Bibliographic Guide to Maps and Atlases, 2003 We Belong Here Shani Adia Evans, 2025-01-16 A landmark study that shows how Black residents experience and respond to the rapid transformation of historically Black places Although Portland Oregon is sometimes called America's whitest city Black residents who grew up in the neighborhoods of northeast Portland have made it their own The district of Albina also called Northeast was their haven and a hub of Black community life But between 1990 and 2010 Albina changed dramatically it became majority white In *We Belong Here* sociologist Shani Adia Evans offers an intimate look at gentrification from the inside documenting the reactions of the residents of Albina as the racial demographics of their neighborhood shift As white culture becomes centered in Northeast Black residents recount their experiences with what Evans refers to as white watching the questioning look on the faces of white people they encounter which conveys an exclusionary message What are you doing here This Evans shows is a prime example of what she calls white spacemaking the establishment of white space spaces in which whiteness is assumed to be the norm in formerly non white neighborhoods While gentrification typically describes socioeconomic changes that may have racial implications white spacemaking allows us to understand racism as a primary mechanism of neighborhood change *We Belong Here* illuminates why gentrification and white spacemaking should be examined as intersecting but not interchangeable processes of neighborhood change

Beyond the Epic Gene Phillips, 2006-11-24 Two time Academy Award winner Sir David Lean 1908-1991 was one of the most prominent directors of the twentieth century responsible for the classics *The Bridge on the River Kwai* 1957 *Lawrence of Arabia* 1962 and *Doctor Zhivago* 1965 British born Lean asserted himself in Hollywood as a major filmmaker with his epic storytelling and panoramic visions of history but he started out as a talented film editor and director in Great Britain As a result he brought an art house mentality to blockbuster films Combining elements of biography and film criticism *Beyond the Epic The Life and Films of David Lean* uses screenplays and production histories to assess Lean's body of work Author Gene D Phillips interviews actors who worked with Lean and directors who knew him and their comments reveal new details about the director's life and career Phillips also explores Lean's lesser studied films such as *The Passionate Friends* 1949 *Hobson's Choice* 1954 and *Summertime* 1955 The result is an in depth examination of the director

in cultural historical and cinematic contexts Lean's approach to filmmaking was far different than that of many of his contemporaries. He chose his films carefully and as a result directed only sixteen films in a period of more than forty years. Those films however have become some of the landmarks of motion picture history. Lean is best known for his epics but Phillips also focuses on Lean's successful adaptations of famous works of literature including retellings of plays such as *Brief Encounter* 1945 and novels such as *Great Expectations* 1946 *Oliver Twist* 1948 and *A Passage to India* 1984. From expansive studies of war and strife to some of literature's greatest high comedies and domestic dramas Lean imbued all of his films with his unique creative vision. Few directors can match Lean's ability to combine narrative sweep and psychological detail and Phillips goes beyond Lean's epics to reveal this unifying characteristic in the director's body of work. *Beyond the Epic* is a vital assessment of a great director's artistic process and his place in the film industry. Hot Blood Ken Englade, 2023-04-04 The disappearance of fabulously rich Chicago candy heiress Helen Brach and the suspicious deaths of a string of champion racehorses are linked in a celebrated scandal that has reverberated through every level of the glamorous enclaves of thoroughbred horse breeding. When widowed heiress Helen Brach suddenly disappeared on the morning of February 17 1977 after a visit to the Mayo Clinic she left behind a lavender Rolls Royce Cadillacs in red pink and coral an

eighteen room mansion and a fortune now estimated at 75 million She also left behind a mystery that would tantalize investigators for years When Assistant US Attorney Steven Miller assigned himself the challenge of solving the Brach case he never imagined an investigation of the horse world would lead to a charming gigolo named Richard Bailey who made a career of romancing wealthy women out of huge sums of money a shadowy figure called The Sandman who made his living by killing priceless horses so that their owners could collect insurance and the ghastly murder of three children in 1955 **The**

Hewlett's *The Fool Errant* stands as a captivating work of historical fiction taking readers on an adventurous journey through the eyes of Francis Anthony Strelley Esq who chronicles his escapades and observations as a citizen of the Renaissance city state of Lucca. Hewlett's narrative is steeped in the rich tapestry of the era utilizing a prose style reflective of the period which immerses the reader in a detailed old world experience. Set against the literary backdrop of early 20th century historical and romantic novels, Hewlett's work echoes the contemporaneous fascination with Renaissance Italy and its cultural ebullience while also delivering an introspective study of its protagonist. The book's restoration by DigiCat Publishing ensures that such historically infused literature endures allowing modern readers an accessible passage into the cherished lexicon of the past. In the second paragraph we delve into the literary context in which *The Fool Errant* was created. Maurice Hewlett, having been a prominent figure in the literary circles at the turn of the century, was well versed in the textures of past times. His passion for intertwining the personal adventures of his characters with the larger fabric of historical events may well have been influenced by his role as a Keeper at the Land Revenue Records and a fervent student of medieval and Renaissance history. In producing this particular narrative, Hewlett's erudition and romanticism coalesce painting a vivid portrait of an individual's quest for identity amidst the vast pageant of historical progression. Finally, *The Fool Errant* is highly recommended for readers who revel in the exploration of historical worlds through the medium of literary art. The text serves not only as a mirror to the bygone societal landscapes but also as a timeless reflection on the universally human experience of growth and discovery. Maurice Hewlett's craftsmanship in both character development and atmospheric settings makes this novel an indispensable addition to the collections of classic literature aficionados and those looking to traverse the intricate intersections of personal journey and historical milieu.
