global gold mining and exploration boom much bigger than the Gold Rush of the 1800s In Gold acclaimed author Matthew Hart takes you on an unforgettable journey around the world and through history to tell the incredible story of how gold became the world s most precious commodity Beginning with a page turning dispatch from the crime ridden dangerous inferno of the world s deepest mine Hart pulls back to survey gold s tempestuous past From the earliest civilizations 6 000 years ago when gold was an icon of sacred and kingly power Hart tracks its evolution through conquest murder and international mayhem into the speculative casino chip that the metal has become On this spellbinding journey the reader will witness the Spanish plunder of the New World a century of pillage that crushed the glittering Inca empire of the Andes and transferred its staggering wealth to Europe Hart describes each boom and bust in gold s long story each panic and shock with a masterful storytelling hand leading the reader to the present day to the London vaults that hold the multi ton hoards of such shadowy investors as the American gold fund called the Spider to the amazing gold rich bamboo forests of eastern Senegal and to the piratical carnival of theft that enlivens the world s greatest gold producing engine China With writing described as polished and fiery Publishers Weekly Hart weaves together history and cutthroat economics to reveal the human dramas that have driven our lust for a precious yellow metal
