The Depths of the Sea Jamie Metzl, 2014-02-04 It's 1979 and Morgan O'Reilly, a dispirited CIA desk officer, is desperately trying to bury his memories. Sent to Cambodia as a Marine and then as a CIA operative during the Vietnam War, he had been given the unlikely task of pulling together a secret spy unit of orphaned street children. At the end of the war, he was only able to get one child out of the country: his surrogate son, Sophal. Years later, Sophal, now a CIA agent, disappears on a secret mission in the Cambodian refugee camps in Thailand. Tom Dillon, the dashing young superstar of the White House foreign policy staff, asks O'Reilly to find Sophal and bring him home. O'Reilly's search takes him deeper and deeper into the politics of the Thai-Cambodian border and finally into the deadly Khmer Rouge zone, a place where all foreigners are forbidden from entering and where cruelty and death are omnipresent. Filled with the fascinating workings of the refugee camps, the life-or-death politics of Washington DC, and the inner workings of the personalities that are drawn to such extreme circumstances, Jamie Metzl's *The Depths of the Sea* is a thriller that both entertains and educates.

Salt of the Earth Michael Wilson, 1978 This 1954 film, made in New Mexico by blacklisted Hollywood people and members of a progressive union, was denied distribution during the McCarthy era. The film documents an actual strike and is narrated by a Mexican American woman who grows in consciousness and effectiveness through her participation in the community struggle. With the publication of this book, the Feminist Press reprints Wilson's screenplay and introduces an original work by Deborah Silverton Rosenfelt, an analysis of the background, history, and significance of both the strike and the film. Based partly on recent interviews, Rosenfelt's work includes a discussion of the change in status of the women who took part in this strike for better conditions.

Inside, you will explore the meticulously crafted world of 2120, a corporate dystopia where five mega-corporations rule the planet and humanity is trapped between a ruthless past and an uncertain future. This book unearths the creative decisions that shaped the series from Hawley's artisanal filmmaking.
