## Study In Karma A:

**A Study in Karma** Annie Besant, 2016-08-24 The main conception of karma As a man soweth so shall he also reap is easy to grasp But the application of this to daily life in detail the method of its working and its far reaching consequences these are the difficulties which become more bewildering to the student as his knowledge increases The principles on which any natural science is based are for the most part readily intelligible to people of fair intelligence and ordinary education but as the student passes from principles to practice from outline to details he discovers that difficulties press upon him and if he would wholly master his subject he finds himself compelled to become a specialist and to devote long periods to the unraveling of the tangles which confront him So is it also with this science of karma the student cannot remain always in the domain of generalities he must study the subdivisions of the primary law must seek to apply it in all the circumstances of life must learn how far it binds and how freedom becomes possible He must learn to see in karma a universal law of nature and learn also as in face of nature as a whole that conquest of and rule over her can only be gained by obedience **A Study in Karma** Annie Besant, 1917 **Karma and a Study in Karma** Annie Besant, 2018-10-21 Collected together in this one volume are both of Annie Besant's seminal works on the subject of Karma Karma and A Study in Karma These books are suitable for both a beginning student of Theosophy and for those more advanced in their studies explaining the subject of karma in simple exposition that goes way beyond the simple concept of reaping the harvest of what you sow *A Study in Karma* Annie Besant, 2019-08-12 The main conception of karma As a man soweth so shall he also reap is easy to grasp But the application of this to daily life in detail the method of its working and its far reaching consequences these are the difficulties which become more bewildering to the student as his knowledge increases The principles on which any natural science is based are for the most part readily intelligible to people of fair intelligence and ordinary education but as the student passes from principles to practice from outline to details he discovers that difficulties press upon him and if he would wholly master his subject he finds himself compelled to become a specialist and to devote long periods to the unraveling of the tangles which confront him So is it also with this science of karma the student cannot remain always in the domain of generalities he must study the subdivisions of the primary law must seek to apply it in all the circumstances of life must learn how far it binds and how freedom becomes possible He must learn to see in karma a universal law of nature and learn also as in face of nature as a whole that conquest of and rule over her can only be gained by obedience **A Study in Karma** Annie W. Besant, 2005 *Karmic Relationships* Rudolf Steiner, 1955 This Volume from the Karmic Relationship series focuses on human experiences after death and before a new birth karma in world history the cosmic nature of Christ waking dreaming sleeping and the physical effects of karma **The American Theosophist**, 1912 **Karma** Jerome A. Anderson, 1896 *The Theosophist*, 1909 *Bhagavad Gita - Pure - A Comprehensive Study without Sectarian Contamination* Swami Saurabhnath, 2017-12-05 This book is a comprehensive study of Srimad Bhagavad Gita with each verse translated and

explained separately Meaning of all Sanskrit words is also provided In this book one can find the essence of Gita explained in simple language When I first studied Bhagavad Gita I found it difficult to understand and later found contradictions in commentaries of different authors Sanskrit language is very flexible and different authors of different sects have tried to bend Bhagavad Gita according to their own tradition I do not claim that I am the only authority to comment on Gita but in this book I have tried to study the verses of Gita according to my spiritual experience I hope readers will find this study of Gita as easy to understand and yet expressing the right meaning This study does not oppose any other commentary but at the same time tries not to contaminate Bhagavad Gita according to any sect Saurabh For interesting articles about spiritual topics visit my website [www.saurabhnath.com](http://www.saurabhnath.com)
