Strike Craft Warships:

Strike Craft Antony Preston, 1982 Military Ships Patrol Boats New Contree, 2000 **The Last Epic Naval Battle** David Sears, 2005-06-30 Often overshadowed by other Pacific War engagements such as Midway or Guadalcanal the Battle of Leyte Gulf was characterized by some of the most gallant hours in seagoing history the U S Navy's defeat of the combined Japanese fleet during the invasion of the Philippines in October 1944 Involving more ships than even the gargantuan First World War Battle of Jutland and two hundred thousand men it was the biggest naval battle in world history It marked the last time that huge capital ships fought within sight and sound of each other Using the personal accounts of the men who were there Sears tells this mammoth and compelling story This moving tale uses personal accounts of the veterans who achieved victory in the biggest and last great naval battle largely fought with aging ships untested reserve crews and teenaged combat aircraft pilots Often overshadowed by other Pacific War engagements such as Midway or Guadalcanal the Battle of Leyte Gulf was characterized by some of the most gallant hours in seagoing history the U S Navy's defeat of the combined Japanese fleet during the invasion of the Philippines in October 1944 Involving more ships than even the gargantuan First World War Battle of Jutland and two hundred thousand men it was the biggest naval battle in world history It marked the last time huge capital ships fought within sight and sound of each other Using the personal accounts of the men who were there Sears tells this mammoth and compelling story The Battle of Leyte Gulf could have been the Pacific War's Battle of the Bulge In a space of 12 hours Japan a beaten cornered enemy was able to devise and execute a strategy that very nearly pierced the heart of America's war machine The real margin of victory would come from surprising quarters from aging ships risen from the graveyard of the war's infamous first day from small hastily constructed ships with largely untested reserve crews from fragile support ships never intended to be anywhere near battles of this scale and from combat aircraft piloted by teenagers

Research Handbook on the Arms Trade Andrew T.H. Tan, 2020-12-25 This comprehensive Research Handbook examines the key drivers of the arms trade mapping the main trends in Asia Europe the Middle East Africa and Latin America It also explores the principal defence markets internationally including the US China India Russia and the UK in greater detail **The Ambassador** A. Micheal Poulin, 2025-05-13 A thousand year conflict has made its way to Earth's doorstep Devastating losses have caused the Oide to make a desperate decision to include an obscure species humans in the ambassador selection cycle This decision will change the fate of the galaxy and the human race forever Marcus Westbrook is a retiring military officer and we experience his final months in uniform and the challenges of his new role as a supporting husband and father The human race is turned upside down when the Evaluator arrives Inept and frightened government leadership try to keep their populations calm as the alien craft explores the planet looking for a candidate It finds only one Marcus must make a difficult choice leave his family for an uncertain future and likely death or condemn the human race to a dark force threatening the entire galaxy Pain blood sweat and tears are Marcus's rewards in the selection process His

perseverance and dedication prove worthy of the duties of the ambassador Betrayal from the heart of the Oide threatens to crush his resolve and push him to the breaking point But it is a loss so personal that drives him beyond the point of reason He discovers this was the plan all along The final plan to crush the Noyor threat But have the Oide gone too far **Lloyd's**

Register Technical Association Session 1985-1986 Lloyd's Register Foundation,1985-01-01 The Lloyd s Register Technical Association LRTA was established in 1920 with the primary objective of sharing technical expertise and knowledge within Lloyd s Register Publications have consistently been released on a yearly basis with a brief interruption between 1938 and 1946 These publications serve as a key reference point for best practices and were initially reserved for internal use to maximise LR s competitive advantage Today the LRTA takes a fresh approach focusing on collaboration by combining professional expertise from across LRF Group to ensure a frequent output of fresh perspectives and relevant content The LRTA has evolved into a Group wide initiative that identifies captures and shares knowledge spanning various business streams and functions To support this modern approach the LRTA has adopted a new structure featuring representatives and senior governance across the business streams and the LR Foundation The Lloyd s Register Technical Association Papers should be seen as historical documents representing earlier viewpoints and are not reflective of current thinking and perspectives by the current LR Technical Association The Lloyd s Register Staff Association LRSA changed its name to the Lloyd s Register Technical Association LRTA in 1973 *Geoeconomics and Geosecurities in the Indian Ocean Region*

