These are the proceedings of the Third International Interdisciplinary Conference on Stress and Tension Control sponsored by the International Stress and Tension Control Society held at the University of Edinburgh Scotland from August 30 September 3 1988 The Society celebrated the 15th year of its existence It was founded in 1974 as the American Association for the Advancement of Tension Control which held annual meetings in Chicago through 1979 Recognizing the multi national interest in stress and tension control the association changed its name and scope accordingly The original American Association was founded and nurtured for many years by Dr and Mrs Edmund Jacobson and Professor F J McGuigan The proceedings of the first international conference in London were also published by Plenum Publishing Company Stress and Tension Control McGuigan Sime and Wallace 1980 as were those of the second international conference which was held at the University of Sussex in Brighton England McGuigan Sime and Wallace 1984 These and the publication of the proceedings from 1974 reflect the interest in stress and tension control that has grown steadily throughout the past decades as also does the publication of numerous other books related to Stress Management      *Stress and Tension Control 2* F. J.

McGuigan,Wesley E. Sime,J. Macdonald Wallace,2012-12-06 The Second International Interdisciplinary Conference on Stress and Tension Control sponsored by the International Stress and Tension Control Society was held at The University of Sussex Brighton England during the period August 30 September 3 1983 The Society has evolved from the American Association for the Advancement of Tension Control which met each year for five years in Chicago commencing in 1974 and for which proceedings such as these were published annually Because of an international flavor which the association gradually acquired the name was changed to that of The International Stress and Tension Control Association That organization met in London in 1979 and then in Louisville Kentucky in 1981 in conjunction with The Biofeedback Society of America The proceedings of that first international conference in London were also published by Plenum Publishing Company Stress and Tension Control McGuigan Sime and Wallace 1981 Because the results of that first conference were so gratifying this second conference was scheduled with similar consequences These proceedings are offered for the purpose of advancing our methods of coping with stress through tension control for excessive bodily tension can indeed result from failure to adapt to the many stresses of life that we all continually face As we are well aware the consequences of chronic overtension can be disastrous in many ways for the human body      **Calm Down** Frank J. McGuigan,1981-01-01 Describes the nature of stress and shows how to use the Progressive Relaxation Method to relieve tension and improve mental and physical well being
