 This book underscores the crucial link between leadership and human resource management HRM and their collective impact on organizational outcomes It highlights the need for integrating research in both fields to fully understand their effects at organizational team and individual levels The interaction between leadership and HRM which can either complement or substitute for one another is beginning to be explored in recent studies Specifically the book points out the relevance of cultural institutional and historical contexts in the

Asia Pacific particularly in China where Western models may not capture the unique aspects of leadership and HRM It discusses the significance of paternalistic leadership and specific HRM practices in China emphasizing their implications for performance The book argues for the importance of examining these interactions comprehensively suggesting that a combined study of leadership and HRM across different levels and contexts presents valuable research avenues The twelve chapters in this volume offers insights into leadership and HRM in China showcasing a variety of leadership behaviours and HRM practices The chapters in this book were originally published as a special issue of Asia Pacific Business Review

   Integrated Evaluation for Sustainable River Basin Governance Nuno Videira,Giorgos Kallis,Paula Antunes,Rui Santos,Peter A. Vanrolleghem,John B. Copp,2007-01-01 This Report synthesizes the main results obtained throughout the ADVISOR research project Integrated Evaluation for Sustainable River Basin Governance funded by the European Commission under the Energy Environment and Sustainable Development theme of the 5th Framework Research Programme The aim of ADVISOR was to improve the understanding of evaluation processes as part of river basin planning and management and to provide a framework supported by a toolkit for the conduct of integrated and participatory evaluations The project comprised four work packages Work Package 1 examined past water project or plan evaluation cases in five EU states and drew insights on the problems of past evaluation practices Work Package 2 interpreted these past experiences from different analytical angles leading to a theory for an integrated evaluation process emphasising issues of deliberation multiple values quality in the use of information and governance Work Package 3 moved from theory to practice Different tools which could contribute to integrated evaluation processes were tested in experimental case applications These included scenario workshops mediated modelling supported by a quality assurance protocol social multi criteria evaluation cost effectiveness analyses and monetary valuation Work Package 4 aimed at transferring the experience and lessons learned during the ADVISOR project to policy makers contributing especially to the implementation process of the Water Framework Directive A guidance document for designing and implementing Integrated Deliberative Decision Processes IDDP was developed detailing a step by step procedure to achieve integrated evaluations The synthesis of the main results achieved throughout the ADVISOR project is presented in this report in three parts Part A sets the stage for the role of integrated evaluations in river basin planning and management Part B unfolds the set of relevant principles and tools developed in the project and Part C concludes with futures challenges for integrated evaluation processes   *Handbook Integrated Care* Volker Amelung,Viktoria Stein,Nicholas Goodwin,Ran Balicer,Ellen Nolte,Esther Suter,2017-06-30 This handbook gives profound insight into the main ideas and concepts of integrated care It offers a managed care perspective with a focus on patient orientation efficiency and quality by applying widely recognized management approaches to the field of health care The handbook also provides international best practices and shows how integrated care does work throughout various health systems The delivery of health and social care is characterised by fragmentation and complexity in most health systems

