Akenson, 2018-08-14 Apocalyptic millennialism is one of the most powerful strands in evangelical Christianity It is not a single belief but across many powerful evangelical groups there is general adhesion to faith in the physical return of Jesus in the Second Coming the affirmation of a Rapture heavenward of saved believers a millennium of peace under the rule of Jesus and his saints and eventually a final judgement and entry into deep eternity In *Discovering the End of Time* 2016 Donald Harman Akenson traced the emergence of the primary packaging of modern apocalyptic millennialism back to southern Ireland in the 1820s and 30s In *Exporting the Rapture* he documents for the first time how the complex theological

construction that has come to dominate modern evangelical thought was enshrouded in an organizational system that made it exportable from the British Isles to North America and subsequently around the world. A key figure in this process was John Nelson Darby who was at first a formative influence on evangelical apocalypticism in Ireland then the volatile central figure in Brethren apocalypticism throughout the British Isles and also a crusty but ultimately very successful missionary to the United States and Canada. Akenson emphasizes that as strong a personality as John Nelson Darby was the real story is that he became a vector for the transmission of a terrifically complex and highly seductive ideological system from the old world to the new. So beguiling, adaptable and compelling was the new Dispensational system that Darby injected into North American evangelicalism that it continued to spread logarithmically after his death. By the 1920s the system had become the doctrinal template of the fundamentalist branch of North American evangelicalism and the distinguishing characteristic of the bestselling Scofield Bible.

The New Cambridge History of the Bible: Volume 4, From 1750 to the Present John Riches, 2015-04-13 This volume examines the Bible's role in the modern world beginning with a treatment of its production and distribution that discusses publishers, printers, text critics and translators and continuing with a presentation of new methods of studying the text that have emerged including historical, literary, social, scientific, feminist, postcolonial, liberal and fundamentalist readings. There is a full discussion of the changes in understandings of and approaches to the Bible in various faith communities. The dissemination of the Bible throughout the globe has also produced a host of new interpretations and this volume provides a comprehensive geographical survey of its reception. In the final chapters the authors offer a thematic overview of the Bible in relation to literature, art, film, science and other disciplines. They demonstrate that in spite of challenges to the Bible's authority in western Europe it remains highly relevant and influential, not least in the Americas, Africa and Asia.

The Ministry of Jesus in Its Theological Significance Leonhard Goppelt, 1981 This is a print on demand book and is therefore non-returnable. This volume, the first of a two-volume work by Leonhard Goppelt, represents the most mature and comprehensive thought of this German New Testament scholar. Among German-speaking scholars it is distinguished as rivaling if not replacing the monumental work on New Testament theology by Rudolf Bultmann. A study of the life and ministry of Jesus, this volume makes a thoroughgoing application of the most reliable tools and insights of contemporary New Testament scholarship. Goppelt makes a critical examination of the sources for knowledge of the historical Jesus and maintains an ongoing conversation with the views of other interpreters. Although he sees his study as a qualified conversation between exegetical and systematic theology, his goal is always to come to terms with the intent of the New Testament authors without losing sight of Jesus' meaning for today. The major themes developed are the coming of the Kingdom of God, repentance and the ethical directives of Jesus, repentance as the gift of God's Kingdom, Jesus' ministry of healing and eschatological renewal, Jesus' self-understanding and the cross and resurrection. An appendix provides a history and shows the range of problems in New Testament theology. Here Goppelt also examines and evaluates the historical critical

historical positive and Heilsgeschichtliche approaches Each chapter includes a detailed bibliography in English and German
