Cuchulain, the Hound of Ulster, 1911 The World of the Irish Wonder Tale Elliott B. Gose, Jr., 1985-12-15

Fairy tales are a rich element of childhood in many cultures around the world. But in Ireland where they are known as wonder tales these stories of magic and enchantment are not restricted to young audiences. Irish wonder tales are told to adults. So that the modern reader can fully appreciate them Gose provides an interdisciplinary overview. He identifies a number of approaches: psychological, anthropological, structural, comparative, and typological.

The Essential Táin Bó Cúailnge and Other Stories from the Ulster Cycle Matthieu Boyd, 2025-09-04

T in B Cúailnge frequently referred to as the T in is one of the most important works of medieval Irish literature and has been called the national epic of Ireland. This new judiciously abridged translation of the T in renders the text in an approachable colloquial style that nevertheless maintains enough accuracy to support close reading. This edition also contextualizes the T in itself with numerous selections from the rest of the so-called Ulster Cycle, the related body of legends about the characters of the T in including accounts of their origins and their deaths. Also included are a full introduction, extensive footnotes drawing on the most recent scholarship on the T in that provide clarifications, explanations, and background information, four maps showing the sites of major events in the epic, and a series of character trees to help readers keep track of the T in's large cast of characters and their often complex interrelationships among other valuable resources.

The Mabinogi, and Other Medieval Welsh Tales Patrick K. Ford, 1977

The title Mabinogi refers to the first four stories in this collection of tales from Welsh tradition. They are best known as the Four Branches of the Mabinogi and comprise the tales of Pwyll, Branwen, Manawydan, and Math. The remaining stories also spring from the same tree and together they form a collection that comprises the core of the ancient Welsh mythological cycle. They are also among the best the medieval Celtic literature has to offer. In the first thoroughly revised edition and translation of this world classic since Lady Charlotte Guest's famous Mabinogion went out of print, Mr. Ford has endeavored to present a scholarly document in readable modern English. Basing his criteria on the latest scholarship in myth, he includes only those stories that have remained unadulterated by the influence of the French Arthurian romances. These are in addition to the Four Branches, the tale of Culhwch and Olwen which is rooted in the mythological origins of Arthur seen here in his role of divine hunter in pursuit of the swine god Lludd, and Lleuwllo which reaches beyond its immediate Celtic sources into ancient Indo-European ideologies, and the long unavailable Tale of Taliesin which offers insights into Celtic concepts of the archetypal poet-seer and the acquisition of Divine Wisdom.

Two Death Tales from the Ulster Cycle, 1981

The Triumph of the Sea Gods Steven Sora, 2007-06-19 An investigation of the geographical incongruities in Homer's epics locates Troy on the coast of Iberia in a conflict that changed history. Cites the rise in sea level in 1200 B.C. as leading to the invasion and victory of the Atlantean sea people over the goddess worshipping Trojans who ruled the coasts. Identifies Troia/Troy as part of a tri-city area that later became Lisbon, Portugal. In *The Triumph of the Sea Gods*, Steven Sora argues compellingly that Homer's tales do not describe adventures in the Mediterranean but are adaptations of Celtic myths that chronicle an Atlantic coastal war that took place off the Iberian Peninsula around 1200 B.C. It was a war between the pro-goddess Celtic culture that presided over what is now Portugal and the patriarchal culture of the sea-faring Atlanteans. The invasion of the Atlantean sea peoples brought destruction to the entire region stretching from Western Europe's Atlantic border to Egypt, Syria, and Turkey. This was a turning point not only politically but also spiritually. The goddess became demonized as seen in myths such as Pandora's Box in which woman was seen as the source of evil, not the origin of life. And Homer's tale of the epic Greek and Trojan war, which was triggered by the abduction of a woman, is the actual historical struggle described in Homer's stories. Sora explains it occurred during what was the last in a series of rises in sea level that inundated various land masses, Atlantis, and permitted sea passage to areas previously accessible only by land. The Sea Gods Atlanteans attacked the tri-city region of Troia/Troy near present-day Lisbon, which shortly thereafter fell victim to a devastating series of seaquakes and tsunamis. The war and the subsequent destructive weather broke the power of this seaboard civilization, leading to a wholesale invasion by the sea peoples and the rapid decline of the region's goddess worshipping culture that had reigned there since Neolithic times. Sora shows how Homer's tales allow the modern world to glimpse this ancient conflict which has been obscured for centuries.

Folk Tales of Old Europe John Weeks, 2024-08-16 Be transported from the peat bogs of Connemara to the limestone caves of Slovenia and from the Norwegian coast to the Lazio region of Italy. Along the way, meet a German beachcomber, a blacksmith from France, and a Polish priest. These retellings of old tales include the familiar cast of giants, fairies, and ogres. Magic weaves around them in a talking wind, a flying toad, and a shape-shifting goat. But like every retelling, it changes the tales. Each one is grounded in a real landscape with the features and the creatures distinctive to it. And each one reveals something of the history and culture of the land of its setting. The collection builds a celebration of Europe in the days before modernity banished its mystery and magic. Front cover: Loch an Eilan.

The Prose Literature of the Gaelic Revival, 1881-1921 Philip O'Leary, 2005-07-20 The Gaelic Revival has long fascinated scholars of political history, nationalism, literature, and theater history, yet studies of the period have neglected a significant dimension of Ireland's evolution into nationhood: the cultural crusades mounted by those who believed in the centrality of the Irish language to the emergent Irish state. This book attempts to remedy that deficiency and to present the lively debates within the language movement in their full complexity, citing documents such as editorials, columns, speeches, letters, and literary works that were influential at the time but all too often were published only in Irish or

were difficult to access Cautiously employing the terms nativist and progressive for the turnings inward and toward the European continent manifested in different authors this study examines the strengths and weaknesses of contrasting positions on the major issues confronting the language movement Moving from the early collecting or retelling of folklore through the search for heroes in early Irish history to the reworking of ancient Irish literary materials by retelling it in modern vernacular Irish O Leary addresses the many debates and questions concerning Irish writing of the period His study is a model for inquiries into the kind of linguistic literary movement that arises during intense nationalism *Tales Until Dawn* Joe Neil MacNeil, 1987 Joe Neil MacNeil holds in his memory a wealth of Gaelic folktales learned in his youth in Cape Breton For over a decade he has told his tales to John Shaw a specialist in Celtic folklore and fluent speaker of Gaelic Shaw has recorded transcribed edited and translated the tales and folklore into English This rich and entertaining collection is the result of their collaboration Folktales anecdotes proverbs expressions rhymes superstitions and games are presented in translation and in the cloth edition in the original as well All variations of the genre are represented a fragment from the Ulster cycle some items from the Fenian cycle hero and wonder tales fairy and witch lore romantic tales tales of the exemplum type tales of cleverness numbskull stories animal tales and tall tales **(Re)Oralisierung** Hildegard L.
