The ^AFading Light of Advaita Acarya Rebecca J. Manring, 2011-08-17 Rebecca J Manring offers a hagiographical treatment of Advaita Acarya a fifteenth century leader in a new devotional school of Vaisnavism She uses the Bengali material as a case study of how to read and understand hagiographical literature **Manuscript, Print and Memory** Eva Maria Wilden, 2014-11-10 The ancient Tamil poetic corpus of the Ca am The Academy is a national treasure for Tamilians and a battle ground for linguists and historians of politics culture and literature Going back to oral predecessors probably dating back to the beginning of the first millennium it has had an extremely rich and variegated history Collected into anthologies and endowed with literary theories and voluminous commentaries it became the centre piece of the Tamil literary canon associated with the royal court of the Pandya dynasty in Madurai Its decline began in the late middle ages and by the late 17th century it had fallen into near oblivion before being rediscovered at the beginning of the print era The present study traces the complex historical process of its transmission over some 2000 years using and documenting a wide range of sources in particular surviving manuscripts the early prints the commentaries of the literary and grammatical traditions and a vast range of later literature that creates a web of inter textual references and quotations *The Ubiquitous Siva Volume II* John Nemec, 2021 This is a sequel to a volume published in 2011 by OUP under the title The Ubiquitous iva Som nanda s ivad i and his Tantric Interlocutors The first volume offered an introduction critical edition and annotated translation of the first three chapters of the ivad i of Som nanda along with its principal commentary the ivad iv tti written by Utpaladeva It dealt primarily with aiva theology and the religious views of competing esoteric traditions The present volume presents the fourth chapter of the ivad i and ivad iv tti and addresses a fresh set of issues that engage a distinct family of opposing schools and authors of mainstream Indian philosophical traditions In this fourth chapter Som nanda and Utpaladeva engage logical

and philosophical works that exerted tremendous influence in the Indian subcontinent in its premodernity Among the authors and schools addressed by Som nanda in this chapter are the Buddhist Epistemologists and Dharmak rti in particular the Hindu school of hermeneutics i e the M m s the Hindu realist schools of the logic and debate oriented Ny ya and their ontologically oriented partners the Vai e ika and the Hindu dualist S khya and Yoga schools Throughout this chapter Som nanda endeavors to explain his brand of aivism philosophically Som nanda challenges his philosophical interlocutors with a single over arching argument he suggests that their views cannot cohere they cannot be explained logically unless their authors accept the aiva non duality for which he advocates The argument he offers despite its historical influence remains virtually unstudied The Ubiquitous iva Volume II offers the first English translation of Chapter Four of the ivad i and ivad iv tti along with an introduction and critical edition

The History of the Buddha's Relic Shrine Parākrama Paṇḍita, Stephen C. Berkwitz, 2007 Buddhist chronicles have long been had a central place in the study of Buddhism Scholars however have relied almost exclusively on Pali works that were composed by elites for learned audiences to the neglect of a large number of Buddhist histories written in local languages for popular consumption The Sinhala Thupavamsa composed by Parakama Pandita in thirteenth century Sri Lanka is an important example of a Buddhist chronicle written in the vernacular Sinhala language Furthermore it is among those works that inform public discussion and debate over the place of Buddhism in the Sri Lankan nation state and the role of Buddhist monks in contemporary politics In this book Stephen Berkwitz offers the first complete English translation of the Sinhala Thupavamsa Composed in a literary dialect of Sinhala it contains a richly descriptive account of how Buddhism spread outside of India replete with poetic embellishments and interpolations not found in other accounts of those events Aside from being an important literary work the Sinhala Thupavamsa is a text of considerable historical and religious significance It comprises several narrative strands that relate the life story of the Buddha and the manner in which Buddhist teachings and institutions were established on the island of Sri Lanka in ancient times The central focus of this work concerns the variety of

relics associated with the historical Buddha particularly how the relics were acquired and the presumed benefits of venerating them The text also relates the mythological history of the Buddha s previous lives as a bodhisattva and concludes with a prediction about the future Buddha Maitreya Reflection on Buddhist ethics and instruction on the Dharma or the Buddha s teaching are found throughout the work indicating that this historical narrative was meant both to recall the past and give rise to religious practice among contemporary readers and listeners This new translation makes a significant work more widely accessible in the West and adds to our knowledge of how local Buddhist communities imagined and represented their religious and cultural heritages in written works

Disorienting Dharma Emily T. Hudson, 2013 This book explores the relationship between ethics aesthetics and religion in classical Indian literature and literary theory by focusing on one of the most celebrated and enigmatic texts to emerge from the Sanskrit epic tradition the Mahabharata This text which is widely acknowledged to be one of the most important sources for the study of South Asian religious social and political thought is a foundational text of the Hindu tradition s and considered to be a major transmitter of dharma moral social and religious duty perhaps the single most important concept in the history of Indian religions However in spite of two centuries of Euro American scholarship on the epic basic questions concerning precisely how the epic is communicating its ideas about dharma and precisely what it is saying about it are still being explored Disorienting Dharma brings to bear a variety of interpretive lenses Sanskrit literary theory reader response theory and narrative ethics to examine these issues One of the first book length studies to explore the subject from the lens of Indian aesthetics it argues that such a perspective yields startling new insights into the nature of the depiction of dharma in the epic through bringing to light one of the principle narrative tensions of the epic the vexed relationship between dharma and suffering In addition it seeks to make the Mahabharata interesting and accessible to a wider audience by demonstrating how reading the Mahabharata perhaps the most harrowing story in world literature is a fascinating disorienting and ultimately transformative experience
