The Life of Wisdom in Rousseau's "Reveries of the Solitary Walker" Thomas L. Pangle, 2023-04-15 The Life of Wisdom in Rousseau's *Reveries of the Solitary Walker* is the first complete exegesis and interpretation of Rousseau's final and culminating work showing its full philosophic and moral teaching. The *Reveries* has been celebrated as a work of literature that is an acknowledged acme of French prose writing. Thomas L. Pangle argues that this aesthetic appreciation necessitates an in-depth interpretation of the writing's complex and multileveled intended teaching about the normatively best way of life and how essential this is for a work that was initially bewildering. Rousseau stands out among modern political philosophers in that he restored to political philosophy what Socrates and his students from Plato and Xenophon through Aristotle and the Stoics and Cicero had made central and that the previous modern Enlightenment philosophers had eclipsed the study of the life and soul of the exemplary independent sage as possessor of human wisdom. Rousseau made this again the supreme theme and source of norms for political philosophy and for humanity's moral as well as civic existence. In his analysis of *The Reveries*, Pangle uncovers Rousseau's most profound exploration and articulation of his own life, personality, soul, and thought as the man of nature enlightened by reason. He describes in Rousseau's final work the fullest embodiment of the experiential wisdom from which flows and to which points Rousseau's political and moral philosophy, his theology, and his musical and literary art.

French Theatre in the Neo-classical Era, 1550-1789 William D. Howarth, 1997-06-05 This 1997 book covers the period which saw the establishment in France of a centralized official theatre, not only the Comédie Française, the first national theatre, but an Italian theatre and a state opera. The often subversive independent theatres are also discussed. Nearly 1,000 documents deal with censorship and other aspects of external control, company management, the acting profession, dramatic theory and criticism, theatre architecture, settings and costumes, audience composition and behaviour. Over 120 pictorial documents, architectural drawings, technical engravings, frontispieces, portraits, etc., provide a visual dimension where relevant. A full linking narrative and a copious bibliography help to make this an important reference work and a valuable research tool.

Human Nature, Cultural Diversity, and the French Enlightenment Henry Vyverberg, 1989-08-17 In this work Henry Vyverberg traces the evolution and consequences of a crucial idea in French Enlightenment thought: the idea of human nature. Human nature was commonly seen as a broadly universal, unchanging entity, though perhaps modifiable by geographical, social, and historical factors. Enlightenment empiricism suggested a degree of cultural diversity that has often been underestimated in studies of the age. Evidence here is drawn from Diderot's celebrated *Encyclopedia* and from a vast range of writing by such Enlightenment notables as Voltaire, Rousseau, and d'Holbach. Vyverberg explains not only the age's undoubted fascination with uniformity in human nature but also its acknowledgment of significant limitations on that uniformity. He shows that although the Enlightenment's historical sense was often blinkered by its notions of a uniform human nature, there were also cracks in this concept that developed during

the Enlightenment itself *Travellers in Eighteenth Century Europe* Julie Peakman, 2025-01-16 Travellers in Eighteenth Century Europe is an edited collection with contributions by leading scholars brought together by a prolific author with expertise in eighteenth century culture The Grand Tour was considered a part of the education of a young gentleman Travellers included blossoming scholars poets writers and scientists Visits were made to Greece and Italy via France and Switzerland often taking in Turkey But women also traveled extensively though these accounts have been under explored The book will examine first hand accounts of the impact of foreign travel on both women and men seen through their letters travel diaries journals and their creative response in poems music and art Its originality is seen in its exploration of a comparison between the views of women and men abroad and the differences in what they deemed interesting and worthy of comment The book is especially relevant in light of the many past and current xenophobic views of the foreigner Here we more often see travellers viewing their experience of otherness and exoticism in a positive light a cultural appreciation rather than a cultural appropriation This book examines how men and women saw these new worlds opening up before them what delighted them what influenced them and their interaction with others in the light of domesticity antiquity politics work science sex and friendships **Textual Studies and the Enlarged Eighteenth Century** Kevin L.