Timothy Doyle,2018-04-19 There are important changes in regional and global demographics ahead of us A profound rise in the number of citizens in the Indian Ocean Region in the next fifty years will have significant impacts on the state on the nature and operation of markets and the neo liberal framework they operate in and raise new challenges for regional security This book considers the insufficient dialogue between ever increasing and closer connections between geo economics and geo securities in the Indian Ocean Region and highlights some of the challenges This book takes a broader understanding of security than what is usually meant in more traditional security frameworks in politics and international relations Economic and politics are integrally and obviously related This book considers regional themes such as discourses around strategic competition models of regional cooperative security Indian Ocean Region domestic economies contexts and the military industrial complex and regional models of identity and cultural belonging Regions and regionalisms are increasingly being used to challenge power and the existence of any uniform model of macro politics and macro economics whether it be neo liberalism or otherwise Most importantly these discussions of region enable us to celebrate the similarities that we share as neighbours in a real geographical sense and to comprehend and respect these differences in these rich regional communities of markets cultures and securities This book was previously published as a special issue of the Journal of the Indian Ocean Region **The Last of Africa's Cold War Conflicts** Al J. Venter,2020-05-30 This detailed combat history sheds light on the significant yet overlooked guerilla campaigns in what would become Angola and Guinea Bissou Portugal was the first

European country to colonize Africa It was also the last to leave almost five centuries later During what Lisbon called its civilizing mission the Portuguese weathered numerous insurrections but none as severe as the guerrilla war first launched in Angola in 1961 and two years later in Portuguese Guinea Both the Soviets and the Cubans believed that because the tiny colony of Guinea had no resources Lisbon would soon capitulate But the 11 year struggle became the empire s most strenuous attempt to retain colonial power Though it was overshadowed by the conflict in Vietnam the Soviet led guerrilla campaign in Portuguese Guinea set the scene for the wars that followed in Rhodesia and present day Namibia

Nell's Tavern ,2017-07-17 On a rural roadside while relieving your morning coffee Constable Mike Boone not expect to find a bloody human arm and a growling seven foot tall alien His quiet morning ride to investigate rumors of dead livestock took a grim turn Confronted by aliens totting weapons Boone and his squad found themselves in a war out gunned and outnumbered His planet was supposed to be a quiet backwater world were nothing happen Too bad the chamber of commerce didn t tell the aliens To them a frontier planet without a military looked like lunch Boone realizes he is on his own if the aliens are to be repelled and enlists the aid of an old soldier banished to this world for his part in a bloody stellar conflict Though on opposite sides two decades ago the pair works together to build up resistance to the aliens and make a stand Matter are complicated by the aliens strange ally dragons who appear to want to change sides at a price As the aliens press to finish off Boone and his defenders a human fleet enters the star system bent on driving the alien invasion away With battles in space and on the planet the action rushes to a climax

Battle For Angola Al J. Venter,2017-04-03 Following the publication of Al Venter s successful Portugal s Guerrilla Wars in Africa shortlisted by the New York Military Affairs Symposium s Arthur Goodzeit Book Award for 2013 his Battle for Angola delves still further into the troubled history of this former Portuguese African colony This is a completely fresh work running to almost 600 pages including 32 pages of color photos with the main thrust on events before and after the civil war that followed Lisbon s over hasty departure back to the metr pole There are also several sections that detail the role of South African mercenaries in defeating the rebel leader Dr Jonas Savimbi considered by some as the most accomplished guerrilla leader to emerge in Africa in the past century There are many chapters that deal with Pretoria s reaction to the deteriorating political and military situation in Angola the role of the Soviets and mercenaries in the political transition as well as the civil war that followed With the assistance of several notable military authorities he elaborates in considerable detail on South Africa s 23 year Border War from the first guerrilla incursions to the last In this regard he received solid help from the former the head of 4 Reconnaissance Regiment Colonel Douw Steyn who details several cross border Recce strikes including the sinking by frogmen of two Soviet ships and a Cuban freighter in an Angolan deepwater port Throughout the author was helped by a variety of notable authorities including the French historian Dr Ren P lissier and the American academic and former naval aviator Dr John Jack Cann With their assistance he covers several

