kind has been completely updated for the new millennium. It contains hundreds of new entries, many expanded descriptions and notations of additional companion and related titles, more than 1,700 in all. The best loved classics of the twentieth century are included as well as a thoughtful selection of outstanding titles from the last decade. Six sections are organized according to reading level: Wordless Picture Story, Early Reading, Middle Reading, and Young Adult. In addition to a summary of the book, each entry provides the essential bibliographic information you need to find a book in your local library or bookstore, including title, author, and/or illustrator, hardcover and/or paperback, publisher, and publication year, major awards, related titles. The unique and most popular feature of the guide is its system of special indexes, more than sixty in all. They make it easy for parents and grandparents, teachers and librarians, even children themselves to match the right book to the right child. Browse through the indexes and find titles for every interest and mood: picture books about cats, mice, or dinosaurs for babies; funny books to read aloud to toddlers; series about family life or school or fantasy adventures for a middle grade child; books on divorce or death and coming of age novels just right for someone starting junior high school. There are also indexes for books about minorities and religion, an age appropriate reading level index, and much more. Lavishly decorated with more than three hundred illustrations from representative titles, the guide also features extra wide margins for notes on which of your children liked which book, at what age, and why. Thus the guide becomes a family reading record as well as an invaluable resource you'll use again and again.

Story Time Success Katie Fitzgerald, 2016-06-23. Story time is a popular activity in public libraries. Unfortunately, many librarians and not just children's librarians are thrust into the role of providing this service; have not taken a course or had the necessary experience of performing story times. Story times are so popular that they are now offered to children of many ages, not just to preschoolers. This book will help librarians who have never done story time to learn to promote, plan, and perform story times, and will be useful to experienced librarians to build on their story time repertoires. Because story times are essential components of library service to children and in such demand in many libraries, even librarians who have never done story time before are being asked to step into that role. **Story Time Success: A Practical Guide for Librarians** is a comprehensive handbook which can help any librarian learn to promote, plan, and perform story times, even with no prior training or experience. Key elements include: Customizable planning templates; Hints for choosing appropriate books and other materials; Suggestions for overcoming performance anxiety; Troubleshooting for common story time problems and pitfalls; Evaluation rubrics for performers and supervisors. Veterans and beginners alike will find many useful pointers for establishing and improving their story time skills and repertoires.
