Dudarenok, 2023-03-20 While the hype surrounding the metaverse has waned its importance from a tech perspective hasn't  
This book will help all those who have wondered what a metaverse is what it's for how much it's worth which companies are  
creating it which countries are ahead of the game and how businesses are using metaverses and Web3 This book is for  
brands that want to understand the next iteration of the internet how to use it now and in the future to connect with  
customers and how to future proof your business There are different perceptions of and approaches to the metaverse and  
Web3 in different countries This book helps you to understand those differences and the impact they may have on your  
company QUOTES FROM THE BOOK The metaverse is the next iteration of the internet we have been building for the last 40  
years but in a 3D realm vs the text picture and video web we have today When it arrives in the next 5 10 years it will  
encompass all facets of our lives from school to work to play and everything in between And from now to then there will be  
many rocky roads as the world and China figure out how to actually build such a solution and all the rules needed to properly  
operate it Alvin Wang Graylin China President Global VP of Corporate Development at HTC Some people believe there should  
be one metaverse where many virtual worlds exist inside that one mega metaverse But this is the most idealized version of  
how society or the internet operates Judging by what tech companies are doing at this early stage it's clear that they want to  
keep their walled gardens up for as long as they can Nina Xiang Author of Parallel Metaverses New revenue streams and  
business models present a whole new level of possibility for brands to reach their customers and fans It's not just about  
monetary conversions It's another touchpoint and becomes a layer of experiential reimagined and immersive experience to  
further enhance a brand's story Co creation and community activation will play a significant role in delivering to the
