Studier Fra Sprogog 339:

Studier fra sprog- og oldtidsforskning, 1909 Studier fra sprog- og oldtids forskning Filologisk-historiske samfund (Denmark), 1908 Volume 10, Tome I: Kierkegaard's Influence on Theology Jon Stewart, 2016-12-05 Kierkegaard has always enjoyed a rich reception in the fields of theology and religious studies This reception might seem obvious given that he is one of the most important Christian writers of the nineteenth century but Kierkegaard was by no means a straightforward theologian in any traditional sense He had no enduring interest in some of the main fields of theology such as church history or biblical studies and he was strikingly silent on many key Christian dogmas Moreover he harbored a degree of animosity towards the university theologians and churchmen of his own day Despite this he has been a source of inspiration for numerous religious writers from different denominations and traditions Tome I is dedicated to the reception of Kierkegaard among German Protestant theologians and religious thinkers The writings of some of these figures turned out to be instrumental for Kierkegaard's breakthrough internationally shortly after the turn of the twentieth century Leading figures of the movement of dialectical theology such as Karl Barth Emil Brunner Paul Tillich and Rudolf Bultmann spawned a steadily growing awareness of and interest in Kierkegaard's thought among generations of German theology students Emanuel Hirsch was greatly influenced by Kierkegaard and proved instrumental in disseminating his thought by producing the first complete German edition of Kierkegaard's published works Both Barth and Hirsch established unique ways of reading and appropriating Kierkegaard which to a certain degree determined the direction and course of Kierkegaard studies right up to our own times *The Year's Work in Modern Language Studies*, **The Edda** R.J. Glendinning, Haraldur Bessason, 1983-12-01 Twelve essays are presented by outstanding authorities in Nordic medieval studies These essays range from treatment of broad aspects of the Edda to consideration of single poems to analysis of parts of specific works An attractive and important collection for every scholar of Old Scandinavian **Old Norse-Icelandic Literature** Medieval Academy of America, 2005-01-01 In the past few decades interest in the rich and varied literature of early Scandinavia has prompted a corresponding interest in its background its origins social and historical context and relationship to other medieval literatures Until the 1980s however there was a distinct lack of scholarship in English that synthesized the critical trends and thinking in the field so in 1985 Carol J Clover and John Lindow brought together several of the most distinguished Old Norse scholars to contribute essays for a collection that would finally provide a comprehensive guide to the major genres of Old Norse Icelandic literature The contributors summarize and comment on scholarly work in the major branches of the field eddic and skaldic poetry family and kings sagas courtly writing and mythology Their essays each with a full bibliography make up this vital survey of Old Norse literature in English a basic reference work that has stimulated much research and helped to open up the field to a wider academic readership This volume has become an essential text for instructors and now twenty years after its first appearance it is being republished as part of the Medieval Academy Reprints for Teaching MART

series with a new preface that discusses more recent contributions to the field

Old Norse-Icelandic Literature Carol J. Clover, John Lindow, 2019-06-30 The current revival of interest in the rich and varied literature of early Scandinavia has prompted a corresponding interest in its background its origins social and historical context and relationship to other medieval literatures Even readers with a knowledge of Old Norse and Icelandic have found these subjects difficult to pursue however for up to date reference works in any language are few and none exist in English To fill the gap six distinguished scholars have contributed ambitious new essays to this volume The contributors summarize and comment on scholarly work in the major branches of the field Eddic and skaldic poetry family and kings sagas courtly writing and mythology Taken together their judicious and attractively written essays each with a full bibliography make up the first book length survey of Old Norse literature in English and a basic reference work that will stimulate research in these areas and help to open up the field to a wider academic readership

Chrétien de Troyes Douglas Kelly, 2002 The supplement to the 1976 original bibliography reflects the expanding scope of modern Chrétien studies including items from around the world with the assistance of an international team of scholars The Supplement builds on and completes the Chrétien de Troyes Bibliography first published in 1976 Together the two volumes constitute the fullest and most complete bibliographical source now available on this major medieval author Chrétien de Troyes bequeathed a corpus of highly original and widely influential Arthurian romances Indeed his direct or indirect influence continued throughout the middle ages and beyond into modern times The Bibliography permits students of medieval romance to quickly identify the areas in which Chrétien scholarship has been active Items are listed under twenty two topics with numerous sub sections under each topic and cross references for items that treat more than one of the topics The broad geographic and linguistic scope of modern Chrétien studies is evident in items not only from western Europe and North America but also from the growing body of medieval scholarship in eastern Europe Asia Africa South America and Australasia To ensure accuracy and completeness the editor has been assisted by scholars competent in the many languages in which Chrétien studies are now published most notably in Japanese Welsh Rumanian Hungarian and Polish as well as by other scholars and librarians who generously provided assistance and information in finding items difficult to access

Modernitet eller åndsdannelse? Jens Rahbek Rasmussen, 2003 Diskussion af hvordan Danmark efter 1864 navigerede mellem de europaiske stater og kulturer og kun med forbehold valgte England som mester samt baggrunden for at engelsk med skolereformen i 1903 gik fra at være et marginaliseret valgfag til at blive et hovedfag i det danske gymnasium
