## **Stretch Swallow And Stare:**

**Stretch, Swallow & Stare** Veronika Martenova Charles, 1999 Stretch was not like other people She could stretch her body taller than the tallest tree People didn't trust her because she was different That's why she lived in the forest Swallow could eat more food than anyone The villagers made fun of her because she was short and fat That's why she left town Stare's eyes were so strong they could burn through anything she looked at Everyone was afraid of her That's why she stayed alone And then there was Ira small skinny and short sighted with nobody in the world to help him search for his missing sister Somehow these four unlikely characters come together and overcome all obstacles even the most evil magic in the land Veronika Martenova Charles has drawn upon an old Czech fairy tale to create her own contemporary story about the strength of friendship and the value of being different *The Storymakers* Canadian Children's Book Centre, 1999 This valuable resource features the colourful biographies of 72 illustrators and artists whose works are considered among the best in the world Told in the artists own words these biographies offer fascinating insights into their lives and feature a sample illustration from one of their favourite books Discover how these fantastic artists work what their favourite books are who influenced them and how they came to illustrate children's books

**Notable American Women with Czechoslovak Roots** Miloslav Rechcigl Jr., 2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role

**Encyclopedia of Bohemian and Czech-American Biography** Miloslav Rechcigl Jr., 2016-11-10 As the Czech ambassador to the United States H E Petr Gandalovic noted in his foreword to this book that Mla Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America The Encyclopedia of Bohemian and Czech American Biography is a unique and unparalleled publication The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren in the seventeenth and eighteenth centuries the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism The encyclopedia has been planned as a representative a comprehensive and authoritative reference tool encompassing over 7 500 biographies This

prodigious and unparalleled encyclopedic vade mecum reflecting enduring contributions of notable Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history **Quill & Quire** ,1999 **Canadian Book Review Annual** ,1999 **Best Books for Children** Catherine Barr,2006 Contains more than 25 000 titles of books recommended for children in grades K 6 *A New Dictionary of the English and Dutch Language* Dirk Bomhoff,1832 **We Can Never Leave** H.E.
