The Publishers' Circular and Booksellers' Record, 1921 *Countryside Tales from "Blackwood."* Blackwood's Magazine, 1947 *The Undiscovered Country* Melek Ortabasi, 2020-05-11 Yanagita Kunio 1875-1962 was a public intellectual who played a pivotal role in shaping modern Japan's cultural identity A self-taught folk scholar and elite bureaucrat he promoted folk studies in Japan So extensive was his role that he has been compared with the fabled Grimm Brothers of Germany and the great British folklorist James G Frazer 1854-1941 author of *The Golden Bough* This monograph is only the second book-length English language examination of Yanagita and it is the first analysis that moves beyond a biographical account of his pioneering work in folk studies An eccentric but insightful critic of Japan's rush to modernize Yanagita offers a compelling array of rebuttals to mainstream social and political trends in his carefully crafted writings Through a close reading of Yanagita's interdisciplinary texts which comment on a wide range of key cultural issues that characterized the first half of Japan's twentieth century Melek Ortabasi seeks to reevaluate the historical significance of his work Ortabasi's inquiry simultaneously exposes discursively some of the fundamental assumptions we embrace about modernity and national identity in Japan and elsewhere

Tales of the Country Brian Viner, 2005 Brian Viner and his family had enjoyed much about their nice little middle class patch of north London but gradually realised they were suffering from a severe case of metropause the desire to swap the hassles of London life for the serenity of the countryside After a long search they found the house of their dreams in rural Herefordshire But is country life all it's cracked up to be More importantly where does one go to get a decent cappuccino A Year in Provence with less sunshine but more laughs **TALES OF THE COUNTRY** is a wonderfully entertaining and heart-warming account of the Viners' adjustment from town to country Focusing on their first year in Herefordshire and the attendant misadventures with mice ponies and septic tanks not to mention some sceptical locals it is a terrific blend of humour and memoir

Writing Home: Representations of the Native Place in Modern Japanese Literature Stephen Dodd, 2020-03-17 This book examines the development of Japanese literature depicting the native place *furusato* from the mid Meiji period through the late 1930s as a way of articulating the uprootedness and sense of loss many experienced as Japan modernized The 1890s witnessed the appearance of fictional works describing a city dweller who returns to his native place where he reflects on the evils of urban life and the idyllic past of his childhood home The book concentrates on four authors who typify this trend Kunikida Doppo Shimazaki T son Sat Haruo and Shiga Naoya All four writers may be understood as trying to make sense of contemporary Japan Their works reflect their engagement with the social intellectual economic and technological discourses that created a network of shared experience among people of a similar age This common experience allows the author to chart how these writers' works contributed to the general debate over Japanese national identity in this period By exploring the links between *furusato* literature and the theme of national identity he shows

that the debate over a common language that might transparently express the modern experience helped shape a variety of literary forms used to present the native place as a distinctly Japanese experience *A Country Called Childhood* Jay Griffiths, 2015-11-10 While traveling the world in order to write her award winning book Wild Jay Griffiths became increasingly aware of the huge differences in how childhood is experienced in various cultures One central riddle in particular captured her imagination why are so many children in Euro American cultures unhappy and why is it that children in traditional cultures seem happier In *A Country Called Childhood* Griffiths seeks to discover why we deny our children the freedoms of space time and the natural world Visiting communities as far apart as West Papua and the Arctic as well as the UK and delving into history philosophy language and literature she explores how children's affinity for nature is an essential and universal element of childhood It is a journey deep into the heart of what it means to be a child and it is central to all our experiences young and old **Country Clergyman and His Work** Herbert James, 1890 **Below the Surface.
