Tales of Idolized Boys Sachi Schmidt-Hori,2021-06-30 In medieval Japan 14th 16th centuries it was customary for elite families to entrust their young sons to the care of renowned Buddhist priests from whom they received a premier education in Buddhist scriptures poetry music and dance When the boys reached adolescence some underwent coming of age rites others entered the priesthood and several extended their education becoming chigo or Buddhist acolytes

Chigo served their masters as personal attendants and as sexual partners During religious ceremonies adorned in colorful robes their faces made up and hair styled in long ponytails they entertained local donors and pilgrims with music and dance Stories of acolytes chigo monogatari from the fourteenth to sixteenth centuries form the basis of the present volume an original and detailed literary analysis of six tales coupled with a thorough examination of the sociopolitical religious and cultural matrices that produced these texts Sachi Schmidt Hori begins by delineating various dimensions of chigo the chigo title personal names gender sexuality class politics and religiosity to show the complexity of this cultural construct the chigo as a triply liminal figure who is neither male nor female child nor adult human nor deity A modern reception history of chigo monogatari follows revealing not surprisingly that the tales have often been interpreted through cultural paradigms rooted in historical moments and worldviews far removed from the original From the 1950s to 1980s research on chigo was hindered by widespread homophobic prejudice More recently aversion to the age gap in historical master acolyte relations has prevented scholars from analyzing the religious and political messages underlying the genre Schmidt Hori s work calls for a shift in the hermeneutic strategies applied to chigo and chigo monogatari and puts forth both a nuanced historicization of social constructs such as gender sexuality age and agency and a mode of reading propelled by curiosity and introspection

Japanese Folk Stories and Fairy Tales Various Authors,2020-09-28 A beautiful princess lived in Inaba She was called the Princess of Yakami and was the loveliest princess in all the land Her skin was like velvet her hair was dark as night and her eyes were as bright and soft as the stars She was sweet as well as fair but willful and when they said Fair Princess you must marry she replied The time has not yet come I see nowhere in Inaba the man who may be my lord At this the court was in despair The Princess would not marry until she was quite ready that the counselors knew They had not counseled the little pretty willful princess for nothing Had the king her father lived it might have been different but he was long since gone and the queen mother could do no more with the princess than could the wise men of the kingdom Early in her life the princess had learned that there was just one thing she could say which no one could answer She had only to look very sweetly at whoever was trying to persuade her to do something and then with a dainty little smile say simply But I don t want to That was all No one not even the wisest of the counselors had ever found an answer to that It was a strange state of affairs for all the little princesses before had been gentle and sweet and had done just what they were told The counselors at length proclaimed that all young men of proper age and rank should present themselves for the princess to look at and see if she liked any of them well enough to marry The news of this quickly spread everywhere It was no time at all before the road to Yakami was seen crowded with youths There were youths tall and short fat and thin handsome and ugly and each hoped he would be the favored suitor Among others there came eighty one brothers each of whom had seen the picture of the princess and wished to win her These brothers were of noble family but the youngest was the only one who was really noble He was as brave as Yosutum Eighty of the brothers were ugly and jealous of one another It seemed as if they could agree upon nothing in all the world except treating the youngest meanly They despised him because he was so good and gentle and never rude or quarrelsome The eighty first brother never complained He tried to please his brothers and when he found that he could not he stayed away from them as

far as possible When therefore they went to wait on the princess he lingered at the back of the train for his brothers scoffed at him and made him carry their burdens as if he had been a servant The eighty brothers went proudly ahead As they toiled up a mountain side they came upon a poor little hare stretched out upon the grass All his fur had been pulled out and he was ill and wretched Let me tell you what will cure you said one of the brothers with a wicked laugh to his companions Go down to the sea bathe yourself in the salt water and then run to the top of the hill The Wind God of the hilltop will cure you and your fur will grow again Thank you noble prince said the hare and as the eighty brothers turned away laughing he hurried to the sea shore Alas the salt water hurt his tender skin and the sun and wind burned him so that he cried out with pain The eighty first brother trudging along with his brothers bundles heard the cry and hurried to see if some one was hurt Poor little fellow he said pityingly What is the matter Your voice is kind your face is kind and I feel that you have a kind heart said the hare Perhaps you can help me if I tell you my story I will gladly do so if I can said the eighty first brother I was born in the Isle of Oki said the hare When I grew up I longed to see the world but I knew not how to reach the mainland After a long time however I thought of a way Great numbers of crocodiles were in the habit of coming to the beach to sun themselves One day I said to them boastfully There are more hares in Oki than crocodiles in the sea Not so said one of the crocodiles there are a great many more crocodiles Let us count I answered and then both will be satisfied I can count all of you crocodiles very easily You have only to form a line from here to Cape Kita and let the nose of one be at the tail of another and I will run lightly across on your backs and count as I go Then we shall know how many crocodiles there are But how shall we know about the hares asked a crocodile Oh that we can decide later I answered So they did as I had said They formed in a line and I ran across Their broad backs made a good bridge but alas why did I not know enough to hold my tongue As I jumped from the last crocodile to the bank I cried I have fooled you well I don t care how many crocodiles there are I only used you as a bridge to reach the mainland But just as I said this the last monster grabbed me with his teeth and tore off all my fur
