Therefore words introduced into our language since his time have been as far as possible avoided. In those tales which have been taken from the Tragedies, the young readers will perceive when they come to see the source from which these stories are derived that Shakespeare's own words with little alteration recur very frequently in the narrative as well as in the dialogue. But in those made from the Comedies, the writers found themselves scarcely ever able to turn his words into the narrative form; therefore it is feared that in them dialogue has been made use of too frequently for young people not accustomed to the dramatic form.
