"Marketing Art in the British Isles, 1700 to the Present " Charlotte Gould, 2017-07-05 A cultural history of the first truly modern art market Marketing Art in the British Isles 1700 to the Present furthers the burgeoning exploration of Britain s struggle to carve a niche for itself on the international art scene Bringing together scholars from the UK US Europe and Asia this collection sheds new light on such crucial notions as the internationalization of the art market the emergence of an increasingly complex exhibition culture issues of national rivalry and emulation artists individual and collective strategies for their own promotion and survival the persistent anti commercialism of an elite group of art lovers and critics and accusations of philistinism levelled at the middle classes as well as an unquestionable native British genius at reconciling jarring discourses Essays explore the unresolved tension between artistic aspirations and commercial interest a tension that has come to shape Britain s national artistic tradition from the perspectives of artists dealers and super collectors and the upwardly mobile middle classes whose consumerism gave rise to the British art market as it is known today Specific case studies include Whistler Roger Fry Damien Hirst and Charles Saatchi essays consider art markets from London and Manchester to Paris and Flanders **The Encyclopaedia Britannica** Hugh Chisholm, 1922 **The Netherlands: A History** Derek B. Lange, 2018-07-27 Here in this stirring vivid book historian Derek B Lange uses The Hague as the focal point for a sweeping panoramic history of the Netherlands One seventeenth century visitor called The Hague the mightiest

village in Europe an epithet that could still be used today to describe this seat of Dutch government and home to its royal family That same visitor also called it one of the most beautiful villages in Europe no less correct for the same circumstances that rendered The Hague mighty despite its size also rendered the Netherlands wealthy The Netherlands owed its vast riches to the sea and it used that wealth not only to attain power but also to attract artistic talent As the country came to be a leader on the world stage the so called Golden Age of the Netherlands encouraged the production of art and architecture of remarkable allure that is still on display today The history and people of this small country are explored through its rise to international prominence and then its development into one of the most tolerant and progressive countries in the world

Finlay,2004-01-01 *Force of Culture* examines Massey's notion of culture its conflicted roots in late nineteenth century and early twentieth century Canadian Protestant thought and Massey's transformation into a champion of culture as a bastion of Canadian sovereignty **Casa Loma** Matthew M. Reeve,Michael Windover,2023-09-01 Leading architect E J Lennox designed Casa Loma for the flamboyant Sir Henry Pellatt and Mary Lady Pellatt as an enormous castellated mansion that overlooked the booming metropolis of Toronto The first scholarly book dedicated to this Canadian landmark Casa Loma situates the famous house on the hill within Toronto's architectural urban and cultural history Casa Loma was not only an outsized home for the self appointed Lord Toronto but a statement of Canada's association with empire an assertion of the country's British legacy During and after the Pellatts occupation Casa Loma was a major landmark and it has since infiltrated the iconography and collective memory of the metropolis The reception of Casa Loma variously loved and abhorred by Torontonians reflects many of Toronto's major aspirations and anxieties about itself as a modern city Across ten chapters this

book charts the history of Casa Loma from the purchase of the estate atop Davenport Ridge in 1903 and its construction from 1906 through to its sale and the dispersal of its contents in 1924 its subsequent life as a hotel and finally its transformation into one of the city's major entertainment venues Casa Loma brings to light a wealth of hitherto unpublished archival images and documentation of the house's visual and material culture weaving together a textured account of the design use and life of this unique building over the course of the twentieth century
