Street Protests And Fantasy Parks Globalization Culture And The State:

Street Protests and Fantasy Parks David Cameron, Janice Gross Stein, Janice Stein, 2002 The speed and intensity of global integration in the last two decades have provoked serious debate about the human impact of globalization and deep concern about the capacity of the state to provide social justice *Street Protests and Fantasy Parks* focuses on two dimensions of globalization the cultural and social realities of global connection and the uneasily shifting role of the state While global processes are fusing societies and economies more deeply than ever before the editors argue that obituaries for the state are premature if not wholly inappropriate These essays examine a series of compelling case studies the entertainment industry citizenship social activism and wired communication to assess the choices states have and the consequences of those choices for culture and society

Communication Technology Darin Barney, 2011-11-01 When the Internet began to emerge as a popular new mode of communication many political scientists and social commentators believed that it would revolutionize our democratic institutions Today voter turnout is at an historic low and Internet usage is at an all time high Can we still make the claim that new information and communication technologies ICTs enhance democratic life in Canada What effect does the technological mediation of political communication have on the practice of Canadian politics How have such technologies affected the distribution of power in society Darin Barney investigates the links between ICTs and democratic processes arguing that the potential of digital technologies to contribute to a more democratic political system will remain largely untapped unless the more conventional dimensions of Canadian politics the economy and modes of governance are reoriented

How Canadians Communicate David Taras, Frits Pannekoek, Maria Bakardjieva, 2003

Protests as Events Ian R Lamond, Karl Spracklen, 2014-11-05 Can activism be considered a leisure activity Can the Occupy movement local campaigns for change and lone acts of personal resistance be understood as events Within the field of Events Management the content of events is generally analyzed within three categories culture sport or business Such a typology can be helpful as a heuristic for interpretation and analysis within a commercial paradigm However this framework overlooks and depoliticizes a significant variety of events those more accurately construed as protest *Protests as Events* is the first book to explore activism as a leisure activity and protests as events using a fresh interpretation of event to develop a new critical politics of events and leisure Bringing together a range of cutting edge research from around the world it explores a variety of protests through the lens of events studies and leisure in order to understand how the study of events management might be conceptualized in the protest space

Tourism, Creativity and Development Greg Richards, Julie Wilson, 2007-11-07 Destinations across the world are beginning to replace or supplement culture led development strategies with creative development This book critically analyzes the impact and effectiveness of creative strategies in tourism development and charts the emergence of creative tourism Why has creativity become such an important aspect of development strategies and of tourism development in particular Why is this happening now apparently simultaneously in so many destinations across

the globe What is the difference between cultural tourism and creative tourism These are among the important questions this book answers It critically examines the developing relationship between tourism and creativity the articulation of the creative turn in tourism and the impact this has on theoretical perspectives and practical approaches to tourism development A wide range of examples from Europe North America Asia Australia and Africa explore the interface between tourism and creativity including creative spaces and places such as cultural and creative clusters and ethnic precincts the role of the creative industries and entrepreneurs in the creation of experiences creativity and rural areas the creative class and tourism lifestyle creativity and tourism and marketing creative tourism destinations The relationship between individual and collective forms of creativity and the widely differing forms of modern tourism are also discussed In the concluding section of the book the contribution of creativity to tourism and to development strategies in general is assessed and areas for future research are outlined The diverse multidisciplinary contributions link theory and practice and demonstrate the strengths and weaknesses of creativity as a tourism development strategy and marketing tool It is the first exploration of the relationship between tourism and creativity and its consequences for tourism development in different parts of the world *Constitutionalizing Economic Globalization* David Schneiderman, 2008-03-27 Are foreign investors the privileged citizens of a new constitutional order that guarantees rates of return on investment interests Schneiderman explores the linkages between a new investment rules regime and state constitutions between a constitution like regime for the protection of foreign investment and the constitutional projects of national states The investment rules regime as in classical accounts of constitutionalism considers democratically authorized state action as inherently suspect Despite the myriad purposes served by constitutionalism the investment rules regime aims solely to enforce limits both inside and outside of national constitutional systems beyond which citizen driven politics will be disabled Drawing on contemporary and historical case studies the author argues that any transnational regime should encourage innovation experimentation and the capacity to imagine alternative futures for managing the relationship between politics and markets These objectives have been best accomplished via democratic institutions operating at national sub national and local levels *Communication Rights and Social Justice* C. Padovani, A. Calabrese, 2014-06-26 Placing struggles for communication rights within the broader context of human rights struggles in the twentieth and twenty first centuries this broad based collection offers a rich range of illustrations of national regional and global struggles to define communication rights as essential to human needs and happiness *The Leisure Commons* Payal Arora, 2014-06-27 There is much excitement about Web 2 0 as an unprecedented novel community building space for experiencing producing and consuming leisure particularly through social network sites What is needed is a perspective that is invested in neither a utopian or dystopian posture but sees historical continuity to this cyberleisure geography This book investigates the digital public sphere by drawing parallels to another leisure space that shares its rhetoric of being open democratic and free for all the urban park It makes the case that the history and politics of public parks as an urban

