Enlightenment and Emancipation Susan Manning, Peter France, 2006 The Enlightenment has been represented in radically opposing ways on the one hand as the throwing off of the chains of superstition custom and usurped authority on the other hand in the Romantic period but also more recently as what Michel Foucault termed the great confinement in which mind forged manacles imprison the free and irrational spirit The debate about the Enlightenment project remains a topical one which can still arouse fierce passions This collection of essays by distinguished scholars from various disciplines addresses the central question Was Enlightenment a force for emancipation Their responses working from within and frequently across the disciplinary lines of history political science economics music literature aesthetics art history and film reveal unsuspected connections and divergences even between well known figures and texts In their turn the essays suggest the need for further inquiry in areas that turn out to be very far from closed The volume considers major writings in unusual juxtaposition highlights new figures of importance and demonstrates familiar texts to embody strange implications Publisher's website *The Eighteenth Century*, 1974 **Sanitary Reform in Victorian Britain, Part I Vol 2** Michelle

Allen-Emerson, Tina Young Choi, Christopher S Hamlin, 2021-12-24 Sanitary reform was one of the great debates of the nineteenth century This reset edition makes available a modern edited collection of rare documents specifically addressing sanitary reform An extensive general introduction sets the material in context and extends the debate to provide a contemporary international perspective *Emilie Du Chatelet* Judith P. Zinsser, 2007-11-27 The captivating biography of the French aristocrat who balanced the demands of her society with passionate affairs of the heart and a brilliant life of the mind Although today she is best known for her fifteen year liaison with Voltaire Gabrielle Emilie le Tonnelier de Breteuil Marquise Du Chatelet 1706 1749 was more than a great man's mistress After marrying a marquis at the age of eighteen she proceeded to fulfill the prescribed and delightfully frivolous role of a French noblewoman of her time But she also challenged it

conducting a highly visible affair with a commoner writing philosophical works and translating Newton's *Principia* while pregnant by a younger lover With the sweep of Galileo's Daughter Emilie Du Châtelet captures the charm glamour and brilliance of this magnetic woman *The Eighteenth-century French Novel* Vivienne Mylne, 1970 *Athens on Trial* Jennifer T. Roberts, 2011-10-23 The Classical Athenians were the first to articulate and implement the notion that ordinary citizens of no particular affluence or education could make responsible political decisions For this reason reactions to Athenian democracy have long provided a prime Rorschach test for political thought Whether praising Athens's government as the legitimizing ancestor of modern democracies or condemning it as mob rule commentators throughout history have revealed much about their own notions of politics and society In this book Jennifer Roberts charts responses to Athenian democracy from Athens itself through the twentieth century exploring a debate that touches upon historiography ethics political science anthropology sociology philosophy gender studies and educational theory **The Adam Smith Review: Volume 9** Fonna Forman, 2016-09-19 Adam Smith's contribution to economics is well recognised but in recent years scholars have been exploring anew the multidisciplinary nature of his works The Adam Smith Review is a rigorously refereed annual review that provides a unique forum for interdisciplinary debate on all aspects of Adam Smith's works his place in history and the significance of his writings to the modern world It is aimed at facilitating debate between scholars working across the humanities and social sciences thus emulating the reach of the Enlightenment world which Smith helped to shape This ninth volume brings together leading scholars from across several disciplines to consider topics as diverse as Smith's work in the context of scholars such as Immanuel Kant Yan Fu and David Hume Smith as the father of modern economics and Smith's views on education and trade This volume also has a particular focus on Asia and includes a section that presents articles from leading scholars from the region
