Studies in the Acts of the Apostles Rick Strelan,2020-03-12 This collection of essays is indicative of the years of research that the author has devoted to the Acts of the Apostles In a very easy style some of the intriguing episodes in Acts are understood through the lens of ancient literature and the worldview that is reflected in it The intention is to try and read them as an early Christian might have heard them even if from a modern perspective that reading appears quite strange It is hoped that the modern reader might be intrigued and even inspired to read Acts again and so to explore its strange events and people even more deeply More broadly such an exploration might lead to an appreciation that all writings that many Christians now hold as inspired and authoritative are deeply embedded in an ancient cultural context *The Early Church* David James Burrell,1897 *Studies of the Acts of the Apostles* Dennis Dinger,2013-11-19 Luke wrote this historical book of the Acts of the Apostles In it he covered the first thirty years of the early Christian church from Jesus Christ s ascension to heaven until Paul s arrival and ministry in Rome This history includes coverage of the day of Pentecost when the Holy Spirit was first given to believers through the ministries and travels of Peter Stephen Philip Paul Barnabas and Silas Details of early church practices are explained throughout the Acts Apart from Luke s history of the early church and the ministries of the apostles we would have missed the stories of the early development and spread of the church throughout the Eastern Mediterranean region This includes the ministry of Peter in and around Judaea and the ministry of Paul and companions throughout the lands of the present day Middle East Turkey Macedonia Greece Cyprus Crete Malta and Italy Studies in the Acts of the Apostles Benjamin Bloomfield Loomis,1896 **Experientia** Frances Flannery,Colleen Shantz,Rodney Alan Werline,2008 The Acts Of The Apostles Gerd Ludemann,2009-12-04 New Testament historian and author of *Jesus After 2000 Years* examines each individual section of Acts to detect whatever tradition may lie behind it offering a reasoned judgment on the historical value of every event and action described in this early Christian text **The Literary Guide to the Bible** Robert Alter, Frank Kermode,1990-09 Rediscover the incomparable literary richness and strength of a book that all of us live with an many of us live by An international team of renowned scholars assembled by two leading literary critics offers a book by book guide through the Old and New Testaments as well as general essays on the Bible as a whole providing an enticing reintroduction to a work that has shaped our language and thought for thousands of years *Studies in the Acts of the Apostles* William Robertson,1917 **The “We” Passages in the Acts of the Apostles** William S.
