Iranian Anthropology Shahnaz R. Nadjmabadi, 2010-01-01 During recent years attempts have been made to move beyond the Eurocentric perspective that characterized the social sciences especially anthropology for over 150 years A debate on the anthropology of anthropology was needed one that would consider other forms of knowledge modalities of writing and political and intellectual practices This volume undertakes that challenge it is the result of discussions held at the first organized encounter between Iranian American and European anthropologists since the Iranian Revolution of 1979 It is considered an important first step in overcoming the dichotomy between peripheral anthropologies versus central anthropologies The contributors examine from a critical perspective the historical cultural and political field in which anthropological research emerged in Iran at the beginning of the twentieth century and in which it continues to develop today

Welcome to the Urban Revolution Jeb Brugmann, 2009-07-01 The revolutions that have taken place around the world during the last fifty years the ousting of Marcos and the Shah of Iran the fall of communist regimes in Eastern Europe the end of Apartheid in South Africa and indeed the civil rights revolution in America were fundamentally urban revolutions They were the revolutions of Manila Teheran Gdansk Leipzig Berlin Johannesburg and Detroit muscular assertions of new classes of city dwellers intent on ending their marginalization as they struggled to build their new livelihoods freedoms and communities in cities In Welcome to the Urban Revolution Jeb Brugmann argues that the city itself had become our era s medium for revolutionary change not only political but technological as well Though we think of them as a hotbed for poverty and crime cities are not just a source of problems and conflict They can also be a source of solutions to the major problems of our day poverty social inequality and environmental sustainability In Welcome to the Urban Revolution Brugmann will show what is unique and important about cities and how they grow the ways global issues are being solved in individual cities and how real people are living with urban migration day in and day out

Drugs, Deviancy and Democracy in Iran Janne Bjerre Christensen, 2011-09-30 In the aftermath of the Iranian Revolution the government of the Islamic Republic initiated a stringent anti drug campaign that included fining addicts imprisonment physical punishment and even the death penalty Despite these measures drug use was and is still commonplace Based on her most recent fieldwork Janne Bjerre Christensen explores the mounting problems of drug use in Iran how treatment became legalized in 1998 how local NGOs offer methadone treatment in Tehran and face continuous political challenges in doing so and how drug use is critically discussed in Iranian media and cinema Drugs Deviancy and Democracy in Iran is thus a unique account of Iran s recent social and political history drawing important conclusions about the complexity of state power and the growing impact of civil society vital for all those interested in Iran s history politics and society

Global Labour History Jan Lucassen, 2008 Contains 18 essays on worldwide

aspects and comparisons in labour history Covers mainly the period from the beginning of 19th century to 2000 Iran's Reconstruction Jihad Eric Lob,2020-02-27 The first full length study to examine the significance of the critical but neglected Iranian organization and ministry Reconstruction Jihad **The ^AOxford Handbook of Iranian History** Touraj

Daryaee,2012-02-16 The Oxford Handbook of the History of Iran proceeds chronologically through the history of Iran from ancient times to the present This reliable and accessible collection of essays can serve as an introduction to the field of Iranian studies and a useful review for practicing scholars Guardians of the Revolution Ray Takeyh,2011-05-05 For over a quarter century Iran has been one of America s chief nemeses Ever since Ayatollah Khomeini overthrew the Shah in 1979 the relationship between the two nations has been antagonistic revolutionary guards chanting against the Great Satan Bush fulminating against the Axis of Evil Iranian support for Hezbollah and President Ahmadinejad blaming the U S for the world s ills The unending war of words suggests an intractable divide between Iran and the West one that may very well lead to a shooting war in the near future But as Ray Takeyh shows in this accessible and authoritative history of Iran s relations with the world since the revolution behind the famous personalities and extremist slogans is a nation that is far more pragmatic and complex than many in the West have been led to believe Takeyh explodes many of our simplistic myths of Iran as an intransigently Islamist foe of the West Tracing the course of Iranian policy since the 1979 revolution Takeyh identifies four distinct periods the revolutionary era of the 1980s the tempered gradualism following the death of Khomeini and the end of the Iran Iraq war in 1989 the reformist period from 1997 2005 under President Khatami and the shift toward confrontation and radicalism since the election of President Ahmadinejad in 2005 Takeyh shows that three powerful forces Islamism pragmatism and great power pretensions have competed in each of these periods and that Iran s often paradoxical policies are in reality a series of compromises between the hardliners and the moderates often with wild oscillations between pragmatism and ideological dogmatism The U S s task Takeyh argues is to find strategies that address Iran s objectionable behavior without demonizing this key player in an increasingly vital and volatile region With its clear sighted grasp of both nuance and historical sweep Guardians of the Revolution will stand as the standard work on this controversial and central actor in world politics for years to come **On the Arab Revolts and the Iranian Revolution** Arshin

