Studies In The Pentateuch Supplements To Vetus Testamentum Vol 41:

The Fall and Sin Marguerite Shuster, 2004 The devastating evils of recent history have brought about renewed interest in the Christian doctrine of sin This volume explores with fresh insight and great seriousness the contemporary plausibility meaning and relevance of the biblical understanding of the Fall and its effects Marguerite Shuster argues that certain aspects of the traditional doctrine of the Fall including the belief that it took place in time and space cannot simply be set aside without serious consequences for our doctrine of God and our understanding of human identity dignity and responsibility She explores the nature and extent of sin and examines such problematic issues as degrees of sin and culpability Despite the seriousness with which Shuster treats these topics her discussion is not despairing but instead points to the redemption that God has accomplished in Christ Filled with contemporary allusions and completed with model sermons on the Fall and sin this volume is one of the best available studies of this key Christian doctrine Jesus' Blood and Righteousness Brian Vickers, 2010-10-26 The question of whether Paul teaches that Christ's righteousness is imputed to the believer has been debated for roughly four hundred years Some of the questions that arise are What is the connection between Adam and the rest of the human race How did Christ fulfill the role of the second or new Adam How can the ungodly stand before a righteous God In Jesus Blood and Righteousness Brian Vickers investigates the key Pauline texts linked historically to the topic of imputation Though Vickers spends a good deal of time on the particulars of each text he keeps one eye on the broader biblical horizon like any doctrine imputation must be investigated exegetically and synthetically This book and its conclusion that the imputation of Christ's righteousness is a legitimate and necessary synthesis of Paul's teaching is a valuable contribution to the ongoing debate on imputation Israel's Exodus in Transdisciplinary Perspective Thomas E. Levy, Thomas Schneider, William H.C. Propp, 2015-03-28 The Bible's grand narrative about Israel's Exodus from Egypt is central to Biblical religion Jewish Christian and Muslim identity and the formation of the academic disciplines studying the ancient Near East It has also been a pervasive theme in artistic and popular imagination Israel's Exodus in Transdisciplinary Perspective is a pioneering work surveying this tradition in unprecedented breadth combining archaeological discovery quantitative methodology and close literary reading Archaeologists Egyptologists Biblical Scholars Computer Scientists Geoscientists and other experts contribute their diverse approaches in a novel transdisciplinary consideration of ancient topography Egyptian and Near Eastern parallels to the Exodus story the historicity of the Exodus the interface of the Exodus question with archaeological fieldwork on emergent Israel the formation of biblical literature and the cultural memory of the Exodus in ancient Israel and beyond This edited volume contains research presented at the groundbreaking symposium Out of Egypt Israel's Exodus Between Text and Memory History and Imagination held in 2013 at the Qualcomm Institute of the University of California San Diego The combination of 44 contributions by an international group of scholars from diverse disciplines makes this the first such transdisciplinary study of ancient text and history In the original conference and with

this new volume revolutionary media such as a 3D immersive virtual reality environment impart innovative Exodus based research to a wider audience Out of archaeology ancient texts science and technology emerge an up to date picture of the Exodus for the 21st Century and a new standard for collaborative research The Birth Report Genre in the Hebrew Bible Timothy D. Finlay, 2005 Timothy D Finlay conducts a comprehensive analysis of all birth reports in the Hebrew Bible These passages include genealogies stories of annunciation to barren women and prophetic narratives The birth reports may be short but they contribute greatly to the plot BOOK JACKET **Congress Volume, Paris 1992** John Adney Emerton, 1995 The articles collected in this volume cover a wide range of subject concerned with the Old Testament They were originally read at a Congress in Paris of the International Organization for the Study of the Old Testament in July 1992 *Rhetoric and Redaction in Trito-Isaiah* Paul Allan Smith, 1995 This study develops a whole series of new proposals concerning the structure growth authorship and historical background of Isaiah 56 66 by using insights drawn from rhetorical and stylistic criticism

A Theological Introduction to the Pentateuch Richard S. Briggs, Joel N. Lohr, 2012-03 This useful textbook explores the theological dimensions of the Pentateuch and provides examples of critically engaged theological interpretation **The Ugaritic Baal Cycle** Mark S. Smith, 1994 This volume provides a lengthy introduction and detailed translation and commentary for the first two tablets of the Baal Cycle which witnesses to both the religious worldview of Ugarit and many of the formative religious concepts and images in the Bible **The Jewish Manumission Inscriptions of the Bosphorus Kingdom** Elizabeth Leigh Gibson, 1999 E Leigh Gibson analyses a little known group of Greek inscriptions that record the manumission of slaves in synagogues located on the hellenized north shore of the Black Sea in the first three centuries of the common era Through a comparison of this corpus with manumission inscriptions from elsewhere in the Greco Roman world and an analysis of Greco Roman Judaism's own interaction with slavery she assesses the degree to which the Black Sea Jewish community adopted classical traditions of manumissions In so doing she tests the often repeated assumption that these Jewish communities developed idiosyncratic slave practices under the influence of biblical injunctions regarding Israelite ownership of slaves More generally she reconsiders the extent of Jewish isolation from or interaction with Greco Roman culture Against the backdrop of Greek manumission inscriptions the Jewish manumissions of the Bosphoran Kingdom are unremarkable they follow the basic outlines of Greek manumission formulae A review of Greco Roman Jewish sources demonstrates that biblical precepts on slaveholding were not implemented even if they were still admired One element of the manumissions the ongoing obligation required of the slaves is somewhat enigmatic and possibly indicates that the Bosphoran Jewish community indeed had distinctive manumission practices These obligations have been commonly interpreted as requiring the slave to participate in the religious life of the community as a condition of his manumission and possibly his concurrent conversion A close analysis of the clause reveals a more straightforward interpretation the obligation was a kind of paramone clause a common feature of Greek manumission inscriptions E Leigh Gibson demonstrates that the Jews of this

region incorporated Greek manumission practices into their communal life The execution of private legal contract with the community of Jews as witness in turn suggests that the wider Bosporan community extended respect and recognition to its local Jewish community

Genesis Abraham Kuruvilla, 2014-02-17 Genesis A Theological Commentary for Preachers engages hermeneutics for preaching employing theological exegesis that enables the preacher to utilize all the narrative units of the book to craft effective sermons This commentary unpacks the crucial link between Scripture and application the theology of each preaching text i e what the author is doing with what he is saying Genesis is thus divided into thirty five narrative units and the theological focus of each is delineated The overall theological trajectory theme of the book divine blessing creating for blessing Gen 1 11 moving towards blessing Gen 12 24 experiencing the blessing Gen 25 36 and being a blessing Gen 37 50 is thus progressively developed The specificity of these theological ideas for their respective texts makes possible a sequential homiletical movement through each pericope of the book enabling the expositor to discover valid application for sermons While the primary goal of the commentary is to take the preacher from text to theology it also provides two sermon outlines for each of the thirty five units of Genesis The unique approach of this work results in a theology for preaching commentary that promises to be useful for anyone teaching through Genesis with an emphasis on application