commons provides fresh insight into contemporary debates on corporatization democratization and privatization of the digital commons This book takes the reader on a metaphorical journey through multiple forms of public parks such as Protest Parks Walled Gardens Corporate Parks Fantasy Parks and Global Parks addressing issues such as virtual activism online privacy surveillance digital labor branding and globalization of digital networks Ranging from the 19th century British factory garden to Tokyo Disneyland this book offers numerous spatial metaphors to bring to life aspects of new media spaces Readers looking for an interdisciplinary historical and spatial approach to staid Web 2 0 discourses will undoubtedly benefit from this text

Routledge Handbook of Media Law Monroe Price,Stefaan Verhulst,Libby Morgan,2013-01-04 Featuring specially commissioned chapters from experts in the field of media and communications law this book provides an authoritative survey of media law from a comparative perspective The handbook does not simply offer a synopsis of the state of affairs in media law jurisprudence rather it provides a better understanding of the forces that generate media rules norms and standards against the background of major transformations in the way information is mediated as a result of democratization economic development cultural change globalization and technological innovation The book addresses a range of issues including Media Law and Evolving Concepts of Democracy Network neutrality and traffic management Public Service Broadcasting in Europe Interception of Communication and Surveillance in Russia State secrets leaks and the media A variety of rule making institutions are considered including administrative and judicial entities within and outside government but also entities such as associations and corporations that generate binding rules The book assesses the emerging role of supranational economic and political groupings as well as non Western models such as China and India where cultural attitudes toward media freedoms are often very different Monroe E Price is Director of the Center for Global Communication Studies at the Annenberg School for the University of Pennsylvania and Joseph and Sadie Danciger Professor of Law and Director of the Howard M Squadron Program in Law Media and Society at the Cardozo School of Law Stefaan Verhulst is Chief of Research at the Markle Foundation Previously he was the co founder and co director with Professor Monroe Price of the Programme in Comparative Media Law and Policy PCMLP at Oxford University as well as senior research fellow at the Centre for Socio Legal Studies Libby Morgan is the Associate Director of the Center for Global Communication Studies at the Annenberg School for the University of Pennsylvania

Canada and the United States David M. Thomas,Christopher Sands,2023-06-26 Canada and the United States explains across fifteen diverse areas why and how Canada and the United States are still so different The book discusses whether or not these differences are growing the key results of such differences and the major challenges to be faced in each system Focusing on institutions political cultures and social values the book shows how both federal systems are extremely complex and how our institutions cultures and historical experiences often lead to very different outcomes The fifth edition discusses the emergence of vital new issues including the pandemic and its effects climate change energy requirements increasing international tensions and new trade problems This book also reviews

massive budgetary changes new forms of protest emerging in Canada and an ongoing political crisis in the US instigated by a former president convincing millions that the 2020 election was a hoax Written by leading scholars in their field Canada and the United States reveals how the two countries compare when dealing with similar problems that often spill across the border

The Network Society Darin Barney, 2013-05-20 In *The Network Society* Darin Barney provides a compelling examination of the social political and economic implications of network technologies and their application across a wide range of practices and institutions Are we in the midst of a digital revolution Have new information and communication technologies given birth to a new form of society or do they reinforce and extend existing patterns and relationships This book provides a clear and engaging discussion of these and other questions Using a sophisticated model of the relationship between technology and society Barney investigates both what has changed and what has remained the same in the age of the Internet Among the issues discussed are debates concerning the emergence of a knowledge economy digital restructuring of employment and work globalization and the status of the nation state the prospects of digital democracy the digital divide new social movements and culture community and identity in the age of new media This book provides an accessible resource for a thoughtful engagement with life in the network society It will be essential reading for students in sociology and media and communication studies This will be a valuable textbook for undergraduate students of sociology and media and communication studies

Territory, Democracy and Justice S. Greer, 2005-12-16 *Territory Democracy and Justice* brings together experts from six countries to ask what territorial decentralization does and what it means for democracy policymaking and the welfare state Integrated and international in a fragmented field the chapters identify the importance and consequences of territorial decentralization The authors analyze the successes the generalizable ideas and the international lessons in the study of comparative territorial politics as well as new directions for research

Globalization, Philanthropy, and Civil Society Soma Hewa, Darwin Stapleton, 2005-09-13 Examines complex and diverse links between philanthropy civil society and globalization as a single theme that goes beyond standard economic interpretations Has the potential to generate interest among a wider audience of academics public policy makers and administrators in the field of philanthropy civil society and globalization

