*African American Women's Health and Social Issues* Catherine Fisher Collins, 2006-07-30 Written by a team of experts that includes doctors nurses social workers psychologists and chemists this handbook focuses on the diseases that pose the greatest threat to African American women today Topics include African American women and heart disease sickle cell breast cancer diabetes HIV and AIDS as well as mental illness Social issues that affect health are also examined including poverty homelessness stress racism sexism and treatment disparities Two thirds of the chapters are all new with fresh topics and information and the remaining chapters have been completely updated

[Race and Other Misadventures](#) Larry T. Reynolds, Leonard Lieberman, 1996

[Handbook of Methods in Cultural Anthropology](#) H. Russell Bernard, Clarence C. Gravlee, 2014-07-08 The Handbook of Methods in Cultural Anthropology now in its second edition maintains a strong benchmark for understanding the scope of contemporary anthropological field methods Avoiding divisive debates over science and humanism the contributors draw upon both traditions to explore fieldwork in practice The second edition also reflects major developments of the past decade including the rising prominence of mixed methods the emergence of new technologies and evolving views on ethnographic writing Spanning the chain of research from designing a project through methods of data collection and interpretive analysis the Handbook features new chapters on ethnography of online communities social survey research and network and geospatial analysis Considered discussion of ethics epistemology and the presentation of research results to diverse audiences round out the volume The result is an essential guide for all scholars professionals and advanced students who employ fieldwork

**Social Epidemiology** Lisa F. Berkman, Ichiro Kawachi, 2000-03-09 The authors of this groundbreaking text define social epidemiology as the study of the social determinants of health implying that an important goal of public health is to identify and address factors in the social environment that may be related to health outcomes In the first systematic account of this field they focus on the major social

variables that influence health including socioeconomic position income distribution race ethnicity gender social networks social support social capital and community cohesion work environment life transitions and affective psychological states Individual chapters describe the conceptualization and measurement of each social variable as well as the empirical evidence linking them to a broad range of mental physical and behavioral health outcomes The volume draws on the expertise of an internationally renowned group of scholars representing the diversity of disciplines relevant to this emerging field from sociology and psychology to physiology and medicine The approaches covered by the chapters span the range from formulating and testing hypotheses about the links between social conditions and health to designing and implementing interventions and social policies to improve population health The challenge of persistent social inequalities in health across the globe makes this a timely publication The book will be an indispensable introduction to the field for students researchers practitioners and policy analysts

**Oppression** Elizabeth McGibbon,2021-04-30T00:00:00Z In this current environment it is urgent to understand how oppression and health are closely connected Oppression A Social Determinant of Health offers a thorough and accessible overview of the root or structural causes of ill health such as capitalism globalization colonialism medicalization and neoliberalism The contributors to this volume insist that the key to tackling these structural forces is understanding and changing oppressive practices that cause ill health thus reframing growing health inequities within the scope of moral responsibility and social change This thoroughly updated second edition contains contributions from internationally recognized experts in the field of critical social science analyses in health systems and health sciences studies New chapters provide timely discussions about oppression Treaty Rights Big Pharma the Anthropocene and the COVID 19 pandemic This book provides a comprehensive overview of core ideas for investigating how oppression gets under the skin to perpetuate health inequities

**Health and Lifestyle Change** Rebecca Huss-Ashmore,Joan Schall,Mary Hediger,1992-06-29 The health impacts of changing behavior and lifestyle in a range of prehistoric historic and extant populations are examined in this volume Of particular interest to the authors is the identification of issues that link past and present and the ability of research on disease in the past to shed light on modern health problems MASCA Vol 9

**Human Behavior** Alan Stoudemire,1998 Now in its revised updated Third Edition Dr Stoudemire s introduction to behavioral science remains the ideal text for the human behavior course taken by first year and second year medical students The book emphasizes a biopsychosocial model that enables students to fully understand behavior in health and illness Over half of the chapters have been completely rewritten for this edition This text is an excellent companion to the Third Edition of Stoudemire s Clinical Psychiatry for Medical Students

**Community Corrections in America** Arthur J. Lurigio,1999-08 Report by the National Coalition for Mental and Substance Abuse Health Care in the Justice System which has led the way in establishing a platform to address the mental health and co disorders needs of adult and juvenile offenders an increasing problem This report proposes new directions for community corrections in handling persons with mental health and co

disorders at a time when some policy makers are pushing for more punitive sanctions for all offenders It focuses specifically on addressing and improving the provision of mental health services to persons living in our communities being supervised by Community Corrections      National Library of Medicine Current Catalog National Library of Medicine (U.S.),1991
