Chinese Paintings from the Arthur M. Sackler Collection in New York and Princeton. [Compiled By] Marilyn and Shen Fu. The Art Museum, Princeton University, the Cleveland Museum of Art, the Los Angeles County Museum of Art, the Metropolitan Museum of Art, New York Princeton University (PRINCETON, N.J.). Art Museum, Marilyn FU (and FU (Shen)), Shen Fu, Arthur Mitchell SACKLER, Cleveland Museum of Art, Los Angeles County Museum of Art (LOS ANGELES), Metropolitan Museum of Art (New York, N.Y.), 1973* *Perspectives on Connoisseurship of Chinese Painting* Jason C. Kuo, 2008 This volume reflects on the fundamental issues in the theory and practice of connoisseurship of Chinese painting in particular and those of connoisseurship of art in general **Between Two Cultures** Wen Fong, Metropolitan Museum of Art (New York, N.Y.), 2001 The first comprehensive assemblage in the West of paintings on this subject the Robert H Ellsworth Collection comprises works in the classical Chinese medium of ink on paper and in the traditional formats of scrolls album leaves and fans BOOK JACKET *The Painter's Practice* James Cahill, 1994 His work fills in the hitherto unexplored social and economic contexts in which painters worked revealing the details of how painters in China actually made their living from the sixteenth century onward **The Arts of China** Michael Sullivan, 1977 Sullivan has thoroughly revised this classic history of Chinese art which covers the period from Neolithic times to the 1990s 224 photos 164 color illustrations 14 maps **The Painting of T'ang Yin** Anne De Coursey Clapp, 1991-11 This richly illustrated volume documents the art and fully examines the career of the sixteenth century Chinese master T ang Yin One of the four great painters of the middle Ming period the ambitious T ang Yin rose above the merchant class into which he was born to become a member of the elite scholarly circle in the city of Suchou Deprived by accident of his academic degrees and so forced to paint for a living T ang Yin became a social anomaly whose style of life cut across the conventions of his time His experiences throw into sharp relief the realities faced by a Chinese painter who was both elite Confucian scholar and professional painter Anne De Coursey Clapp s work also explores larger issues of Ming painting raised by the artist s turbulent career She describes the social and intellectual values exalted in Ming Suchou its system of patronage the contrast between the professional and amateur artist and the formative influence of twelfth century Sung dynasty styles on Suchou painters Clapp shows how T ang Yin s artistic inventions were made in the course of leading the revival of Sung dynasty styles in Suchou tracing T ang Yin s early studies of ancient and contemporary masters she describes how he reworked an antique style converting it into a vehicle of expression that reached fruition in a long series of fresh and powerful paintings of landscapes and birds and flowers In the process she revises the distorted version of middle Ming painting written by later Chinese art theorists to justify their own social and artistic values noting

especially the role of art patrons and their effect on artistic production Clapp analyzes the increasing currency of painting as a means of social exchange in ancient China In particular she identifies commemorative painting as a major genre of the later dynasties and explores the role it played in the oeuvres of professional masters with its humanistic implications for the Chinese view of the ideal scholarly man Her broad view of T ang Yin s career shows him divided between the professional and amateur camps of his time in landscape and figural subjects he was aligned with the professionals in flower subjects with the amateurs Clap argues that the uneven distribution of styles and genres between this master who was subject to the market and those who were independent of it suggests that T ang deliberately tried to expand the range of his paintings in order to appeal to buyers in the lower educational and social strata Illustrated by some of T ang Yin s most celebrated paintings and by some which are published for the first time her work is of tremendous importance to art literary and cultural historians of Ming China In this important work Anne de Coursey Clapp has drawn a clear picture of T ang Yin s life patronage relationships and contribution to the history of Chinese painting In the person of T ang Yin she has chosen an ideal focus around which to examine some of the misleading stereotypes which have distorted our understanding of Chinese painting since the seventeenth century Marked by analytical clarity and scrupulous scholarship her work is a welcome addition to the few works in English on individual Chinese artists Louise Yuhas Occidental College

Exhibiting Chinese Art in Asia Chui-fun Selina Ho, 2025-10-01 This volume examines the emerging exhibition complex on Chinese art in early twentieth century China and from the mid 1950s onwards the cultural politics involved in Asia with the exhibitions of traditional and modern Chinese art in Taiwan Japan Hong Kong and Singapore It also scrutinizes the curatorial practices that have influenced the interpretation and display of Chinese art amidst the advance of media technology and heritage engagement in the twenty first century Situated within ongoing debates on global art history the volume is inclusive of multiple geo cultural perspectives and the dynamic practices that relate art tradition or heritage to more universal spatiotemporal art experience and engagement It extends the understanding of exhibitions of Chinese art not only as multiple historical processes culturally and politically negotiated and contested by contending forces and diverse actors in the region but also as creative interventions to engage people around the globe in the present
