God, Just Tell Me What to Do Michael Youssef,2014-08-01 The epistle of James is unusual in tone and content among the New Testament letters containing many moral precepts and challenging readers to seek godly wisdom on such topics as poverty and riches trials and temptation hearing and obeying the Word of God faith versus works taming the tongue friendship with the world versus friendship with God patience in suffering The wisdom of this letter speaks to us across the ages as every issue James addresses is as urgent and timely today as when he first wrote it For the person who wants to be wise time spent soaking up the wisdom of James the half brother of Jesus is time wisely spent *Federation Bulletin* ,1927 Get a Grip Douglas Weiss,2006 In this no nonsense relevant book Weiss helps readers identify and discern the sources of their worst behaviors Using stories case studies personal experience Scripture and anecdotes he makes strong points about emotional and psychological roots and the need for change **Elements of African Traditional Religion** Elia Shabani

Mlilo, 2013-08-02 African Traditional religion ATR is one of the world religions with a great people and a great past. It is embraced by Africans within and outside the continent despite the various ethnic religious practices and beliefs. This book highlights and discusses the common elements which introduce African Traditional Religion as one unified religion and not a collection of religions. The major focus of the book is discussing the need for studying ATR in twenty-first century Africa whereby globalization and multi-culture are prominent phenomena. Why should we study the religion of the African natives in this age? In response to this question, the book argues that since ATR is part of the African people's culture, there is a need to understand this cultural background in order to contextualize Christian theology. Using some illustrations from Nyumbanitu worship shrine located at Njombe in Tanzania, the book purports that there is a need to understand African people's worldview, their understanding of God, their religious values, symbols, and rituals in order to enhance meaningful dialogue between Christianity and African people's current worldview. In this case, the book is important for students of comparative religion in universities and colleges who strive to understand the various religions and their practices. Daily Bread of Life

Sheri DeLoach, 2017-08-15 Personal insights of how to enhance scripture into our daily life **Églises et santé dans le Tiers Monde. Hier et aujourd'hui** Jean Pirotte, Henri Derroitte, 2016-05-18 The fifteen papers presented here examine three centuries of close if sometimes ambiguous links between Christian mission and medicine. The authors, who include theologians, historians, sociologists, physicians, and representatives of major international health care organisations, address themselves to such questions as: How is one to assess the results of past missionary health care effort? How are modern-day Christian organisations to cope with the burden of institutions set up in the past? What links should the Churches maintain with official medical organisations? What position should the Churches take on the faith v healing debate begun by certain religious groups? And how is one to lay the groundwork of a theology of health and healing? The complexity of the issues outlined here can alas provide no easy answers. Quinze auteurs, compris théologiens, historiens, sociologues, médecins et responsables d'organisations sanitaires, ont centré leurs réflexions sur le rôle des églises chrétiennes dans le domaine de la santé, hier dans les pays de mission, aujourd'hui dans ces mêmes régions où se poursuit une véritable inculturation du christianisme. Dans cet ouvrage, ils abordent plusieurs questions fondamentales: comment valuer les résultats et lacunes de l'action sanitaire des missions dans le passé? Les communautés chrétiennes actuelles doivent-elles porter le poids d'institutions mises en place hier? Quels rapports les églises doivent-elles entretenir avec les organisations médicales officielles? Comment les églises se situent-elles dans la dialectique foi/guérison développée par certains groupes religieux? Plus profondément, comment poser les jalons d'une théologie de la santé et de la guérison? Trouver les réponses sur ces questions complexes, c'est une tâche très délicate.
