Studies In Jewish Bibliography History And Literature In Honor Of Ed Kiev:

Isaac Edward Kiev, 1972 **Published Material from the Cambridge Genizah Collections**
Cambridge University Library, Paul Fenton, 1988 *The Transformation of German Jewry, 1780-1840* David Sorkin, David Jan Sorkin, 1999 This study analyzes the transformation of German Jewry in the period from 1780 1840 in order to explain why the nature of the most visible Jewry in modern Europe remained essentially invisible to its own members and to subsequent generations German Jewry was the most visible of the modern European Jewries because in its history all of the hallmarks of modernity seemed to have converged in their fullest and most volatile forms *The Transformation of German Jewry 1780 1840* thoroughly explores this period of time when large numbers of Jews were integrated into a non Jewish society Sorkin examines the revolution of German Jewry through the study of journals sermons novels and theological popularizations that constituted this new German Jewish public sphere This study may also be applied beyond the confines of Jewish history for it is a study in the afterlife of the German Enlightenment the Aufkl rung in the culture of liberalism **A Bibliography of the Finds in the Desert of Judah, 1970-95** Donald Parry, Florentino García Martínez, 2018-11-26 This volume contains a bibliography of the research on the Dead Sea Scrolls published during the last 25 years and as such it provides scholars with an indispensable tool for further research Although originally planned as a continuation of B Jongeling's *A Classified Bibliography of the Finds of the Desert of Judah 1958 1969* the materials are presented in a different way in order to avoid unnecessary duplications of entries Each bibliographical entry is alphabetically listed in the first part of the book and is provided with an identification number which allows for multiple classifications The second part offers a sophisticated classification of the materials by themes topics and key words but also by manuscript numbers and titles of the compositions as well as by authors *Old Testament Theology* Walter Brueggemann, Brevard S. Childs, 2023-04-18 For Brueggemann the Old Testament is an invitation to explore the rich pluralism and diversity of Israel's testimony of faith in Yahweh the central figure of the Old Testament This faith was expressed in a core testimony of nouns verbs and adjectives that characterized God But Brueggemann also sees a counter testimony which quarrels and puts the core testimony to test For Childs the Old Testament is an invitation to consider the deep unity and coherence of Israel's faith as found in the canon Childs explores the sweeping canonical role of each of the individual canonical witnesses to discover a symphony of concord Here in one place the positions of Brueggemann and Childs are contrasted and compared , *Hosea-Jonah, Volume 31* Douglas Stuart, 2017-10-10 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation This series emphasizes a thorough analysis of textual linguistic structural and theological evidence The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor the seminary or university student the working minister and everyone concerned with building

Witnessing the Disaster Michael Bernard-Donals, Richard Glejzer, 2003-12-15 Witnessing the Disaster examines how histories films stories and novels memorials and museums and survivor testimonies involve problems of witnessing how do those who survived and those who lived long after the Holocaust make clear to us what happened How can we distinguish between more and less authentic accounts Are histories more adequate descriptors of the horror than narrative Does the susceptibility of survivor accounts to faulty memory and the vestiges of trauma make them any more or less useful as instruments of witness And how do we authenticate their accuracy without giving those who deny the Holocaust a small but dangerous foothold These essayists aim to move past the notion that the Holocaust as an event defies representation They look at specific cases of Holocaust representation and consider their effect their structure their authenticity and the kind of knowledge they produce Taken together they consider the tension between history and memory the vexed problem of eyewitness testimony and its status as evidence and the ethical imperatives of Holocaust representation

Like Salt for Bread. The Jews of Bosnia and Herzegovina Francine Friedman, 2021-11-22 This book is the only comprehensive treatment in any language of a rather exotic Balkan Jewish community It places the Jewish community of Bosnia and Herzegovina into the context of the Jewish world but also of the world within which it existed for around five hundred years under various empires and regimes The Bosnian Jews might have remained a mostly unknown community to the rest of the world had it not played a unique role within the Bosnian Wars of the early 1990s providing humanitarian aid to its neighbor Serbs Croats and Muslims Watch Francine Friedman's presentation on The Jews of Bosnia and Herzegovina
