Studies in the demonic in selected middle high German epics Rodney Fisher, 1974 *Studies in the Demonic in Selected Middle High German Epics* Rodney W. Fisher, 1974 **Studies in the Demonic in Selected Middle High German Epics**, 1974 **The Kaiserchronik** Alastair Matthews, 2012-07-26 This book presents a narratological analysis of the Kaiserchronik or chronicle of the emperors the first verse chronicle to have been written in any European vernacular language which provides an account of the Roman and Holy Roman emperors from the foundation of Rome to the eve of the Second Crusade Previous research has concentrated on the structure and sources of the work and emphasized its role as a Christian narrative of history but this study shows that the Kaiserchronik does not simply illustrate a didactic religious message it also provides an example of how story telling techniques in the vernacular were developed and explored in twelfth century Germany Four aspects of narrative are described time and space motivation perspective and narrative strands each of which is examined with reference to the story of a particular emperor Constantine the Great Charlemagne Otto the Great and Henry IV Rather than imposing a single analytical framework on the Kaiserchronik the book takes account of the fact that modern theory cannot always be applied directly to works from premodern periods it draws critically on a variety of approaches including those of Gérard Genette Boris Uspensky and Eberhard Lämmert Throughout the book the narrative techniques described are contextualized by means of comparisons with other texts in both Middle High German and Latin making clear the place of the Kaiserchronik as a literary narrative in the twelfth century *Wirnt Von Gravenberg's Wigalois* Neil Thomas, 2005 Reappraisal of Wirnt von Gravenberg's Wigalois showing how it confronts and takes issue with rather than simply imitating earlier German Arthurian romance **King Rother and His Bride** Thomas Kerth, 2010 A new view of King Rother in which not only the wooer but also his bride to be enacts a quest **Mary of Nemmegen** Raftery, 2024-03-04 Mary of Nemmegen an early sixteenth century English prose incunabula vividly relates a woman's temptation by the devil and her ultimate redemption It is closely related to the famous Dutch drama Mariken von Nieumeghen This modern edition includes an introduction illustrations notes and commentary with comparison of the English and Dutch texts *Bulletin bibliographique de la Société internationale arthurienne* International Arthurian Society, 1977 *The Dark Figure in Medieval German and Germanic Literature* Edward Haymes, Stephanie Cain Van D'Elden, 1986 **Erec** Hartmann Von Aue, 1982-12-01 As the earliest Arthurian verse novel in the German language Hartmann von Aue's Erec was highly influential not only on the many Arthurian works that followed but also on courtly narrative verse in general However his tale is of more than antiquarian interest Its subjects the individual in conflict with society and the destructive force of possessive love are modern and its language when transferred into prose is more direct and lucid than most contemporary writing Indeed it was the conviction that the story deserved a much larger audience than that of medieval scholars which inspired this translation the first into English
