

St. Patrick

Feast Day, March 17
The Patron Saint of Ireland

St. Patrick was born 387 A.D. and died March 17, 461 A.D.

Though he was never officially canonized, early Christians declared him a saint in Heaven.

Patrick led a difficult life but his faith in God never wavered. When he was a young teenager, he was kidnapped by Irish pirates and forced into slavery, which he later wrote drove him closer to God. He prayed often during his captivity, and he remained a slave until his early twenties, when he received a dream from God telling him his freedom awaited. In the dream he was led to the coast, so when he awoke, he escaped and ran to the docks where he found a ship that took him safely home to Britain.

He was reunited with his family and continued his religious studies until he was ordained a bishop. In his memoir, Patrick wrote of a vision he received in which the "Voice of the Irish" called to him and led him to spread the Gospel of God in Ireland. While preaching, he famously used the shamrock to teach about the Blessed Trinity.

Though there are many stories about what happened when Patrick preached in Ireland. Although some are likely just stories, others are likely rooted in fact. All these stories agree that Patrick was able to spread the Word of God to Ireland and built many churches. After spreading the Good News throughout Ireland for 40 years, Patrick passed away at Saul, the first Irish church he built.

The Irish nation has remained faithful to the Church for centuries, her monasteries serving as a repository of knowledge, and her scholars among the greatest. After Patrick, the nation continues to be a source of pride and blessing for millions.

ST. PATRICK'S BREAST PLATE PRAYER (183 AD)

Christ be with me, Christ within me
Christ behind me, Christ before me
Christ beside me, Christ to win me
Christ to comfort me and restore me.
Christ beneath me, Christ above me
Christ in quiet, Christ in danger
Christ in hearts of all that love me
Christ in mouth of friend or stranger.

Studies On The Life Legend Of St Patrick:

Studies on the Life and Legend of St. Patrick Ludwig Bieler, 1986 *The Saints' Lives of Jocelin of Furness* Helen Birkett, 2010 First comprehensive study of four important medieval saints lives setting them in their political and ecclesiastical context Jocelin of Furness fl 1175x1214 the Cistercian hagiographer composed four substantial and significant saints lives varying widely in both subject and patron they offer a rich corpus of medieval hagiographical writing Jocelin's Vita S Patricii and Vita S Kentegerni provide updated versions of each saint's legend and are carefully adapted to reflect the interests of their respective patrons in Ireland and Scotland The Vita S Helenae was probably commissioned by a female community in England it represents an idealized narrative mirror of its early thirteenth century context In contrast the Vita S Waldevi was written to promote the formal canonization of a new saint Waltheof d 1159 abbot of the Cistercian house of Melrose in the Scottish borders This is the first full length study of the Lives It combines detailed analyses of the composition of the texts with study of their patronage audiences and contemporary contexts and it provides new insights into Jocelin's works and the writing of hagiography in the period Dr HELEN BIRKETT is Lecturer in Medieval History University of Exeter

Saint Patrick David N. Dumville, D. N. Dumville, 1999-04-29 Extremely scholarly and contains many important studies impossible to do justice to the depth of scholarship which is on display here BRITANNIA Anyone working on Britain and Ireland in the fifth century should pay close attention MEDIEVAL ARCHAEOLOGY A fascinating work which sheds light on a number of dark corners EARLY MEDIEVAL EUROPE St Patrick's place in Irish history is celebrated but is also the subject of intense controversy even as to his death Although the 1500th anniversary of that event was originally celebrated in 1961 there is every reason to think the death date of 461 unsustainable This collection of essays commemorates a different date 17 March 493 and takes stock of other difficult issues which require reassessment These include Patrick's own account of his career his impassioned apologia pro uita sua and the later Irish sources which may not reveal much about Patrick but possibly contain material about Palladius sent from Rome in AD 431 as first bishop for Irish Christians the invention of two Patricks seems to belong at the latest to the 8th century and may be a reflex of a 7th century conflation of the careers of Palladius and Patrick The continuing mediaeval development of the legend and cult of St Patrick and a wide variety of other associated historical and literary historical issues are also explored DAVID DUMVILLE is Professor of Palaeography and Cultural History University of Cambridge and Fellow of Girton College **Transcending Mission** Michael W. Stroope, 2017-02-28 Is the language of mission clearly evident across the broad reaches of time Or has the modern missionary enterprise distorted our view of the past Michael Stroope investigates how the modern church has come to understand speak of and engage in the global expansion of Christianity offering a hopeful way forward in this pressing conversation **Conversing with Angels and Ancients** Joseph Falaky Nagy, 2018-09-05 How does a written literature come into being within an oral culture and how does such a literature achieve and maintain its authority Joseph Falaky Nagy addresses those issues in his wide ranging

