Strategy Of Nonviolent Defense:

The Strategy of Nonviolent Defense Robert J. Burrowes, 1996-01-01 Addresses the question of whether nonviolent defense can be an effective strategy against military violence Drawing from the strategic theory of Carl von Clausewitz the nonviolence of Mahatma Gandhi and recent human needs and conflict theory Burrowes develops a new strategic theory of The Strategy of Nonviolent Defense Robert J. Burrowes, 2015-10-26 Because of the way in which nonviolent defense the history of nonviolence has been marginalized relatively few people have a sense of the rich history of nonviolent struggle or realize that it can be systematically planned and applied Nevertheless the historical record illustrates that nonviolent struggle is a powerful form of political action But can it be effective against military aggression The Strategy of Nonviolent Defense answers this question in the affirmative by first defining the notion of social cosmology the four mutually reinforcing features that determine the character of any society It then devotes attention to strategies for dealing with conflict in particular to developing a strategic theory and framework for planning a strategy of nonviolent defense In order to develop this theory Burrowes synthesizes insights drawn from the strategic theory of Carl von Clausewitz the nonviolence of Mahatma Gandhi and recent human needs and conflict theory The SAGE Encyclopedia of War: Social Science <u>Perspectives</u> Paul Joseph, 2016-06-15 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader's Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology The Ashgate Research Companion to Ethics and International Relations Patrick Hayden, 2016-04-01 While skepticism about the role of moral considerations in international politics has been influential within the discipline of international relations IR those writing on topics such as war peace rights and trade up until the twentieth century took seriously the importance of ethical values and moral debates The 1990s and 2000s have seen a substantial growth of attention to the ways in which IR conceives and analyzes themes of an ethical nature and how issues problems and policies involving ethics are addressed by a variety of actors within the international system This indispensable research companion widens the perspective from ethics and international relations to ethics in international relations redressing the mis perception that ethical concepts principles norms and rules are not in part constitutive of the international system and the

agents acting within that system Necessarily cross disciplinary expertise is drawn from IR and also philosophy political theory religious studies history and law making this an ideal volume for any library reference collection Peace Psychology Daniel Mayton, 2009-05-28 Recent trends and events worldwide have increased public interest in nonviolence pacifism and peace psychology as well as professional interest across the social sciences Nonviolence and Peace Psychology assembles multiple perspectives to create a more comprehensive and nuanced understanding of the concepts and phenomena of nonviolence than is usually seen on the subject Through this diverse literature spanning psychology political science religious studies anthropology and sociology peace psychologist Dan Mayton gives readers the opportunity to view nonviolence as a body of principles a system of pragmatics and a strategy for social change This important volume Draws critical distinctions between nonviolence pacifism and related concepts Classifies nonviolence in terms of its scope intrapersonal interpersonal societal global and pacifism according to political and situational dimensions Applies standard psychological concepts such as beliefs motives dispositions and values to define nonviolent actions and behaviors Brings sociohistorical and cross cultural context to peace psychology Analyzes a century s worth of nonviolent social action from the pathbreaking work of Gandhi and King to the Courage to Refuse movement within the Israeli armed forces Reviews methodological and measurement issues in nonviolence research and suggests areas for future study Although more attention is traditionally devoted to violence and aggression within the social sciences Nonviolence and Peace Psychology reveals a robust knowledge base and a framework for peacebuilding work granting peace psychologists activists and mediators new possibilities for the transformative power of nonviolence A Theory of Nonviolent Action Stellan Vinthagen, 2015-11-15 In this ground breaking and much needed book Stellan Vinthagen provides the first major systematic attempt to develop a theory of nonviolent action since Gene Sharp's seminal The Politics of Nonviolent Action in 1973 Employing a rich collection of historical and contemporary social movements from various parts of the world as examples from the civil rights movement in America to anti Apartheid protestors in South Africa to Gandhi and his followers in India and addressing core theoretical issues concerning nonviolent action in an innovative penetrating way Vinthagen argues for a repertoire of nonviolence that combines resistance and construction Contrary to earlier research this repertoire consisting of dialogue facilitation normative regulation power breaking and utopian enactment is shown to be both multidimensional and contradictory creating difficult contradictions within nonviolence while simultaneously providing its creative and transformative force An important contribution in the field A Theory of Nonviolent Action is essential for anyone involved with nonviolent action who wants to think about what they are doing Toward Nuclear Disarmament And Global Security Burns H Weston, 2019-06-04 This text is designed to provide students and others with a theoretical and factual base for understanding the complex questions posed by continued reliance on nuclear weapons to protect geopolitical interests In Part One the authors examine the destructiveness and cost of modern nuclear arsenals and offer both normative and

