Additionally, several topics that receive little attention in traditional volumes about juvenile violence, such as hazing, systemic violence in schools, and peaceable schools, are covered in these pages. Each entry utilizes current sources, making the book as up to date as possible. The front and back matter offer important information including a chronological list of significant events related to juvenile violence and book and Web resources. Authors represent many different fields including Sociology, Psychology, Education, History, Social Work, Political Science, Policing, and English.