reading of the medieval literature of Ireland from the writings of St Patrick to the epic tales about the warrior C Chulainn. These texts written in both Latin and Irish constitute an adventurous and productive experiment in staging confrontations between the written and the spoken, the Christian and the pagan. The early Irish literati, primarily clerics living within a monastic milieu, produced literature that included saints' lives, heroic sagas, law tracts, and other genres. They sought to invest their literature with an authority different from that of the traditions from which they borrowed, native and foreign. To achieve this goal, they cast many of their texts as the outcome of momentous dialogues between saints and angelic messengers or remarkable interviews with the dead who could reveal some insight from the past that needed to be rediscovered by forgetful contemporaries. Conversing with angels and ancients, medieval Irish writers boldly inscribed their visions of the past onto the new Christian order and its literature. Nagy includes portions of the original Latin and Irish texts that are not readily available to scholars, along with full translations.

The Course of Irish History T. W. Moody, F. X. Martin, Dermot Keogh, 2023-09-14. First published over forty years ago and now updated to cover the Celtic Tiger economic boom of the 2000s and subsequent worldwide recession, this new edition of a perennial bestseller interprets Irish history as a whole. Designed and written to be popular and authoritative, critical and balanced, it has been a core text in both Irish and American universities for decades. It has also proven to be an extremely popular book for casual readers with an interest in history and Irish affairs. Considered the definitive history among the Irish themselves, it is an essential text for anyone interested in the history of Ireland.

Early Christian Ireland T. M. Charles-Edwards, 2000-11-30. A fully documented history of Ireland and the Irish from the fifth to the ninth centuries.

Saint Patrick Thomas O'Loughlin, 2014-02-20. The only true apostle of Ireland who more or less converted the country, the single-handed or A Christian bishop from the embattled edge of a crumbling empire. All that can really be known of Patrick comes from his authentic writings, the Confession and the Epistola Address to the Soldiers of Coroticus. Thomas O'Loughlin's engaging yet scholarly reflections on these fifth-century texts lead us into a greater understanding of the mind of Patrick, the man, believer, and missionary.

Britain and Ireland, 900-1300 Brendan Smith, 1999-07-29. There is a growing interest in the history of relations between the English, Scottish, Welsh, and Irish as the United Kingdom and Ireland begin to construct new political arrangements and to become more fully integrated into Europe. This book brings together work on how these relations developed between 900 and 1300, a period crucial for the formation of national identities. The conquest of England by the Normans and the subsequent growth in English power required the inhabitants of Britain and Ireland to reassess their dealings with each other. Old ties were broken and new ones formed. Economic change, the influence of chivalry, the transmission of literary motifs, and questions of aristocratic identity are among the topics tackled here by leading scholars from Britain, Ireland, and North America. Little has been published hitherto on this subject, and the book marks a major contribution to a topic of lasting interest.

Who was Saint Patrick? E. A. Thompson, 1999. Those who want to know what manner of man Patrick was, something about the Roman world in which he

originated and the problems he faced among the Irish will find this book helpful and satisfactory Patrick is allowed to emerge from his own accounts And what an impressive figure he was TABLET Thompson has presented Patrician scholars with some intriguing new hypotheses in a field where hypotheses abound These have the virtue of relying solely on the only reliable source bearing on Patrick namely his own writings HISTORY Everyone knows of St Patrick but what do we know about him Simply that it was he who converted the Irish to Christianity The strange fact is that for two hundred years or so after his death although his name was remembered with respect everything else about him was forgotten E A Thompson pieces together the story of his life drawing his evidence from the only real clues that exist Patrick s own writings not from the later Lives He reveals him as coming from a well to do nominally Christian family in Britain being captured by Irish raiders and forced into slavery in Co Mayo converting to a most earnest Christianity and eventually escaping from Ireland to the fulfilment of his calling As a bishop he is shown to have been a man of profound originality and his writings his Confession and his Letter to Coroticus further display his character It is no surprise that a host of legends became attached to his name and the biography is completed with a look at some of those early legends