Territoriality, Asymmetry, and Autonomy S. Henders, 2010-03-01 Minority special status arrangements figure prominently in efforts to articulate universality with territorialized difference in many parts of the world Yet much of what has been written about this important modality of the asymmetrical state has focused exclusively on the liberal democratic West This book extends the analysis It offers a structured focused comparison of the experience of the People's Republic of China France and Spain Case studies on central Tibet Hong Kong Corsica and Catalonia are used to identify the conditions that affect the degree to which special status arrangements enhance stability while improving the citizenship of both minority territorial communities and their more vulnerable residents

Beyond Control Shirley Paré, Vern Neufeld Redekop, 2010-02-05 This book is available as open access through the Bloomsbury Open

Access programme and is available on www.bloomsburycollections.com What is refreshing about *Beyond Control* is the vision for the kind of society in which protestors and police recognize their mutual humanity as well as how both are needed for a democratic society to function well From the Foreword by Archbishop Desmond Tutu How can large protest crowds be better and more respectfully managed by police This topical book applies the principles of community based conflict resolution to the policing of large crowds suggesting a completely new approach that moves away from the discourse of rabble rousing mobs towards negotiated management and a paradigm of mutual respect for protestors as principled dissenters and for police as non repressive agents of public order Both are needed the authors argue in order for democracy to flourish **In**

the Shadows of the Holocaust and Communism Alena Heitlinger, 2017-07-12 When traumatic historical events and transformations coincide with one's entry into young adulthood the personal and historical significance of life course transitions interact and intensify In this volume Alena Heitlinger examines identity formation among a generation of Czech and Slovak Jews who grew up under communism coming of age during the de Stalinization period of 1962-1968 Heitlinger's main focus is on the differences and similarities within and between generations and on the changing historical and political circumstances of state socialism communism that have shaped an individual's consciousness and identity as a Jew assimilated Czech Slovak Czechoslovak and where relevant as an emigre or an immigrant The book addresses a larger set of questions about the formation of Jewish identity in the midst of political upheavals secularization assimilation and modernity Who is a Jew How is Jewish identity defined How does Jewish identity change based on different historical contexts How is Jewish identity transmitted from one generation to the next What do the Czech and Slovak cases tell us about similar experiences in other former communist countries or in established liberal democracies Heitlinger explores the official and unofficial transmission of Holocaust remembering and non remembering the role of Jewish youth groups attitudes toward Israel and Zionism and the impact of the collapse of communism This volume is rich in both statistical and archival data and in its analysis of historical institutional and social factors Heitlinger's wide ranging approach shows how history generational and individual biography intertwine in the formation of ethnic identity and its ambiguities *Inclusive Equality* Colleen

Sheppard, 2010 An innovative work that outlines new ways to think about equality and law *Communities Across Borders* Paul Kennedy, Victor Roudometof, 2003-08-27 *Communities across Borders* examines the many ways in which national ethnic or religious groups professions businesses and cultures are becoming increasingly tangled together It shows how this entanglement is the result of the vast flows of people meanings goods and money that now migrate between countries and world regions Now the effectiveness and significance of electronic technologies for interpersonal communication including cyber communities and the interconnectedness of the global world economy simultaneously empowers even the poorest people to forge effective cultures stretching national borders and compels many to do so to escape injustice and deprivation

Music in Range Brian Fauteux, 2015-11-02 *Music in Range* explores the history of Canadian campus radio highlighting

the factors that have shaped its close relationship with local music and culture The book traces how campus radio practitioners have expanded stations from campus borders to surrounding musical and cultural communities by acquiring FM licenses and establishing community based mandates The culture of a campus station extends beyond its studio and into the wider community where it is connected to the local music scene within its broadcast range The book examines campus stations and local music in Vancouver Winnipeg and Sackville NB and highlights the ways that campus stations through music based programming their operational practices and the culture under which they operate produce alternative methods and values for circulating local and independent Canadian artists at a time when ubiquitous commercial media outlets do exactly the opposite Music in Range sheds light on a radio sector that is an integral component of Canada's musical and cultural fabric and positions campus radio as a worthy site of attention at a time when connectivity and sharing between musicians music fans and cultural intermediaries are increasingly shaping our experience of music radio and sound

Understanding Canadian Public Administration Gregory J. Inwood, 2025-03-07 Understanding Canadian Public Administration introduces students to both the theory and the practice of public administration in Canada It surveys the basic elements of the field in a historical context but with close attention to contemporary issues and developments to emphasize the real day to day impacts of public administration The text provides an overview of the field in the context of democratic government including a comparison of the roles of the private and public sectors The real world of government is examined with a focus on how theoretical ideas are translated into practice This fifth edition features updates on topical issues and new developments in the field including the impact of the Covid 19 pandemic on governmental policy and action as well as new and updated sections on Aboriginal self government human resources accountability financial management and intergovernmental administrative relations Understanding Canadian Public Administration invites students to examine the issues of public administration from their own viewpoints and through their own experiences bringing the field to life and making it immediately relevant to their current context