systemic explanations National Conference as a Strategy for Conflict Transformation and Peacemaking Jacques L. Koko, 2008-03-30 Events in the post Cold War era have challenged the notions of realism and realpolitik with an upsurge in intrastate conflicts involving other actors than just the state During this period the international community has witnessed the limitations of the tenets of realism for addressing disastrous civil wars or ethno political conflicts internal to the states Largely because of this and alongside the emerging field of conflict resolution in western countries transitional conflict resolution mechanisms emerged with characteristic multi track diplomacy orientations for solving national problems within African countries By the end of the 1980s and early 1990s several African countries including South Africa Burundi and Sierra Leone resorted to either a Truth and Reconciliation Commission or an international tribunal to handle violence and restore peace and justice In the same period other African countries opted for what was called national conference to solve their national problems and transform conflict into an opportunity for structural change In February 1990 the Republic of Benin a small nation state in West Africa achieved peace through a national conference The national conference in Benin was a national gathering for crisis resolution through social debates on critical issues facing the nation and political decision making for constructive changes As a pioneer Benin led the political change movement of the national conference and was later followed by eight other African countries namely Chad Congo Brazzaville Gabon Mali Niger Togo the Central African Republic and the former Zaire now known as the Democratic Republic of Congo To date most of the existing literature on the subject explores the phenomenon of national conference as something of a prelude to political transition to multipartyism and democracy Part of the literature depicts the national conference as a civil coup d etat and recommends its institutionalization as a system for democratic transitions This book takes a different approach by conceptualizing the national conference phenomenon as a multi track diplomacy tool or as a process for conflict transformation and peacemaking Building upon theories of conflict and conflict resolution the author analyzes the national conference as a unique diplomatic approach to transforming national crisis which expands the scope of strategies for peacemaking **Nonviolence in Political Theory** Iain Atack, 2012-07-30 Develops a coherent theory of nonviolent political action in the context of Western political theory Ian Atack identifies the contribution of nonviolence to political theory through connecting central characteristics of nonviolent action to fundamental debates about the role of power and violence in politics This in turn provides a platform for going beyond historical and strategic accounts of nonviolence to a deeper understanding of its transformative potential From Mahatma Gandhi and Martin Luther King to toppled communist regimes in Eastern Europe and pro democracy movements in Serbia Georgia and Ukraine nonviolent action has played a significant role in achieving social and political change in the last century The Arab Spring revolutions particularly those in Tunisia and Egypt and the Occupy movement in the US and UK demonstrate that nonviolence continues to be a vital feature of many campaigns for democracy human rights and social justice Civil Resistance Today Kurt Schock, 2015-07-09 From Gandhi s salt march to the US civil rights movement and

Occupy Wall Street nonviolent campaigns to promote democracy human rights and social justice have long played an important transformative role in local national and global politics Some have succeeded some have failed but nonviolent action remains a very effective means of achieving significant social and political change In this authoritative book Kurt Schock expertly guides readers through the changing terrain of nonviolent struggle exploring the historical roots and development of modern civil resistance and its proliferation in recent decades Discussing movements against economic and social injustice as well as political oppression he explains how resistance happens and unpacks the complex interactions between state and non state actors that affect the trajectories and outcomes of nonviolent campaigns Drawing on a wealth of empirical data and comparative research Civil Resistance Today will be an essential one stop shop for anyone keen to learn more about the methods objectives and outcomes of civil resistance in the contemporary world **Inciting Democracy** Randy Schutt, 2001-09-10 Inciting Democracy offers a vision of what a good society might look like and explores how we can overcome five key obstacles to creating such a society It offers a practical way to develop a large decentralized education and support program that can increase the skills knowledge and strength of hundreds of thousands of goodhearted people so they can democratically and nonviolently transform society through grassroots change movements It also provides a realistic long term vision of success a vision that can encourage and inspire people working for positive change thus making success more PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume IV Ursula Oswald Spring, Ada Aharoni, likely Ralph V. Summy, Robert Charles Elliot, 2010-07-24 Peace Studies Public Policy and Global Security is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Peace Studies Public Policy and Global Security provides the essential aspects and a myriad of issues of great relevance to our world such as Processes of Peace and Security International Security Peace Development and Environment Security Threats Challenges Vulnerability and Risks Sustainable Food and Water Security World Economic Order This 11 volume set contains several chapters each of size 5000 30000 words with perspectives issues on Peace studies Public Policy and Global security These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy Civil Resistance in Kosovo Howard Clark, 2000-08-20 The world woke analysts managers and decision makers and NGOs up to the conflict between Serbs and Kosovo Albanians too late when Kosovo erupted into full scale war in the spring of 1999 But many Balkans watchers were surprised war in Kosovo did not happen sooner In Civil Resistance in Kosovo Howard Clark argues that war had been avoided previously because of the self restraint exercised by the Kosovo Albanians and their policy of nonviolence Prior to the Kosovo Liberation Army KLA's taking up of arms Kosovo Albanians had had a long history of civil resistance in the face of Serbian ultra nationalism They were committed to a strategy of nonviolent resistance even as they were harassed by Serbian police vilified in racial terms and excluded from jobs education and government benefits Excluded