throughout the world Therefore much of the recent international discussion in the field of health policy and health management has focused on the topic of integrated care Integrated acknowledges the complexity of patients needs and aims to meet it by taking into account both health and social care aspects Changing and improving processes in a coordinated way is at the heart of this approach **18th European Conference on Management, Leadership and Governance** Martin Rich,2023-11-23 These proceedings represent the work of contributors to the 19th European Conference on Management Leadership and Governance ECMLG 2023 hosted by ACI and Bayes Business School City University of London UK on 23 24 November 2023 The Conference Chair is Dr Martin Rich from Bayes Business School City University of London UK ECMLG is now a well established event on the academic research calendar and now in its 19th year The key aim remains the opportunity for participants to share ideas and meet the people who hold them The scope of papers will ensure an interesting two days The subjects covered illustrate the wide range of topics that fall into this important and ever growing area of research The opening keynote presentation is given by Dr Jeffrey Ridley PhD FCG FIIA CIA on the topic of A lifetime of Management and Governance Learning A wish for you all The second day of the conference Keynote presentation is given by Professor Pumela Msweli University of South Africa on the topic of The Leadership Dance on a geopolitically entangled dance floor Towards Unitive Consciousness With an initial submission of 164 abstracts after the double blind peer review process there are 54 Academic Research papers 11 PhD Research papers 2 Masters Research papers and 2 work in progress papers published in these Conference Proceedings These papers represent research from China Czech Republic Czechia Egypt Finland France Germany Ghana Greece Hungary India Italy Kenya Macau Mexico Morocco Netherlands Norway Pakistan Peru Poland Portugal Romania Saudi Arabia Scotland Slovakia South Africa Spain Switzerland The Netherlands United Arab Emirates the UK and the USA **OECD Public Governance Reviews Poland: Implementing Strategic-State Capability** OECD,2013-05-31 This report proposes a practical country based framework for developing good governance indicators for programmes funded by the European Union *The Oxford Handbook of Recruitment* Kang Yang Trevor Yu, PhD,Daniel M. Cable, PhD,2014 This handbook includes the most up to date evidence based and comprehensive coverage of recruitment and retention as written by the top leaders of recruitment research in the world Organizational Evolution and Strategic Management Rodolphe Durand,2006-04-25 I have no doubt this book will be read and used time and again by any scholar working within the evolutionary approach to organizations I believe that it will also be of great interest to strategy scholars Management Rodolphe Durand has a compelling message for the growing community of evolutionary researchers in organization studies Evolutionary researchers need to attend more carefully to historical and contemporary debates in the biological sciences if they are to avoid false tracks and simplisitic analogies Durand offers here the foundations of a distinctive and authentic evolutionary theory that takes organizations seriously for what they are Richard Whittington Oxford University This book fills an important gap in the study of organizations and strategy from an

evolutionary perspective It offers a synthetic approach to evolutionary analysis with grounded empirical examples that graduate students and seasoned scholars alike will find immensely useful Durand s OES model rooted in a critical examination of philosophical and scientific writings on evolution is particularly promising and provides a valuable guidepost for future research on organizations and strategic management Michael Lounsbury University of Alberta How is economic evolutionary theory in which organisations evolve according to environmental selection reconciled with evidence of strategic management This book is the first of its kind to propose a solution to this theoretical puzzle and engage readers in a balanced understanding of organizational evolution Rodolphe Durand embarks upon a fresh assessment of the literature His discoveries provide the foundation for a new theory of organizational selection and an organizational evolution and strategy model that reconciles economic evolution with strategic intentionality Chapters include an examination of the work by Lamarck Darwin and Spencer a constructive appraisal of evolutionary theory applied to organisations and a summary of how the organizational evolution and strategy model will affect future theory and research **OECD Public Governance Reviews: Peru Integrated Governance for Inclusive Growth** OECD,2016-11-30 This OECD Public Governance Review of Peru analyses key areas of public governance in Peru and identifies opportunities for improving the performance of the state in delivering better outcomes for all citizens **The State of Food Security and Nutrition in the World 2023** Food and Agriculture Organization of the United Nations,International Fund for Agricultural Development,United Nations Children's Fund,World Food Programme,World Health Organization,2023-07-12 This report provides an update on global progress towards the targets of ending hunger SDG Target 2 1 and all forms of malnutrition SDG Target 2 2 and estimates on the number of people who are unable to afford a healthy diet Since its 2017 edition this report has repeatedly highlighted that the intensification and interaction of conflict climate extremes and economic slowdowns and downturns combined with highly unaffordable nutritious foods and growing inequality are pushing us off track to meet the SDG 2 targets However other important megatrends must also be factored into the analysis to fully understand the challenges and opportunities for meeting the SDG 2 targets One such megatrend and the focus of this year s report is urbanization New evidence shows that food purchases in some countries are no longer high only among urban households but also among rural households Consumption of highly processed foods is also increasing in peri urban and rural areas of some countries These changes are affecting people s food security and nutrition in ways that differ depending on where they live across the rural urban continuum This timely and relevant theme is aligned with the United Nations General Assembly endorsed New Urban Agenda and the report provides recommendations on the policies investments and actions needed to address the challenges of agrifood systems transformation under urbanization and to enable opportunities for ensuring access to affordable healthy diets for everyone
