"Guns Don't Kill People, People Kill People" Dennis A. Henigan,2016-07-26 A must read for every American who longs to bring sanity to our nation s gun laws this book debunks the lethal logic behind the myths that have framed the gun control debate Ariana Huffington Huffington Post The gun lobby s remarkable success in using engaging slogans to frame the gun control debate has allowed it to block lifesaving gun legislation for decades But is there any truth to this bumper sticker logic Dennis Henigan exposes the mythology and misguided thinking at the core of these pro gun catchphrases which continue to have an outsized influence on public attitudes toward guns and gun control Pro Gun Myths Include When guns are outlawed only outlaws will have guns An armed society is a polite society The only thing that stops a bad guy with a gun is a good guy with a gun Gun control doesn t work because criminals don t follow the law Gun manufacturers shouldn t be responsible for gun crime any more than Budweiser is responsible for drunk driving We don t need new gun laws We just need to enforce the ones we have Gun control is a slippery slope to complete gun bans Henigan counters the gun lobby s messages by weaving together the most compelling current research and insights drawn from the grim reality of deadly gunfire in our homes and communities Henigan charts a new path toward ending the American nightmare of gun violence