from the 1995 Dayton Agreement Kosovo became a breeding ground for frustration and ethnic strife ultimately leading to war and the NATO bombings The author traces the historical evolution of the Kosovo Albanians struggle from peaceful demonstrations to the KLA backlash covering the 1980s to the present day In assessing the achievements and limitations of nonviolence Clark explains why the policy was ultimately abandoned and how it could have been made more effective Importantly this book draws on the lessons of Kosovo to provide suggestions for future peace building **Building** Sustainable Futures** Luc Reychler, Julianne Funk Deckard, Kevin HR Villanueva, 2009-01-01 The overall theme of the 2008 IPRA Global Conference focuses on the interaction between economic development environmental change conflict prevention and peacebuilding efforts in the 21st century The challenge is to re search new futures This collaborative book project ultimately reflects the constant evolution of Peace Studies as it is reflected in its expanding areas of research and the institutional structures which provide the vertebrae so that the former can develop with greater depth continuity and sustainability This is the reason why HumanitarianNet has teamed up with IPRA to produce this collection of articles

Alternative Conventional Defense Postures In The European Theater Hans G. Brauch, Robert F. Jr. Kennedy, 2018-10-24 First published in 1993 This volume edited jointly by the American strategic expert Robert Kennedy and the German peace researcher Hans Giinter Brauch takes up conceptual ideas developed by Horst Afheldt and Carl Friedrich von Weizsacker as well as others on both sides of the Atlantic since the 1960s Our aim has been to contribute to the development of concepts that would reduce the danger of a third world war by the creation of more stable structures in the context of a defensively oriented conventional defense posture In this volume a variety of alternative approaches to European conventional defense driven for the most part by similar strategic considerations are presented by German and American experts to a larger international audience Alternative Conventional Defense Postures in the European Theater: Force posture alternatives for Europe after the cold war Hans Günter Brauch, Robert Kennedy, 1990 First published in 1993 Routledge is an imprint of Taylor Francis an informa company Nonviolence and Islamic Imperatives Chaiwat Satha-Anand, 2017-04-21 Nonviolence and Islamic Imperatives is a timely book that provides a valuable perspective to the ongoing dialogue on Islam peace and Islamophobia today Chaiwat Satha Anand offers his expertise as a peace researcher to inform readers on the history and present application of Islamic nonviolent movements through contextual analysis of sacred texts as well as current examples of Islamic nonviolence in action This perspective is vital to counter the false perception of violence in Islam Nonviolence and Islamic Imperatives is highly relevant and critical to continuing a crucial dialogue on the subject matter **Protest, Power, and Change** Christopher Kruegler, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company Nonviolent Action Ronald M. McCarthy, Gene Sharp, Brad Bennett, 2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of struggle in social and political conficts discusses the methods and techniques used by groups in various encounters Although violence and its

causes have received a great deal of attention nonviolent action has not received its due as an international phenomenon with a long history An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language sources The first part of the book covers case study materials divided by region and subdivided by country Within each country materials are arranged chronologically and topically The second major part examines the methods and theory of nonviolent action principled nonviolence and several closely related areas in social science such as conflict analysis and social movements The book is indexed by author and subject When Evil Strikes Sunday Bobai Agang, 2016-06-22 Human hostility is not the narrative of a selected few Since the fall of the grandparents of the human family Adam and Eve all humans have continued to participate in the reality of evil Accordingly the question is no longer whether evil will strike but rather when evil strikes how should humans particularly Christians respond to it This book offers a relevant and effective theology and ethics for addressing the issue of Christian response to violence in Nigeria and beyond It situates the whole gamut of the reign of human hostility in its various manifestations self interest and greed for power deception and social injustices governmental official corruption terrorism and so on It encourages humans to take seriously both the fact of God creating humans good and the fall serving as the gateway of evil into the human race It recognizes the complexity of human problems Yet it offers possibility for just peacemaking In spite of the horrific violence across the globe humans are still able to do tremendous good Thus the book recognizes the paradox of humanity humans are capable of doing tremendous good and equally capable of doing tremendous evil
