different reactions of normal children towards disabled peers the failings of the medical approach to disability love sex adolescence and disability the relationship between children and handicapped adults The penultimate chapter is concerned with an evaluation of picture books and quasi fiction for younger children This book will be of interest to students of disability studies pedagogy and literature **The Elementary School Library Collection** ,1998 *Elementary School Library Collection* Linda L. Homa,Ann L. Schreck,Maureen Hoebener,1998
