Overland Monthly Bret Harte, 1917 **The Ambivalent Art of Katherine Anne Porter** Mary Titus, 2012-02-01 During a life that spanned ninety years Katherine Anne Porter 1890-1980 witnessed dramatic and intensely debated changes in the gender roles of American women Mary Titus draws upon unpublished Porter papers as well as newly available editions of her early fiction poetry and reviews to trace Porter's shifting and complex response to those cultural changes Titus shows how Porter explored her own ambivalence about gender and creativity for she experienced firsthand a remarkable range of ideas concerning female sexuality These included the Victorian attitudes of the grandmother who raised her the sexual license of revolutionary Mexico 1920s New York and 1930s Paris and the conservative ordered attitudes of the Agrarians

Throughout Porter's long career writes Titus she repeatedly probed cultural arguments about female creativity a woman's maternal legacy romantic love and sexual identity always with startling acuity and often with painful ambivalence Much of her writing then serves as a medium for what Titus terms Porter's gender thinking her sustained examination of the interrelated issues of art gender and identity Porter says Titus rebelled against her upbringing yet never relinquished the belief that her work as an artist was somehow unnatural a turn away from the essential identity of woman as the repository of life as childbearer In her life Porter increasingly played a highly feminized public role as southern lady but in her writing she continued to engage changing representations of female identity and sexuality This is an important new study of the tensions and ambivalence inscribed in Porter's fiction as well as the vocational anxiety and gender performance of her actual life

Supporting Diversity and Inclusion with Story Lyn

Ford, Sherry Norfolk, 2020-02-06 Today's increasingly interconnected and globalized world demands that students be taught to appreciate human diversity and recognize universally held values and beliefs. Authentic culturally based folktales can lay the foundation for this cultural understanding. Professional storytellers like editors Sherry Norfolk and Lyn Ford are deeply committed to bringing people together through story. In this book they have identified a group of culturally diverse storytellers whose carefully researched tales authentically reflect the cultures from which they come. The book includes well-crafted culturally authentic folktales contributed by storytellers of varying cultures and ethnicities. Commentaries from the contributors follow each tale reflecting on the story and its significance to the culture it represents. Sets of questions for teachers and librarians also accompany each story to facilitate discussion. Teachers, librarians, and information specialists find that stories engage students' attention and empathy. The commentaries provide insights into the significance of cultural norms, customs, and beliefs represented in the story, and the discussion questions and guides help them drill down with students to achieve deeper understanding. Resource lists of additional relevant materials at the end of each section promote continued learning.

Dinner Talk Shoshana Blum-Kulka, 2012-12-06 Dinner Talk draws upon the recorded dinner conversations of and extensive interviews with native Israeli American, Israeli, and Jewish American middle class families to explore the cultural styles of sociability and socialization in family discourse. The thesis developed is that family dinners in Western middle class homes fulfill important functions of sociability for all participants and at the same time serve as crucial sites of socialization for children through language and for language use. The book demonstrates the way talk at dinner constructs, reflects, and invokes familial, social, and cultural identities and provides social support for easing the passage of children into adult discourse worlds. Family discourse at dinner emerges as a particularly rich site for discursive socialization and a highly meaningful enactment of sociable behavior in culturally patterned ways. Although all the families studied have a common Eastern European background, Israeli and Jewish American families are shown to differ extensively in their interactional styles in ways that enact historically different community-related interpretations of the dialectics of continuity and change. Native Israeli American, Israeli, and Jewish American families differ culturally in the ways they negotiate issues of power, independence, and involvement through various speech activities such as the choice and initiation of topics, conversational story telling, naming practices, metapragmatic discourse, politeness strategies, and in immigrant bilingual families, language choice and code switching. Dinner Talk demonstrates the unique interactional style of each of the groups, linking the observed communication patterns to the ideological, sociocultural, and historical contexts of their respective communities. This innovative study of family discourse from a cross-cultural perspective will appeal to students and specialists in sociolinguistics, communication, anthropology, child language, and family and Jewish studies, as well as to all interested in patterns of communication within families.