ancillary uprisings and invasions including the Herero revolt of the early 20th century the equally troubled Ovambo insurrection as well as the invasion of Angola by the Imperial German Army in the First World War Former deputy head of the South African Army Major General Roland de Vries played a seminal role It was he dubbed South Africa's Rommel by his fellow commanders who successfully nurtured the concept of mobile warfare where in a succession of armored onslaughts thin skinned Ratel Infantry Fighting Vehicles tackled Soviet main battle tanks and thrashed them There is a major section on South African Airborne the Parabats by Brigadier General McGill Alexander one of the architects of that kind of warfare under Third World conditions Finally the role of Cuban Revolutionary Army receives the attention it deserves officially there were almost 50 000 Cuban troops deployed in the Angolan war though subsequent disclosures in Havana suggest that the final total was much higher *The Devil In The Detail* Paul Holden,Hennie van Vuuren,2011-11-02 The South African Arms Deal was never a single event Rather it was and still is a series of scandals and outrages all contributing towards a dubious momentum that takes South Africa further away from transparent democratic practice The Devil in the Detail written by two of South Africa's leading researchers on the subject takes the reader on a journey of insight Witness at close hand the breaking open of State secrets with tales of outrageous personal enrichment Explore how the Arms Deal emerged out of the criminal networks of both the old SADF and the ANC's security apparatus raising questions as to whether South Africa's remarkable transition was not oiled at key points by criminal intent and collusion Follow the trail of the various offset deals done after the Arms Deal cumulatively worth just as much as and discover that corruption continues to impact on defence spending in South Africa Examine the economics and witness how the Arms Deal was not only economically irrational but virtually suicidal almost single handedly derailing the post apartheid economic project Finally read about the rise of the shadow state the politicisation of prosecutions and the rise of the spooks The remarkable conclusion of this landmark study is that years after the deal took place the forces that drove its decisions have only grown in strength further blighting South Africa's prospects for a future in which all may have a share **Halo Encyclopedia (Deluxe Edition)**

Paulhus,2025-02-11 There is so much to see he would say to her when she was a child why would anyone want to stay on the ground forever Wildcat is the story of Natalie Annikki a young woman who dreams of the freedom of flying She knows that the quickest way to the sky and space beyond is the Omasye Space Council the interstellar navy of the Altherian Empire But

her people are on the edge of total war with their neighbors and rising border incidents have claimed many lives including her father's. When Natalie receives two cryptic messages in flight school she knows that her father's death was not like the others. To her becoming a fighter pilot is the first step in finding the truth. But if she wants to know why her father died she must first survive the largest battle in human history. Congressional Record United States. Congress, 1980. Like some carnivorous cancer, the Bugs had overrun planet after planet. The Grand Alliance of Humans, Orions, Ophiuchi, and Corm united in desperate self-defense. Jacket. **African Navies** Timothy Stapleton, 2022-11-11. This edited volume focuses on aspects of the understudied theme of African sea power, including African navies and the engagement of non-African navies with the continent. Africa possesses 48,000 kilometers of coastline, comprising 38 out of 54 of the continent's states, and several strategic choke points for international shipping, such as the Suez Canal, the Gulf of Aden, and the Cape of Good Hope. Nevertheless, post-colonial Africa's small navies and their relations with the navies of external powers have not received much scholarly attention. Focusing on Sub-Saharan Africa, this collection attempts to address this neglect and stimulate further research by offering original chapters related to historical and contemporary themes around Africa's navies. The historical chapters cover the origin of the Tanzanian, Ethiopian, Nigerian, and Ghana navies during the era of decolonization and the Cold War, the asymmetrical naval campaign fought during the Nigerian Civil War, 1967-70, and the activities of the Soviet Navy in supporting African states and movements fighting lingering colonialism and white supremacy during the 1970s and 1980s. Focusing on the contemporary situation, other chapters discuss the engagement of the Indian Navy with Africa, the potential role of the Angolan and Mozambican navies in the Southern African Development Community (SADC), the transformation and development of the post-apartheid South African Navy, and the challenges and capabilities of African navies in the early twenty-first century. The book concludes by discussing the question of whether African coastal countries need navies. This book will be of much interest to students of naval power, strategic studies, African politics, and International Relations. Chapters 1, 2, 6, and 8 of this book are available for free in Open Access at www.taylorfrancis.com. It has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license. **Militaria**, 1980.
