Abegg, 2002 Composed at the end of the editorial process this volume provides a general overview of and introduction to the thirty eight volumes of the Discoveries in the Judaean Desert series published from 1951 onwards by Oxford University Press It contains a general description of the series and its editorial principles as well as different indexes several lists of the texts found in the Judaean desert a list of scribal notations annotated lists of internal overlaps and parallels the texts found in the Judaean desert arranged by their presumed dates and a concordance of the proper names **The Exegetical Texts** Jonathan Goodson Campbell, 2004-01-01 Jonathan G Campbell provides an introduction to eight sectarian manuscripts from among the Qumran Dead Sea Scrolls that can loosely be called the Exegetical Texts He examines their contents background genre and significance and he provides a history of the relevant research The Exegetical Texts constitute a particularly diverse strand of sectarian compositions among the Qumran Dead Sea Scrolls For this reason the eight documents are treated in turn in more or less equal measure with two introductory chapters to set the scene and a conclusion drawing the discussion to a close Each chapter can be read either alone in its own right or together with the others to gain a broader picture In order to encourage the reader to encounter the relevant Qumran documents firsthand extensive listings of editions

Werrett, 2007 As the first comprehensive study on the concept of ritual purity in the Dead Sea Scrolls since the full publication of the legal material from Qumran this book offers a detailed examination of the purity material from Qumran through a diachronic lens *John the Baptizer and Prophet* Robert L. Webb, 2006-10-01 This volume a revised version of a doctoral dissertation submitted to the University of Sheffield in 1990 places John the Baptist within his first century Jewish context by exploring his public roles and activities as a baptizer and a prophet as they would have been understood within the sociohistorical context of Second Temple Judaism After surveying the relevant traditions concerning John the Baptist in particular Josephus canonical Gospels and extracanonical sources the volume turns to the use of ablutions and immersions in the Hebrew Bible in Second Temple Jewish literature and especially in the Qumran literature In light of this context several functions of John s baptism are proposed both in continuity with his context and in distinction from it Then Webb explores John s role as a prophet in two respects First after surveying the expectation of eschatological figures of judgment and restoration in the Hebrew Bible and Second Temple Jewish literature John s own proclamation of a coming one is understood as describing Yahweh s coming to judge and restore but through an unspecified human agent Second in light of the varieties of prophetic figures in the Second Temple period John is best understood as a popular prophet who uses the symbolic event of the people s baptism in the Jordan River and their return home to symbolize not only their entrance into the true remnant Israel but also their entrance into the Promised Land When this symbolic activity is placed alongside John s prophetic critique of Herod Antipas and of Herod s marriage the social and political implications of this critique become evident The symbolic activity and strong critique led to the Baptist s death under Herod Antipas *Tides of the desert - Gezeiten der Wüste* Jennerstrasse 8, 2002-01-01
