Quentin Miller, 2016-02-12 The Routledge Introduction to African American Literature considers the key literary political historical and intellectual contexts of African American literature from its origins to the present and also provides students with an analysis of the most up to date literary trends and debates in African American literature This accessible and engaging guide covers a variety of essential topics such as Vernacular Oral and Blues Traditions in Literature Slave Narratives and Their Influence The Harlem Renaissance Mid twentieth century black American Literature Literature of the civil rights and Black Power era Contemporary African American Writing Key thematic and theoretical debates within the field Examining the relationship between the literature and its historical and sociopolitical contexts D Quentin Miller covers key authors and works as well as less canonical writers and themes including literature and music female authors intersectionality and transnational black writing

The Strangers Book Lloyd Pratt, 2016 The Strangers Book explores how various nineteenth century African American writers radically reframed the terms of humanism by redefining what it meant to be a stranger Rejecting the idea that humans have easy access to a common reserve of experiences and emotions they countered the notion that a person can use a supposed knowledge of human nature to claim full understanding of any

other person's life. Instead they posited that being a stranger, unknown and unknowable, was an essential part of the human condition. Affirming the unknown and unknowable differences between people as individuals and in groups laid the groundwork for an ethical and democratic society in which all persons could find a place. If everyone is a stranger, then no individual or class can lay claim to the characteristics that define who gets to be a human in political and public arenas. Lloyd Pratt focuses on nineteenth-century African American writing and publishing venues and practices such as the Colored National Convention movement and literary societies in Nantucket and New Orleans. Examining the writing of Frederick Douglass in tandem with that of the francophone free men of color who published the first anthology of African American poetry in 1845, he contends these authors were never interested in petitioning whites for sympathy or for recognition of their humanity. Instead they presented a moral imperative to develop practices of stranger humanism in order to forge personal and political connections based on mutually acknowledged and always evolving differences.

African American Literary Theory Winston Napier, 2000. African American Literary Theory is an extraordinary gift to literary studies. It is necessary, authoritative, and thorough. The timing of this book is superb. Karla F. C. Holloway, Duke University. The influence of African American literature can be attributed in no small part to the literary theorists gathered in this collection. This is a superb anthology that represents a diversity of voices and points of view and a much-needed historical retrospective of how African American literary theory has developed. Marlon B. Ross, University of Michigan. A volume of great conceptual significance and originality in its focus on the development of African American literary theory. Farah Jasmine Griffin, University of Pennsylvania. African American Literary Theory: A Reader is the first volume to document the central texts and arguments in African American literary theory from the 1920s through the present. As the volume progresses chronologically from the rise of a black aesthetic criticism through the Black Arts Movement, feminism, structuralism, and poststructuralism, and the rise of queer theory, it focuses on the key arguments, themes, and debates in each period. By constantly bringing attention to the larger political and cultural issues at stake in the interpretation of literary texts, the critics gathered here have contributed mightily to the prominence and popularity of African American literature in this country and abroad. African American Literary Theory provides a unique historical analysis of how these thinkers have shaped literary theory and literature at large and will be an indispensable text for the study of African American intellectual culture. What is African American Literature? Margo N. Crawford, 2020-12-21 After Kenneth W Warren's What Was African American Literature Margo N Crawford delivers What is African American Literature The idea of African American literature may be much more than literature written by authors who identify as Black What is African American Literature focuses on feeling as form in order to show that African American literature is an archive of feelings a tradition of the tension between uncontainable black affect and rigid historical structure Margo N Crawford argues that textual production of affect such as blush vibration shiver twitch and wink reveals that African American literature keeps reimagining a black collective nervous system Crawford foregrounds the idea of African American literature and uncovers the black feeling world co created by writers and readers Rejecting the notion that there are no formal lines separating African American literature and a broader American literary tradition Crawford contends that the distinguishing feature of African American literature is a moodscape that is as stable as electricity Presenting a fresh perspective on the affective atmosphere of African American literature this compelling text frames central questions around the idea of African American literature shows the limits of historicism in explaining the mood of African American literature and addresses textual production in the creation of the African American literary tradition Part of the acclaimed Wiley Blackwell Manifestos series What is African American Literature is a significant addition to scholarship in the field Professors and students of American literature African American literature and Black Studies will find this book an invaluable source of fresh perspectives and new insights on America's black literary tradition

