The Hearts Citadel And Other Poems:

Southern Writers Joseph M. Flora, Amber Vogel, 2006-06-21 This new edition of Southern Writers assumes its distinguished predecessor's place as the essential reference on literary artists of the American South. Broadly expanded and thoroughly revised, it boasts 604 entries, nearly double the earlier edition's, written by 264 scholars. For every figure, major and minor, from the venerable and canonical to the fresh and innovative, a biographical sketch and chronological list of published works provide comprehensive, concise, up-to-date information. Here, in one convenient source, are the South's novelists and short story writers, poets and dramatists, memoirists and essayists, journalists, scholars, and biographers from the colonial period to the twenty-first century. What constitutes a southern writer is always a matter for debate. Editors Joseph M. Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense. New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication, as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition, a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners, *Southern Writers* is an indispensable reference book for anyone intrigued by the subject.

Archibald Rutledge has long been recognized as one of the finest sporting scribes this country has ever produced. A prolific writer who specialized in stories on nature and hunting over the course of a long and prolific career, Rutledge produced more than fifty books of poetry and prose, held the position of South Carolina's poet laureate for thirty-three years, and garnered numerous honorary degrees and prizes for his writings. In this revised and expanded edition of *Bird Dog Days Wingshooting Ways*, noted outdoor writer Jim Casada draws together Rutledge's stories on the southern heartland: deer hunting, turkey hunting, and Carolina Christmas hunts and traditions. This collection, first published in 1998, turns to Rutledge's writings on two subjects near and dear to his heart that he understood with an intimacy growing out of a lifetime of experience: upland bird hunting and hunting dogs. Its contents range from delightful tales of quail and grouse hunts to pieces on special dogs and some of their traits. *Bird Dog Days Wingshooting Ways* also includes a long fictional piece, *The Odyssey of Bolio*, which shows that Rutledge's literary mastery extended beyond simple tales for outdoorsmen. *Catalog of Copyright Entries.