Adib-Moghaddam,2013-10-10 On the Arab Revolts and the Iranian Revolution Power and Resistance Today is the first comparative analysis of two central political events that have altered our world forever the Arab uprisings which started in Tunisia and the Iranian revolution in 1979 Adib Moghaddam demonstrates how contemporary forms of protest are changing our understanding about the way power and resistance function In a theoretical tour de force which is substantiated with a range of primary material he argues that acts of protest in Tehran to Cairo can be entirely linked to the same act in New York London Madrid and Athens Breaking through the east west north south divide Adib Moghaddam shows how the Arab revolts promise to shift the discourse away from the idea that Arabs and Muslims are peculiar that Middle Eastern Studies cannot be

linked to political theory that the dynamics of rebellion there are fundamentally different from the politics of revolt here Adib Moghaddam argues that the dialectics of power and resistance are truly universal and that they are unfolding within a globalised political context that is increasingly interconnected In order to illuminate this argument theoretically the study is organised around conceptual terms that feed into forms of power and resistance such as revolution radicalism dissent knowledge neighbour and reform These terms and concepts are discussed and deconstructed via an empirical discussion of pivotal events beyond the non western world demonstrating that for a long time and without realising it we have been living in the end times of unitary categories such as west and east *Revolutionary Bodies* K. S. Batmanghelichi, 2020-12-10

Gender and sexuality in modern Iran is frequently examined through the prism of nationalist symbols and religious discourse from the late nineteenth and early twentieth centuries In this book Kristin Soraya Batmanghelichi takes a different approach by interrogating how normative ideas of women s bodies in state religious and public health discourses have resulted in the female body being deemed as immodest and taboo Through a diverse blend of sources a popular cultural women s journal a red light district cases studies of temporary marriages iconic public statues and an HIV AIDS advocacy organization in Tehran this work argues that conceptions of gender and sexuality have been mediated in public discourse and experienced and modified by women themselves over the past thirty years of the Islamic Republic Expanding upon existing philosophical theory technological research and scholarship on gender and sexuality in Iran this book focuses much needed attention on under studied marginalized communities such as widows living with HIV This work interrogates how bodily technologies are constructed discursively and socially in Iran and the values and perspectives which are incorporated in them Domesticity and Consumer Culture in Iran Pamela Karimi, 2013-05-29 Examining Iran s recent history through the double lens of domesticity and consumer culture Domesticity and Consumer Culture in Iran demonstrates that a significant component of the modernization process in Iran advanced beyond political and public spheres On the cusp of Iran s entry into modernity the rules and tenets that had traditionally defined the Iranian home began to vanish and the influx of new household goods gradually led to the substantial physical expansion of the domestic milieu Subsequently architects designers and commercial advertisers shifted their attention from commercial and public architecture to the new home and its contents Domesticity and consumer culture also became topics of interest among politicians Shiite religious scholars and the Left who communicated their respective views via the popular media and numerous other means In the interim ordinary Iranian families who were capable of selectively appropriating aspects of their immediate surroundings demonstrated their resistance toward the officially sanctioned transformations Through analyzing a series of case studies that elucidate such phenomena and appraising a wide range of objects and archival documents from furnishings appliances architectural blueprints and maps to photographs films TV series novels artworks scrapbooks work logs personal letters and reports this book highlights the significance of private life in social economic and political contexts of modern Iran Tackling the subject of home from a

variety of perspectives Domesticity and Consumer Culture in Iran thus shows the interplay between local aspirations foreign influences gender roles consumer culture and women s education as they intersect with taste fashion domestic architecture and interior design **Iran** Negin Nabavi,2012-08-30 Recent Iranian history has been full of unexpected turns Whether it was the 1979 revolution which resulted in the establishment of the first ever Islamic Republic in the history of the Muslim world the rise to power of the reformist movement in 1997 or the emergence of the Green Movement an opposition movement that took shape spontaneously in the days immediately following the presidential elections in June 2009 the world has been taken unawares at every juncture This book brings together essays that both speculate on the import of the developments of 2009 and shed light on the complexities and the ever changing dynamics of post revolutionary Iran
