## Stravinsky's Symphony Of Psalms:

*Igor Stravinsky's Symphony of Psalms* Bruce Chamberlain, 1979      *Igor Stravinsky's Symphony of Psalms: an Analytical Study* Otto A. Mattei, 1948      **Symphony of psalms, stravinsky (miniature score).** Igor Stravinsky,      *Stravinsky's Symphony of Psalms Compared with Burton's Psalms Symphony* Roberto L. Burton, 2020 Stravinsky's own account of the composition of this great work follows and needs no addenda But since composers don't always point out their greatest masterstrokes here are a few additional comments Listen closely to the first chord it recurs several times during the opening minutes of the first movement for although it is a simple e minor triad in Stravinsky's hands even a conventional chord becomes distinctive In assigning the triad's notes to the instruments of the orchestra Stravinsky hands out twice as many G's minor triads as the root of E or the fifth of B contrary to what textbooks teach and then concentrates these pitches either in the high reaches of the flutes oboes harp and pianos or in the low register of the bassoons trombones and basses with nothing in between Moreover Stravinsky marks the chord not fortissimo as one would expect but plain mezzo forte having learned long ago that he didn't have to raise his voice to speak with force and power The final pages of the Symphony of Psalms with the pianos harp and timpani moving slowly back and forth through three notes E flat B flat F like the solemn tolling of church bells while the chorus intones its words of praise make this one of the most celebrated passages in Stravinsky's output It is all the more impressive for being slow quiet austere and repetitive When E flat finally rises to E natural and the music sinks into C major Stravinsky achieves a simple power rare in music of any century The Symphony of Psalms was commissioned by Serge Koussevitzky to celebrate the fiftieth anniversary of the Boston Symphony Orchestra Koussevitzky fell ill the week of the premiere which was then postponed until later in the month in the meantime Koussevitzky gave permission for the European premiere to go ahead according to schedule thus making that the world premiere      *Igor Stravinsky's 'Symphony of Psalms'* Karen Lee Keating, 2002 Transcribes Igor Stravinsky's Symphony of Psalms for a women's chorus and for two pianos      *All Music Guide to Classical Music* Chris Woodstra, Gerald Brennan, Allen Schrott, 2005-09 Offering comprehensive coverage of classical music this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers as well as twenty three essays on forms eras and genres of classical music Original      **Neo-mythologism in Music** Victoria Adamenko, 2007 The Devil and the Perception of Schnittke's Early Style The Mythologems in Schnittke's First Symphony Postlude Appendix 1 An interview with George Crumb Appendix 2 The English translation of the texts by Garc a Lorca from George Crumb's Ancient Voices of Children Appendix 3 Text excerpts from Stockhausen's Licht Selected bibliography List of Illustrations Index      *Stravinsky's Symphony of Psalms* Ursulee Theresa Rahe, 1965      **A Conductor's Guide to Stravinsky's Symphony of Psalms** Samuel Max Berger, 1980      *Stravinsky, the Composer and His Works* Eric Walter White, 1979 In the second edition of the definitive account of Stravinsky's life and work arranged in two separate sections the author revised the whole book completing the

biographical section by taking it up to Stravinsky's death in 1971. To the list of works the author added some early pieces that have recently come to light as well as the late compositions including the Requiem Canticles and The Owl and the Pussycat. Four more of Stravinsky's own writings appear in the Appendices and there are several important additions to the bibliography.

**An Analysis of Stravinsky's Symphony of Psalms Focusing on Tonality and Harmony** Jin Myung Kang, 2007. Abstract: In Symphony of Psalms Stravinsky commands tonality and harmony in new ways that are different from the dictates of classical concepts. The progressive and unique nature of his musical color may stem from the fundamentally different structure of tonality and harmony that underlies his pieces. This piece reflects a neoclassical preference for C major to the point of being called white key music. This is apparent in the fact that C tonality is expanded and developed after it is established as the central tonality of this piece. Meanwhile bitonality and polytonality which frequently appear in this piece destroy the traditional concept of tonality that relies upon single tonality. By adding the principles of bitonality and polytonality to the classical beauty of form Stravinsky succeeds in making a transition from the one dimensional world of traditional music to a more multidimensional structure. In addition to tonality new harmonic materials retrograde weak motion that escapes from traditional harmonic motion, harmonies outside of tonality, poly chords, chords that exclude the third, harmonies that undergo sudden transition etc. are boldly introduced. The end result is Stravinsky's unique neoclassical sound that is firmly established in the history of music. This paper analyzes Symphony of Psalms in order to understand Stravinsky's use of tonality and harmony, a major characteristic of his neoclassical works.

**Stravinsky and the Russian Traditions** Richard Taruskin, 1996-07-15. Taruskin demonstrates how Stravinsky achieved his modernist technique by combining what was most characteristically Russian in his musical training with stylistic elements abstracted from Russian folklore. The stylistic synthesis thus achieved formed Stravinsky as a composer for life whatever the aesthetic allegiances he later professed.

**The Stravinsky Legacy** Jonathan Cross, 1998-12-10. This book explores the technical and aesthetic legacy of Igor Stravinsky.

**Stravinsky's Piano** Graham Griffiths, 2013-02-21. An unprecedented exploration of Stravinsky's use of the piano as the genesis of all his music: Russian neoclassical and serial.

**Psalms Through the Centuries, Volume 3** Susan Gillingham, 2022-06-28.