The Concise Oxford Companion to African American Literature William L. Andrews, Frances Smith Foster, Trudier Harris, 2001-02-15 A breathtaking achievement this Concise Companion is a suitable crown to the astonishing production in African American literature and criticism that has swept over American literary studies in the last two decades It offers an enormous range of writers from Sojourner Truth to Frederick Douglass from Zora Neale Hurston to Ralph Ellison and from

Toni Morrison to August Wilson It contains entries on major works including synopses of novels such as Harriet Jacobs's *Incidents in the Life of a Slave Girl* Richard Wright's *Native Son* and Lorraine Hansberry's *A Raisin in the Sun* It also incorporates information on literary characters such as Bigger Thomas Coffin Ed Johnson Kunta Kinte Sula Peace as well as on character types such as Aunt Jemima Brer Rabbit John Henry Stackolee and the trickster Icons of black culture are addressed including vivid details about the lives of Muhammad Ali John Coltrane Marcus Garvey Jackie Robinson John Brown and Harriet Tubman Here too are general articles on poetry fiction and drama on autobiography slave narratives Sunday School literature and oratory as well as on a wide spectrum of related topics Compact yet thorough this handy volume gathers works from a vast array of sources from the black periodical press to women's clubs making it one of the most substantial guides available on the growing exciting world of African American literature [What Was African American Literature?](#) Kenneth W. Warren, 2011-01-03 Rather than contest other definitions Warren makes a clear and compelling case for understanding African American literature as creative and critical work written by black Americans within and against the strictures of Jim Crow America Within these parameters his book outlines protocols of reading that best make sense of the literary works produced by African American writers and critics over the first two thirds of the twentieth century

Each Hour Redeem Daylanne K. English, 2013-03-29 *Each Hour Redeem* advances a major reinterpretation of African American literature from the late eighteenth century to the present by demonstrating how its authors are centrally concerned with racially different experiences of time Daylanne K. English argues that from Phillis Wheatley to Suzan Lori Parks African American writers have depicted distinctive forms of temporality to challenge racial injustices supported by dominant ideas of time The first book to explore the representation of time throughout the African American literary canon *Each Hour Redeem* illuminates how the pervasive and potent tropes of timekeeping provide the basis for an overarching new understanding of the tradition Combining literary historical legal and philosophical approaches *Each Hour Redeem* examines a wide range of genres including poetry fiction drama slave narratives and other forms of nonfiction English shows that much of African American literature is characterized by strategic anachronism the use of prior literary forms to investigate contemporary political realities as seen in Walter Mosley's recent turn to hard-boiled detective fiction By contrast strategic presentism is exemplified in the Black Arts Movement and the Harlem Renaissance and their investment in contemporary political potentialities for example in Langston Hughes and Amiri Baraka's adaptation of the jazz of their eras for poetic form and content Overall the book effectively demonstrates how African American writers have employed multiple and complex conceptions of time not only to trace racial injustice but also to help construct a powerful literary tradition across the centuries *Representing the Race* Gene Andrew Jarrett, 2011-08-08 The political value of African American literature has long been a topic of great debate among American writers both black and white from Thomas Jefferson to Barack Obama In his compelling new book *Representing the Race* Gene Andrew Jarrett traces the genealogy of this topic in order to develop an

innovative political history of African American literature Jarrett examines texts of every sort pamphlets autobiographies cultural criticism poems short stories and novels to parse the myths of authenticity popular culture nationalism and militancy that have come to define African American political activism in recent decades He argues that unless we show the diverse and complex ways that African American literature has transformed society political myths will continue to limit our understanding of this intellectual tradition Cultural forums ranging from the printing press schools and conventions to parlors railroad cars and courtrooms provide the backdrop to this African American literary history while the foreground is replete with compelling stories from the debate over racial genius in early American history and the intellectual culture of racial politics after slavery to the tension between copyright law and free speech in contemporary African American culture to the political audacity of Barack Obama s creative writing Erudite yet accessible *Representing the Race* is a bold explanation of what s at stake in continuing to politicize African American literature in the new millennium **The**
