A Short History of the Hebrews to the Roman

Period (Classic Reprint) Robert L. Ottley,2018-01-04 Excerpt from A Short History of the Hebrews to the Roman Period HE present Short History is an attempt to furnish teachers or students of the Old Testament with a sketch of the actual course of Hebrew history somewhat more consistent with the present state of our knowledge than the text books now in use The book presupposes and is intended to encourage a careful and intelligent study of the text of the Bible With a brief outline of the history in his hands a thoughtful student is probably best left to himself In regard to many points of detail he must freely use his own judgment and the broad lessons moral and religious of the history may be trusted to impress themselves on his mind without the aid of a manual About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Hebrew Grammar, for the use of schools and**
