*Street Gallery* Robin J. Dunitz, 1998      Latino History Day by Day Caryn E. Neumann, Tammy S. Allen, 2013-05-09 This title takes a calendrical approach to illuminating the history of Latinos and life in the United States and adds more value than a simple this day in history through primary source excerpts and resources for further research Latino a history has been relatively slow in gaining recognition despite the population s rich and varied history Engaging and informative Latino History Day by Day A Reference Guide to Events will help address that oversight Much more than just a this day in history list the guide describes important events in Latino a history augmenting many entries with a brief excerpt from a primary document All entries include two annotated books and websites as key resources for follow up The day to day reference is organized by the 365 days of the year with each day drawing from events that span several hundred years of Latino a history from Mexican Americans to Puerto Ricans to Cuban Americans With this guide in hand teachers will be able to more easily incorporate Latino a history into their classes Students will find the book an easy to use guide to the Latino a past and an ideal starting place for research      Walls of Empowerment Guisela Latorre, 2009-09-17 Exploring three major hubs of muralist activity in California where indigenist imagery is prevalent Walls of Empowerment celebrates an aesthetic that seeks to firmly establish Chicana o sociopolitical identity in U S territory Providing readers with a history and genealogy of key muralists productions Guisela Latorre also showcases new material and original research on works and artists never before examined in print An art form often associated with male creative endeavors muralism in fact reflects significant contributions by Chicana artists Encompassing these and other aspects of contemporary dialogues including the often tense relationship between graffiti and muralism Walls of Empowerment is a comprehensive study that unlike many previous endeavors does not privilege non public Latina o art In addition Latorre introduces readers to the role of new media including performance sculpture and digital technology in shaping the muralist s canvas Drawing on nearly a decade of fieldwork this timely endeavor highlights the ways in which California s Mexican American communities have used images of indigenous peoples to raise awareness of the region s original citizens Latorre also casts murals as a radical force for decolonization and liberation and she provides a stirring description of the decades particularly the late 1960s through 1980s that saw California s rise as the epicenter of mural production Blending the perspectives of art history and sociology with firsthand accounts drawn from artists interviews Walls of Empowerment represents a crucial turning point in the study of these iconographic artifacts      **Give Me Life** Holly Barnet-Sanchez, Tim Drescher, 2016-12-15 This book offers detailed analyses of individual East LA murals sets them in social context and explains how they were produced      Creating the Future Michael Fallon, 2017-05-30 Conceived as a challenge to long standing conventional wisdom Creating the Future is a work of social history cultural criticism that examines the premise that the progress of art in Los Angeles ceased during the 1970s after the decline of the Ferus Gallery the scattering of its stable of artists Robert Irwin Ed Kienholz Ed Moses Ed

Rusha and others and the economic struggles throughout the decade and didn't resume until sometime around 1984 when Mark Tansey, Alison Saar, Judy Fiskin, Carrie Mae Weems, David Salle, Manuel Ocampo among others became stars in an exploding art market. However, this is far from the reality of the L.A. art scene in the 1970s. The passing of those fashionable 1960s era icons in fact allowed the development of a chaotic array of outlandish and independent voices marginalized communities and energetic, sometimes bizarre visions that thrived during the stagnant 1970s. Fallon's narrative describes and celebrates through twelve thematically arranged chapters the wide range of intriguing artists and the world not just the objects they created. He reveals the deeper, more culturally dynamic truth about a significant moment in American art history, presenting an alternative story of stubborn creativity in the face of widespread ignorance and misapprehension among the art cognoscenti who dismissed the 1970s in Los Angeles as a time of dissipation and decline. Coming into being right before their eyes was an ardent local feminist art movement which had lasting influence on the direction of art across the nation, an emerging Chicano Art movement spreading Chicano murals across Los Angeles and to other major cities, a new and more modern vision for the role and look of public art, a slow consolidation of local street sensibilities, car fetishism, gang and punk aesthetics into the earliest version of what would later become the Lowbrow art movement, the subversive co-opting in full view of Pop Art of the values, aesthetics and imagery of Tinseltown by a number of young and innovative local artists who would go on to greater national renown, and a number of independent voices who lacking the support structures of an art movement or artist cohort pursued their brilliant artistic visions in near isolation. Despite the lack of attention, these artists would later reemerge as visionary signposts to many later trends in art. Their work would prove more interesting, more lastingly influential and vastly more important than ever imagined or expected by those who saw it or even by those who created it in 1970s Los Angeles. **Creating the Future** is a visionary work that seeks to recapture this important decade and its influence on today's generation of artists. **Walls of Heritage, Walls of Pride** James Prigoff, Robin J. Dunitz, 2000

**THIRTEEN COLONIES: THE LOST COLONY™** Take a step back and discover the thirteen colonies of Colonial America. From European exploration through the American Revolution, witness the unique history and character of each colony. Trace the role of each colony in the American Revolution and that colony's impact on the formation of our Constitution. Georgia: Using primary source documents that include the Charter of Georgia, a map of the colony circa 1725, period portraits and newspaper articles, this fascinating book traces the history of the colony from its founding to its being the fourth state to ratify the U.S. Constitution in 1788. Good organization, well-written text which reads like a story, numerous quotes and historic incidents, attractive format and well-designed pages, drawings, maps, all make this title a recommended source for studies in the colonial period of American history. **ASSOCIATION OF REG. *Border Visions* Carlos G. Vélez-Ibáñez, 1996-11-01 The U S Mexico border region is home to anthropologist Carlos Vélez Ibáñez. Into these pages he pours nearly half a century of searching and finding answers to the Mexican experience in the southwestern United States. He describes and analyzes the process as generation upon generation of Mexicans moved north and attempted to create an identity or sense of cultural space and place. In today's border fences he also sees barriers to how Mexicans understand themselves and how they are fundamentally understood. From prehistory to the present Vélez Ibáñez traces the intense bumping among Native Americans, Spaniards and Mexicans as Mesoamerican populations and ideas moved northward. He demonstrates how cultural glue is constantly replenished by strengthening family ties that reach across both sides of the border. The author describes ways in which Mexicans have resisted and accommodated the dominant culture by creating communities and by forming labor unions, voluntary associations and cultural movements. He analyzes the distribution of sadness or overrepresentation of Mexicans in poverty, crime, illness and war and shows how that sadness is balanced by creative expressions of literature and art, especially mural art in the ongoing search for space and place. Here is a book for the nineties and beyond, a book that relates to NAFTA to complex questions of immigration and to the expanding population of Mexicans in the U S Mexico border region and other parts of the country. An important new volume for social science, humanities and Latin American scholars, *Border Visions* will also attract general readers for its robust narrative and autobiographical edge. For all readers the book points to new ways of seeing borders, whether they are visible walls of brick and stone or less visible, infinitely more powerful barriers of the mind.

**Self Help Graphics & Art** Colin Gunckel, 2014 This second edition of *Self Help Graphics Art* brings the original edition up to date, adding breadth and depth to the history of the historic East L A arts center. Self Help Graphics has been a national model for community based art making and art based community making since its founding in the early 1970s. Known for its groundbreaking printmaking and art education programs, Self Help Graphics has empowered local artists and taught the world about the vibrancy of Chicano/Latino art.
